Marston, John Paul Jones III**

Social Geographies:

Social Geographies Gill Valentine, 2014-06-06 Most social geography undergraduate textbooks are structured around different social categories splintering the discussion of gender class race and increasingly now sexuality and disability into separate chapters This has the effect firstly of making social relations rather than space the *raison d'être* of human geography the focus of undergraduate books secondly of ignoring the way that social relations are negotiated and contested in different space Rather than reproducing this conventional social geography format the aim of this proposed text is to make space the focus of analysis In doing so the intention is to make complex theoretical debates about space more accessible to students and encourage them to look at their own environments in new ways

Social Geographies Ruth Panelli, 2004-01-31 Providing students with the resources to understand both the theoretical and empirical approaches social geographers take when investigating social difference this text outlines key theoretical approaches and traces the core geographies of difference class gender race ethnicity and sexuality It concludes by showing how geographers work across these ideas of difference to understand questions of identity power and action Publisher

The SAGE Handbook of Social Geographies Susan J Smith, Rachel Pain, Sallie A Marston, John Paul Jones III, 2009-10-21 With clarity and confidence this vibrant volume summons up the social in geography in ways that will excite students and scholars alike Here the social is populated not only by society but by culture nature economy and politics Kay Anderson University of Western Sydney This is a remarkable collection full of intellectual gems It not only summarises the field of social geography and restates its importance but also produces a manifesto for how the field should look in the future Nigel Thrift Vice Chancellor University of Warwick The book aims to be accessible to students and specialists alike Its success lies in emphasizing the crossovers between geography and social studies The good editorial work is evident and the participating contributors are well established scholars in their respective fields Miron M Denan Geography Research Forum An excellent handbook that will attract a diversity of readers It will inspire undergraduate postgraduate students and stimulate lecturers researchers interested in the complexity and diversity of the social realm As the first of its kind in the sub discipline it is a book that is enjoyable to read and will definitely add value to a personal or library collection Michele Lobo New Zealand Geographer The social relations of difference from race and class to gender and inequality are at the heart of the concept of social geography This handbook reconsiders and redirects research in the discipline while examining the changing ideas of individuals and their relationship with structures of power Organised into five sections the SAGE Handbook of Social Geographies maps out the connections anchored in social geography Difference and Diversity builds on enduring ideas of the structuring of social relations and examines the ruptures and rifts and continuities and connections around social divisions Geographies and Social Economies rethinks the sociality subjectivity and placement of money markets price and value Geographies of Wellbeing builds from a foundation of work on the spaces of fear anxiety and disease towards newer concerns with

geographies of health resilience and contentment Geographies of Social Justice connects ideas through an examination of the possibilities and practicalities of normative theory and frames the central notion of Social geography that things always could and should be different Doing Social Geography is not exploring the how to of research but rather the entanglement of it with practicalities moralities and politics This will be an essential resource for academics researchers practitioners and postgraduates across human geography **Social Geographies** Ruth Panelli,2004-01-31 How do we describe ourselves Where have we do we will we live our lives Why are the differences between people a source of tension How can social change occur Social geography can assist in addressing these questions It provides ways of understanding and living in our contemporary world Providing students with the resources to understand both the theoretical and empirical approaches social geographers take when investigating social difference this text outlines key theoretical approaches and traces the core geographies of difference class gender race ethnicity and sexuality It concludes by showing how geographers work across these ideas of difference to understand questions of identity power and action Using illustrative examples from around the world Social Geographies includes Individual chapters on the main theoretical approaches to difference Individual chapters on the key concepts of identity power and action Reviews of the core literature with suggestions for further reading Biographies of key contemporary social geographers Glossary of key terms For students beginning human geography courses or in social geography modules this book is the essential primer **Social Geographies** Kath Browne,Dhiren Borisa,Mary Gilmartin,Niharika Banerjea,2024-04-24 Social Geographies The Basics introduces what social geography is and what it might be It outlines the key contours of social geographies and also disrupts some of the conventions of the discipline in both its content and structure This book approaches social geographies by beginning with the resistances contestations and solutions that communities use to challenge exclusions in place and space in order to create equitable societies It then addresses the inequalities precarities and problems that prompt these interventions This allows the book to emphasise the importance of activism in the here and now and to show how activism often makes issues visible and contested in ways that are then theorised by academics Social Geographies starts with solidarities communities and networks before moving to examine difference precarity and mobilities Each chapter offers key case studies that centre resistance contestations of inequitable power and local knowledges that can often be seen as solutions to national and transnational issues creating a decolonial understanding of social geography from below within and across national contexts This book is essential reading for undergraduate students and readers new to the area as well as anyone studying introductory geography social cultural and critical geography the spatial turn and issues of spatialities and key issues like precarity power difference equality and mobilities **Social Geographies** The Newcastle Social Geographies Collective,2020-10-19 Social geographies is a flourishing field that studies a diverse range of current social issues through a spatial lens Capturing a lively and dynamic area of scholarship this major textbook showcases the breadth of conceptual and empirical approaches that social

geographers use to understand the world we live in It is collectively authored by one of the largest groups of social geographers in the world The book develops a vision of social geographies that is rooted in longstanding commitments to justice equality and social change while incorporating new approaches topics and concerns It offers the most contemporary and comprehensive round up of social geographies to date making sense of its rich and diverse interests Its 34 chapters contain lively and accessible summaries of current research on familiar topics such as space and time race class housing and health and recent developments including digital worlds performance sustainability and food Above all this collection makes clear the enormous relevance and contributions of social geographies not only to our understanding of a wide range of global and local issues but also to working for change for a better world alongside communities policy makers and social movements

Social Geographies Gill Valentine, 2014-06-06 Most social geography undergraduate textbooks are structured around different social categories splintering the discussion of gender class race and increasingly now sexuality and disability into separate chapters This has the effect firstly of making social relations rather than space the *raison d'être* of human geography the focus of undergraduate books secondly of ignoring the way that social relations are negotiated and contested in different space Rather than reproducing this conventional social geography format the aim of this proposed text is to make space the focus of analysis In doing so the intention is to make complex theoretical debates about space more accessible to students and encourage them to look at their own environments in new ways
