Foundations of Critical Race Theory in Education

Edward Taylor, David Gillborn, Gloria Ladson-Billings, 2023-01-30 Critical Race Theory CRT is at the forefront of contemporary discussions about racism and race inequity in education and politics internationally The emergence of CRT marked a pivotal moment in the history of racial politics within the academy and powerfully influenced the broader conversation about race and racism in the United States and beyond Comprised of articles by some of the most prominent scholars in the field this groundbreaking anthology is the first to pull together both the foundational writings and more recent scholarship on the cultural and racial politics of schooling The collection offers a variety of critical perspectives on race analysing the causes consequences and manifestations of race racism and inequity in schooling Unique to this updated edition is a variety of contributions by key CRT scholars published within the last five years including an all new section addressing the war on CRT that followed the murder of George Floyd and international protests in support of BlackLivesMatter Each section concludes with a set of questions and discussion points to further engage with the issues discussed in the readings This revised edition of a landmark publication documents the progress of the CRT movement and acts to further spur developments in education policy critical pedagogy and social justice making it a crucial resource for students and educators alike

The Spirit, New Creation, and Christian Identity Grant Buchanan, 2023-05-18 Considering the importance of pneumatological themes for interpreting Paul's argument of Galatians Grant Buchanan explores how Paul draws from Jewish traditions of creation and the Spirit and presents a fresh cosmogony to the Galatian church He suggests that Galatians outlines an epistemological shift in how Paul sees past present and future reality in light of Christ and the presence of the Spirit in the lives of the believers The most crucial aspect of this new cosmogony is the centrality of the Spirit in Paul's argument in Galatians 3 1 6 17 with Buchanan's exegesis revealing that the Spirit the Galatians identity as children of God and the new creation motif are not merely elements of Paul's argument but intrinsic to it Buchanan demonstrates that Paul renders Jewish and Gentile identities no longer valid instead revealing that God's favour and election is already with them by stating that those who have the promised Spirit are all children of God He examines Jewish biblical and Second Temple extra biblical texts that explicitly connect the Spirit to creation themes including Genesis Ezekiel the Dead Sea Scrolls and the Wisdom of Solomon Taking Galatians 6 11 17 as the body closing of the letter the new creation motif directly implies the activity of the Spirit in the creation of Christian identity Analysing 6 15 from this pneumatological perspective Buchanan argues that the new creation motif represents a key aspect of Paul's generative cosmogony and pneumatology indicating a far broader socio cosmic transformation than previously assumed and it becomes a key to understanding Paul's argument

Breaks in the Air John Klaess, 2022-08-22 In Breaks in the Air John Klaess tells the story of rap's emergence on New York City's airwaves by examining how artists and broadcasters adapted hip hop's performance culture to radio Initially artists and DJs brought their live practice to radio by buying time on low bandwidth community stations and building new communities around their shows Later stations owned by New York's African American elite such as WBLS reluctantly began

airing rap even as they pursued a sound rooted in respectability urban sophistication and polish At the same time large commercial stations like WRKS programmed rap once it became clear that the music attracted a demographic that was valuable to advertisers Moving between intimate portraits of single radio shows and broader examinations of the legal financial cultural and political forces that indelibly shaped the sound of rap radio Klaess shows how early rap radio provides a lens through which to better understand the development of rap music as well as the intertwined histories of sounds institutions communities and legal formations that converged in the post Civil Rights era [Catalog of Copyright Entries. Bergsdóttir,Jónas O. Jónasson,Martti Lehti,Sven Granath,Mikkel M. Okholm,Petri Karonen,2022-02-16 Nordic Homicide in Deep Time draws a unique and detailed picture of developments in human interpersonal violence and presents new findings on rates patterns and long term changes in lethal violence in the Nordics Conducted by an interdisciplinary team of criminologists and historians the book analyses homicide and lethal violence in northern Europe in two eras the 17th century and early 21st century Similar and continuous societal structures cultural patterns and legal cultures allow for long term and comparative homicide research in the Nordic context Reflecting human universals and stable motives such as revenge jealousy honour and material conflicts homicide as a form of human behaviour enables long duration comparison By describing the rates and patterns of homicide during these two eras the authors unveil continuity and change in human violence Where and when did homicide typically take place Who were the victims and the offenders what where the circumstances of their conflicts Was intimate partner homicide more prevalent in the early modern period than in present times How long a time elapsed from violence to death Were homicides often committed in the context of other crime The book offers answers to these questions among others comparing regions and eras We gain a unique and empirically grounded view on how state consolidation and changing routines of everyday life transformed the patterns of criminal homicide in Nordic society The path to pacification was anything but easy punctuated by shorter crises of social

turmoil and high violence The book is also a methodological experiment that seeks to assess the feasibility of long duration standardized homicide analysis and to better understand the logic of homicide variation across space and over time In developing a new approach for extending homicide research into the deep past the authors have created the Historical Homicide Monitor The new instrument combines wide explanatory scope measurement standardization and articulated theory expression By retroactively expanding research data to the pre statistical era the method enables long duration comparison of different periods and areas Based on in depth source critique the approach captures patterns of criminal behaviour beyond the control activity of the courts The authors foresee the application of their approach in even remoter periods Nordic Homicide in Deep Time helps the reader to understand modern homicide by revealing the historical continuities and changes in lethal violence The book is written for professionals university students and anyone interested in the history of human behaviour

America on Trial, Expanded Edition Robert Reilly, 2022-02-01 The Founding of the American Republic is on trial Critics say it was a poison pill with a time release formula we are its victims Its principles are responsible for the country s moral and social disintegration because they were based on the Enlightenment falsehood of radical individual autonomy In this well researched book Robert Reilly declares not guilty To prove his case he traces the lineage of the ideas that made the United States and its ordered liberty possible These concepts were extraordinary when they first burst upon the ancient world the Judaic oneness of God who creates ex nihilo and imprints his image on man the Greek rational order of the world based upon the Reason behind it and the Christian arrival of that Reason Logos incarnate in Christ These may seem a long way from the American Founding but Reilly argues that they are in fact its bedrock Combined they mandated the exercise of both freedom and reason
