The Routledge Companion to Accounting and Risk Margaret Woods, Philip Linsley, 2017-03-27 To date there has been little consideration of the many different ways in which accounting and risk intersect despite organisations being more determined than ever to build resilience against potential risks This comprehensive volume overcomes this gap by providing an overview of the field drawing together current knowledge of risk in a wide range of different accounting contexts Key themes such as corporate governance trust uncertainty and climate change are covered by a global array of contributing scholars These contributions are divided into four areas The broader aspects of risk and risk management Risk in financial reporting Risk in management accounting Risk monitoring The book is supported by a series of illustrative case studies which help to bring together theory and practice With its wealth of examples and analyses this volume provides essential reading for students scholars and practitioners charged with understanding diverse facets of risk in the context of accounting in the business world

The New New Zealand William Edward Moneyhun, 2020-01-17 Today's New Zealand is an emerging paradigm for successful cultural relations Although the nation's Maori indigenous Polynesian and Pakeha colonial European populations of the 19th century were dramatically different and often at odds they are today co contributors to a vibrant society For more than a century they have been working out the kind of nation that engenders respect and well being and their interaction though often riddled with confrontation is finally bearing bicultural fruit By their model the encounter of diverse cultures does not require the surrender of one to the other rather it entails each expanding its own cultural categories in the light of the other The time is ripe to explore modern New Zealand's cultural dynamics for what we can learn about getting along The present anthropological work focuses on religion and related symbols forms of reciprocity the operation of power and the concept of culture in modern New Zealand society

Buying and Selling the Poor Siobhan O'Sullivan, Michael McGann, Mark Considine, 2021-12-01 Buying and Selling the Poor ventures behind the scenes of the multibillion dollar welfare to work system offering new insights into how Australia responds to unemployment and disadvantage As the authors tell the story of four local employment offices they paint a vivid picture of a critically

important social service which many people are aware of but which few properly understand They also reveal the wider impacts that processes of marketisation and welfare reform have had on these frontline services over decades and how the work of frontline staff and service providers has been transformed *Buying and Selling the Poor* looks closely at how these services operate why some succeed where others fail and what can be learned from the stories of staff and clients who have navigated the system Three decades into this market experiment how well are we doing in supporting our most vulnerable citizens to get back to work This revealing often heart wrenching work will prove enlightening for not only those within the policy field but also anyone with an interest in or experience dealing with a system that often feels like a race to the bottom
