The Cambridge Companion to European Criminal Law Kai

Ambos, Peter Rackow, 2023-02-16 European Criminal Law has developed into a complex jagged subject matter which at the same time has become increasingly important for everyday criminal law practice On the one hand this work aims to do comprehensive justice to the complexity of the matter without sacrificing readability In order to achieve this the book's structure enables legal scholars and experienced practitioners to access the information relevant to them in a targeted manner and at the same time enables less oriented readers to gain access to European criminal law Thus the volume both answers basic questions and offers discussion in more specialised areas Written by experts in the field the book offers discussions which are both of the highest academic standards and accessibly readable
