## **Social Paediatrics:**

**Social Paediatrics** Bengt Lindström, Nick Spencer, 1995 This unique book takes a completely fresh approach to child health. The authors address the challenges of child health as embodied in the UN Convention on the Rights of the Child and the positive health targets of WHO's Health for All 2000 initiative. Throughout the book they use these as a theme around which to examine the effects of adverse social, political, environmental, and family influences on child health. *Social Paediatrics* provides an essential theoretical and philosophical framework for those wishing to face the challenge of enhancing life quality for all children and gives practical guidelines for all involved in child health issues. It is an indispensable source of information for every paediatrician. *Trends in Neonatal and Paediatric Nursing* Mr. Rohit Manglik, 2024-05-16 Discusses recent advances and evolving practices in neonatal and paediatric nursing. **Community Paediatrics** Srinivas Gada, 2012-09-13 Containing concise but detailed summaries on a comprehensive range of clinical scenarios and conditions likely to be encountered by trainees, paediatricians, therapists, nurses, and allied professionals in their day-to-day practice. *Community Paediatrics* is the ideal companion for anyone working with children in the community. The handbook is organized according to the different sub-specialties of community paediatrics, such as child development, neurodevelopmental disorders, and child protection, and incorporates the latest recommendations from current practice, consensus statements, and good practice guidelines. Written by a vast range of contributors from various disciplines who are local, regional, national, or international experts in their field, it also contains sections on support organizations, sources of further information, reading, and useful appendices such as developmental milestones, growth, and BMI centile charts. If you are a health professional working or aspiring to work in the community, then this practical, easy-to-carry, quick-reference handbook is a must-have title enabling the reader to deliver the highest quality, holistic, child-centred care. **Clinical Care for Homeless, Runaway and Refugee Youth** Curren Warf, Grant Charles, 2020-05-05 Adolescent homelessness is a growing problem that results in a variety of health challenges. This text is a practical resource designed to promote effective interdisciplinary health and social care interventions targeting adolescents who are homeless or at risk for homelessness. It is based on extensive interdisciplinary experience, reviews of pertinent research, and insights and contributions of leading professionals who are directly involved in the care of these young people. Divided into four main sections: Section 1: Chapters 1-7. Section one is a review of the structure and professional involvement of program models targeting youth experiencing or at risk for homelessness to encourage broader understanding and utilization of principles and practices underlying effective programs and identify replicable components. Section 2: Chapters 8-16. Section two is clinically focused with recommendations for working with adolescents and youth experiencing homelessness and interventions for common and significant medical and mental health conditions and substance use disorders. Section 3: Chapter 17. Reviews international agreements regarding stabilization and care of refugee youth and families, description of experiences of refugee children and youth in developed

countries and an outline of conditions from which refugee youth and families have left Section 4 Chapters 18 and 19
