work *Foundations of Futures Studies* is widely acknowledged as the fundamental work on the subject In Volume 2 Bell goes beyond possible and probable futures to the study of preferable futures He shows that concern with ethics morality and human values follows directly from the futurist purposes of discovering or inventing examining and proposing desirable futures He examines moral judgments as an inescapable aspect of all decision making and conscious action even in the everyday lives of ordinary people Now available in paperback with a new preface from the author Volume 2 of *Foundations of Futures Studies* moves beyond cultural relativism to critical evaluation Bell compares depictions of the good society by utopian writers describes objective methods of moral judgment assesses religion and law as sources of what is morally right documents the existence of universal human values and shows that if human beings are to thrive in the global society of the future some human values must be changed [Resource Materials for Community Mental Health Program Evaluation](#) ,1974

**Foundations of Futures Studies** Jose Valciukas,2017-07-05 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures It aims to demystify the future make possibilities for the future more known to us and increase human control over the future This book summarizes and expands contributions of futurists to the envisioning power and well being of humanity Bell brings together futurist intellectual tools describing and explaining not only the methods but also the nature concepts theories and exemplars of the field *Foundations of Futures Studies* fulfills Bell s five main purposes for writing this two volume effort 1 to show that futures studies like other fields from anthropology to zoology exists as an identifiable sphere of intellectual activity 2 to create a teaching instrument that can be used as a basic text for core courses in futures studies 3 to futurize the thinking of specialists in other disciplines 4 to contribute to the further development and improvement of futures studies and 5 to provide tools to empower both ordinary people and leaders to act in ways that create better futures for themselves and their societies Bell maintains that despite its sometimes doomsday rhetorical style and widespread use by special interests futures studies offers hope for the future of humanity and concrete ways of realizing that hope in the real world of our everyday lives It will appeal to all interested in futures studies as well as sociologists economists political scientists and historians *EPA-600/5* ,1974-02 [Dynamics of Culture](#) J. Zvi Namenwirth,Robert Philip Weber,2016-10-04 This book first published in 1987 is a landmark contribution to macrosociology that extends the tradition of Sorokin Durkheim Marx Weber and other founders of the discipline in new and exciting directions Using their innovative content analysis methodology to examine American and British political documents the authors show that the long term dynamics of culture are subject to their own laws and are independent of the actions of great men and other individual actors This comprehensive volume brings together over two decades of the authors research on culture indicators Key findings include the identification of two long term cultural cycles in the United States and Great Britain one is related to party realignments the other to long term economic fluctuations In addition the authors demonstrate how culture provides the themes that political parties use to interpret economic conditions in their appeal for votes Other

results show that organizational cultures move in opposite directions from those in the culture of the larger society The book also includes detailed discussions of both the methodology used to analyse text content and related metatheoretical issues in the study of cultural dynamics
