Judge, 2007-10-01 This is a collection of pivotal essays by E A Judge who initiated many important discussions in the establishment of social scientific criticism of the Bible What is it that made the work of Judge in 1960 and in subsequent years so important Judge was the first in scholarship after the mid twentieth century to clarify early Christian ideals about society by defining what the social institutions of the broader cultural context were and how they influenced the social institutions of the early Christian communities Judge points out that earlier scholars had entered into this field of inquiry but that in general they failed due to the lack of careful definitions of the Greco Roman social institutions at the time based on a thorough use of the primary sources Thus Judge was the new founder a turning point in scholarship of what came to be called social scientific criticism of the New Testament Social scientific criticism is the term in scholarship that refers to the use of social realities e g institutions class factors of community organization in the critical study of literary sources available this is an advance over merely literary and traditional historical questions **A Handbook of New Testament Exegesis** Craig L.

An Introduction to the New Testament Raymond E. Brown, 2015-08-01 From the experience of a lifetime of scholarship preaching teaching and writing Raymond E Brown covers the entire scope of the New Testament with ease and clarity He walks readers book by book through the basic content and issues of the New Testament While a wealth of information is contained in these pages the work's most impressive features are the basic summaries of each book a historical overview of the ancient Greco Roman world discussions of key theological issues and the rich supplementary materials such as illustrative tables maps bibliographies and appendixes Using this basic data Brown answers questions raised by today's readers relates the New Testament to our modern world and responds to controversial

issues such as those raised by the Jesus Seminar Every generation needs a comprehensive reliable Introduction to the New Testament that opens the biblical text to the novice Raymond E Brown's *An Introduction to the New Testament* is the most trustworthy and authoritative guidebook for a generation seeking to understand the Christian Bible Universally acknowledged as the dean of New Testament scholarship Father Brown is a master of his discipline at the pinnacle of his career Who else could cover the entire scope of the New Testament with such ease and clarity This gifted communicator conveys the heartfelt concern of a beloved teacher for his students as he walks the reader through the basic content and issues of the New Testament Those opening to the New Testament for the first time and those seeking deeper insights could not ask for more in a primer to the Christian Bible *The Tapestry of Early Christian Discourse* Vernon K. Robbins, 2002-11-01 This study establishes a concept of culture and then combines it with Geertz anthropological concept of thick description Subsequently the relation of texts to society and culture is discussed In this manner multiple methods of interpretation are used in an organized and programmatic way allowing the reader insights into the development of early Christianity In this study Vernon Robbins expounds and develops his system of socio rhetorical criticism bringing together social scientific and literary critical approaches to explore early Christianity This book investigates Christianity as a cultural phenomenon and treats its canonical texts as ideological constructs *Individual and Community in Paul's Letter to the Romans* Ben C. Dunson, 2012 Revision of the author's thesis Ph D University of Durham England 2011 **Anthropology and Biblical Studies**, 2019-05-21 This volume presents the findings of an international research symposium held at St Andrews University Scotland in July 2003 Contributors include both biblical scholars and anthropologists The essays presented variously explore and review interdisciplinary links innovations and developments between anthropology and biblical studies in reference to interpretation of both the OT and NT and pseudepigraphal works Explored are methodological issues the use of anthropological concepts in biblical studies identity purity boundaries virtuoso religion spiritual experience sacred space and more field orientated work of bible translators in different cultures *The New Testament Today* Mark Allan Powell, 1999-01-01 This volume offers the collective insight of eleven scholars who represent the spectrum of New Testament studies Their expert commentaries make this book an invaluable resource for both the seasoned researcher and the beginning student *Peter and Cornelius* vanThanh Nguyen SVD, 2012-11-29 The mission to the Gentiles and their conversion into the church gave rise to conflict in the early Christian community Acts 11 1 18 indicates that there was clearly dissension over the issue of Peter going to the house of Cornelius and participating in table fellowship with him The issue was no small matter since it could have split the church How then does Luke portray the resolution of the conflict Instead of writing a long theological treatise the author employs the art of storytelling The study of Luke Acts has long been dominated by historical critical methods focusing on Luke as a historian and theologian This work however proposes a paradigm shift by looking at Luke as a storyteller Since narrative criticism is concerned with the work of the writer as author and not simply

redactor and since it treats narrative precisely as narrative the time has come to apply the narrative critical approach to Acts 10 1 11 18 This approach explores a different set of questions What is the story of Peter and Cornelius about How is the story told What effect does the story have on the reader and why

Jesus and the Peasants Douglas E. Oakman, 2008-01-01 While Some of the Chapters focus on systemic issues others probe the depths of individual Gospel passages The author's keen eye for textual detail archaeological data comparative materials and systemic overviews make this volume a joy for anyone interested in understanding Jesus in his own context The volume is organized into three interrelated parts 1 political economy and the peasant values of Jesus 2 the Jesus traditions within peasant realities and 3 the peasant aims of Jesus Anyone who has ever wondered why the Lord's Prayer asks for the gift of bread and the forgiveness of debts has got to read this book Anyone who has never wondered has even more cause to read this book Anyone curious about the real value of a denarius or Jesus's take on the morality of money or how many calories were necessary to keep from starving or how Jesus advised to resist an economic system geared for devouring widows houses anyone in short eager to learn of the day to day realities of first century Palestine as the matrix for Jesus's message can't get and read this book soon enough Behind the rich information on the peasant world of Jesus and his appeal to first century peasants is a constant hermeneutical question humming in the background what does this mean for us today What are those general human concerns that suggest some link or bridge between ancient Israelite farmers and urban yuppies How might a realist stance of reading find in the biblical experience and its symbols voices that speak about the essentially human The information that Oakman provides in these essays is essential for understanding the world of Jesus and his peasant perspective The moves Oakman suggests for bridging the gap from past to present are essential for keeping a reading of the Bible from becoming an exercise in canonical archaeology or an illusion that the Bible is hot off the divine press John H Elliott University of San Francisco Emeritus author of *Conflict Community and Honor*

[Nordic Interpretations of the New Testament](#) Louise Heklgård Bylund, René Falkenberg, Marianne Bjelland Kartzow, Kasper Bro Larsen, 2020-09-07 This volume brings together contributions from the ongoing conversation among New Testament scholars from the Nordic Countries namely Denmark Iceland Finland Norway and Sweden The aim is to challenge the New Testament texts and their interpretations but also to be challenged by these texts and interpretation i.e. how to read interpret and contextualize the impact of these texts and how to conceptualize the power and authority attributed to them As neighbours in peripheral Europe partly sharing language and history scholars of this region also aim to participate in the broader international discourse The fact that their common academic language is English begs the question whether many of the current essays could have been written in different settings since they do not explicitly reflect on contextual issues Or is this the case What characterizes that part of the world are social democracies with relatively high standards of living a strong protestant past but an increasing multicultural population public welfare systems and gender equality Public universities still have money and can prioritize mobility and internationalisation

accordingly although few people live in the Nordic countries relatively many biblical scholars have roots there From
Followers to Leaders Nelson P. Estrada, 2004-04-01 Nelson Estrada examines the apostles transformation of status from
followers to leaders in Acts 1 2 He challenges the common view that Acts 1 12 14 is the preparation for the coming of the
Spirit in Acts 2 and that the sole purpose of Acts 1 15 26 is to set the number of the apostles at twelve in line with Jesus
prophecy in Luke 22 30 Instead Estrada reads Acts 1 12 14 and 1 15 26 as primarily propagandistic in nature He argues that
these pericopes promote the leadership integrity of the apostles by attempting to win the support of the women disciples and
Jesus family and then through Judas excommunication extirpation and replacement to win that of the 120 disciples
