Weiner, Richard M. Lerner, M. Ann Easterbrooks, Jayanthi Mistry, 2012-10-16 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do This award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field This ten year revision now covers discoveries based in neuroscience clinical psychology's new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology *Communication Yearbook 35* Charles T. Salmon, 2012-03-28 *Communication Yearbook 34* continues the tradition of publishing state of the discipline literature reviews and essays Editor Charles T Salmon presents a volume that is highly international and interdisciplinary in scope with authors and chapters representing the broad global interests of the International Communication Association The volume is organized into three sections pertaining to interdisciplinary theory normative ideals and political realities and communication and societies in transition Internationally renowned scholars serve as respondents for the three sections With a blend of chapters emphasizing timely public policy concerns and enduring theoretical questions this volume will be valuable to scholars throughout the discipline of communication studies *The Oxford Handbook of Emotional Development* Daniel Dukes, Andrea Samson, Eric Walle, 2022-01-07 Emotional Development is a topic that embraces a range of disciplines including psychology neuroscience sociology primatology philosophy history cognitive science computer science and education The Oxford Handbook of Emotional Development is the first volume of its kind to include such a multidisciplinary group of experts to consider this topic and as such provides perhaps the most complete examination yet of how emotions develop and manifest themselves neurally intra and interpersonally across different cultures and species and over time The volume is separated into five themes macro and micro underpinnings communication and understanding interactive contexts socialization and learning and morality and prosocial behaviour Each

section includes contributions from researchers in at least three disciplines resulting in a volume that is destined to provoke the interested reader into either purposively or accidentally discovering emotional development from novel and stimulating perspectives. The chapters are written to be concise in their overview and accessible to the researcher or intellectually curious person alike. The reader can enjoy state of the art critical analysis of emotional development from different viewpoints which whether dipped into casually or read as a whole will provide the best view of not only what we know today about emotional development but also where the future study of emotional development lies. The Oxford Handbook of Emotional Development is an original and important contribution to the literature in psychology and the affective sciences.

Handbook of Social Psychology John DeLamater, 2006-11-24 Psychology focusing on processes that occur inside the individual and Sociology focusing on social collectives and social institutions come together in Social Psychology to explore the interface between the two fields. The core concerns of social psychology include the impact of one individual on another, the impact of a group on its individual members, the impact of individuals on the groups in which they participate, the impact of one group on another. This book is a successor to Social Psychology, Social Perspectives and Sociological Perspectives in Social Psychology. The current text expands on previous handbooks in social psychology by including recent developments in theory and research and comprehensive coverage of significant theoretical perspectives. Emotions in Social Life Gillian Bendelow, Simon J Williams, 2002-09-11 The development of a sociology of emotions is crucial to our understanding of social life as they hold the key to our understanding of social processes and sociological investigation. First published in 1997, *Emotions in Social Life* consolidates the sociology of emotions as a legitimate and viable field of enquiry. It provides a comprehensive assessment of the sociology of emotions using work from scholars of international stature as well as newer writers in the field. It presents new empirical research in conjunction with innovative and challenging theoretical material and will be essential reading for students of sociology, health psychology, anthropology and gender studies. Emotional Lives, **Edgework** Stephen Lyng, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis, an information company. **Handbook of the Sociology of Emotions: Volume II** Jan E. Stets, Jonathan H. Turner, 2014-08-18 Handbook of the Sociology of Emotions Volume II presents all new chapters in the ever developing area of the sociology of emotions. The volume is divided into two sections: Theoretical Perspectives and Social Arenas of Emotions. It reviews major sociological theories on emotions which include evolutionary theory, identity theory, affect control theory, social exchange theory, ritual theory and cultural theory among others. Social arenas where emotions are examined include but are not limited to the economy and the workplace, the family, mental health, crime, sports, technology, social movements and the field of science. All the chapters review the major theories and research in the area and each chapter ends with some discussion of directions for future research. The Sociology of Emotions is a fast growing and vital field in the broad discipline of Sociology. This volume II follows the Handbook of the Sociology of Emotions which was first published in 2006. In 2008 this first handbook received the

Outstanding Recent Contribution in the Emotions Section of the American Sociological Association With contributions from leading scholars from different areas in the discipline such as neurosociology culture economics mental health gender social movements discussing state of art theory and research on emotions in sociology this volume will generate wider appeal to the sociological community Caged Emotions Ben Laws,2022-05-04 This book focuses on the emotional experience of imprisonment In no uncertain terms prisons seethe with emotions and feelings Based on two empirically rigorous studies this book analyses how prisoners attempt to adapt and control their emotions It begins with an account of male and female prisoners held in medium security prisons and then moves to the particular case of emotions in solitary confinement There has been a turn towards emotions in criminology but this is the first book to centralize the subject of prisoner emotions in a detailed manner The ethnographic study of feelings has much to contribute to broader debates about survival in prison and pathways to desistance Most importantly it emphasizes that full blooded depictions of prisoners belong at the heart of academic inquiry *Adult Crying* Ad J.J.M. Vingerhoets,Randolph R. Cornelius,2012-12-06 Crying is a typical human expression of emotion Surprisingly until now little scientific attention has been devoted to this phenomenon Many textbooks on emotion fail to pay attention to it and in scientific journals there are hardly any contributions focusing on this behavior In contrast there is much interest from the lay public allowing pseudo scientists to formulate theories that have little or no scientific basis Is there any evidence in support of statements that crying is healthy or that not crying may result in toxification How do people react to the crying of others Is crying important for the diagnosis of depression and if so how This book aims to fill this gap in scientific literature Crying is discussed from several perspectives and specific attention is given to methodological issues and assessment Each chapter provides a review and a summary of the relevant scientific literature
