*Reports* United States Information Agency. Office of Research,1976 **Thinking About Social Problems** Donileen Loseke,2017-07-05 The new second edition of this distinctive and widely adopted textbook brings into the classroom an overview of how images of social problems can shape not only public policy and social services but also the ways in which we make sense of ourselves and others It introduces two primary changes First some attention is devoted to the new social movements that emphasize social change through identity transformation rather than through structural change Second the text now also looks more closely at the importance of emotions in constructing public consciousness of social problems When the first edition was published Teaching Sociology noted Loseke does a superb job explaining the relationship between sociology and social problems in a text that is very well researched and engaging yet with tremendous attention to detail and accuracy Would provide a solid base for any social problems class Contemporary Sociology wrote that the book is engagingly well written in a personal unpretentious style and well informed by the author's knowledge of the professional literature

**The Publishers Weekly** ,1924      Female Physicians in American Literature Margaret Jay Jessee,2021-12-28 Female Physicians in American Literature traces the woman physician character throughout her varying depictions in 19th century literature from her appearance in sensational fiction as an evil abortionist to her more well known idyllic feminine presence in novels of realism and regionalism Murderess hag She Devil the instrument of the very vilest crime known in the annals of hell these are just a few descriptions of women abortionists in popular 19th century sensational fiction In novels of regionalism however she is often depicted as moral feminine and self sacrificing This dichotomy Jessee argues reveals two opposing literary approaches to registering the national fears of all that both women and abortion evoke the terrifying threats to white masculine Anglo American male supremacy

**Inventing the Holy Land** Stephanie Stidham Rogers,2011-01-06 This book presents a historical study of the phenomenon of Holy Land tourism among American Protestants during the second half of the nineteenth century and the early twentieth century During this period overseas travel was newly available to the Protestant middle class due to the invention and steady popularization of steamship travel Protestants at home in America consumed vast quantities of printed literature via the popular medium of Holy Land pilgrimage narratives A new mental geography resulted in which Americans forged a fresh awareness of the Middle East and began to focus millennial hopes upon the political and social concept of a Jewish remnant of the last days in a Protestant theological and historical framework Protestant support for Zionism was born What surfaces from the study of hundreds of pilgrimage narratives from this period is the emergence of Palestine as an iconic place for American Protestants Through pilgrimage narratives American Protestant s understanding of Palestinians biblical authority the power of the Protestant press the historicity of the Christian faith an millennial expectations were formed as the meaning of the Holy Land was constructed Findings from the pilgrimage narratives also indicate the importance of Palestine among Protestants as a fifth gospel written in stone The pilgrim s eastward gaze drew a distant biblical past into sharper focus and fueled the fires of premillennialism a movement that would leave an enduring stamp upon American religion and politics

*New Generation* ,1924      Polish American History before 1939 Adam Walaszek,2023-09-20 The history of private lives of the first and second generations of Polish immigrants in the United States is viewed from the perspective of migrants themselves What did the migrants do How did they behave How protagonists men women children with their own words presented their experience Their experience is compared with one of the other groups The book discusses migration processes formation of neighborhoods experiences at work daily and family lives functioning of parishes and tensions related to it and construction of people s identities and their constant reformulations Migrants created mutual aid societies which played not only economic but also ideological and political roles Experiences of immigrants children at home and at school are presented mostly in their own words and from their own perspective Cultural activities reflect constant changes of groups self identity The book also depicts the relations between the Polish migrants and members of other ethnic groups in the streets public

spaces politics and within the Catholic church People lived in pluri cultural culturally diverse contexts and thus relations with the others were complex The panorama ended in the year 1939 when after the Great Depression the group entered into a new period of transformation during the war
