Society For Old Testament Study List 1993:

Society for Old Testament Study Book List 1993 Lester L. Grabbe, 1993 *SOTS at 100: Centennial Essays of the Society for Old Testament Study* John Jarick, 2017-01-12 This volume presents an important insight into the history of scholarship on the Old Testament over the last 100 years Presented in collaboration with the Society for Old Testament Study which celebrates its centenary in 2017 the volume examines the shifting patterns in scholarship on the Old Testament over the last century from the types of subject studied to the demographic make up of the scholars working on the Old Testament Hebrew Bible themselves The volume has been written by several longstanding members and officers of the society As such the volume presents a remarkable history of scholarship of Old Testament studies *Society for Old Testament Study Booklist 2003* George J. Brooke, 2003-03-06 The Book List provides short reviews of up to 500 books a year It includes publications not only on the Old Testament directly but also on many related areas including archaeology epigraphy Hebrew and related Semitic languages especially Northwest Semitic relevant ancient Near Eastern history and literature the Hellenistic world early Judaism and social anthropology The main value of the Book List is its comprehensiveness and its immediacy in that it is usually among the first periodicals to review a book **Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism** Magne Sæbø, Jean Louis Ska, Peter Machinist, 2014-12-10 The long and complex history of reception and interpretation of the Hebrew Bible Old Testament through the ages described in the HBOT Project focuses in this concluding volume III Part 2 on the multifarious research and the different methods used in the last century Even this volume is written by Christian and Jewish scholars and takes its wider cultural and philosophical context into consideration The perspective is worldwide and ecumenical Its references to modern biblical scholarship on which it is based are extensive and updated The indexes names topics references to biblical sources and a broad body of literature beyond are the key to the wealth of information provided Contributors are J Barton H L Bosman A F Campbell SJ D M Carr D J A Clines W Dietrich St E Fassberg D F Ilesdal A C Hagedorn K M Heim J H genhaven B Janowski D A Knight C K rting A Laato P Machinist M A O'Brien M Oeming D Olson E Otto M S b J Schaper S Sekine J L Ska SJ M A Sweeney and J de Waard Judaic Religion in the Second Temple Period Lester L. Grabbe, 2002-11 The developments in Judaism during the Second Temple period remain important to contemporary Jewish religion This volume provides a much needed encyclopedic study of the period Includes bibliographies cross references and summaries *Text in Context* Andrew David Hastings Mayes, 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns In the last two decades an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community while the reconstruction of the history of the people from whom it derived has been transformed by new methods This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments and has a particular concentration on literary and historical study Thus it not only clearly recognizes the diversity now inherent in

Old Testament study but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation. The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship. Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former. So essays on the text and its reception discuss primary issues which arise in Old Testament study while those on background and authorship reflect the continued vitality of and the fresh perspective possible in more traditional scholarly concerns.

The Oxford Bible Commentary John Barton, John Muddiman, 2007-01-25 CD ROM contains Introductions and verse by verse commentaries to Genesis and Mark's Gospel Logos Library System

An Old Testament Theology Bruce K. Waltke, 2011-04-19 The Old Testament is more than a religious history of the nation of Israel It is more than a portrait gallery of heroes of the faith It is even more than a theological and prophetic backdrop to the New Testament Beyond these the Old Testament is inspired revelation of the very nature character and works of God As renowned Old Testament scholar Bruce Waltke writes in the preface of this book the Old Testament's every sentence is fraught with theology worthy of reflection This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language the best of

critical scholarship a deep understanding of both the content and spirit of the Old Testament and a thoroughly evangelical conviction Taking a narrative chronological approach to the text Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators Through careful study he shows that the unifying theme of the Old Testament is the breaking in of the kingdom of God This theme helps the reader better understand not only the Old Testament but also the New Testament the continuity of the entire Bible and ultimately God himself The Bible in Human Society Mark Daniel Carroll R., David J. A. Clines, Philip R. Davies, 1995-10-01 This collection of essays written by biblical scholars from around the world attempts to probe the relationship between the Bible and the world It reflects modern social political and hermeneutical issues including liberation concerns These themes echo John Rogerson's commitment to relate his research and the Bible to contemporary issues a commitment visible both in his publications and in his religious and political activities This book is an expression of appreciation of John Rogerson by former and current colleagues former students and other biblical scholars

Feminist Expositions of the Old Testament in Africa (Tanzania) in the Context of the Office Held by Deborah in Judges 4 and 5 Hoyce Lyimo-Mbowe, 2015 Both women and men were leaders since ancient times however few female leaders are reported Deborah is one of the powerful female leaders during the ancient Israel This work explored the feminist expositions of the Old Testament in Africa with focus on the context of the offices held by Deborah as narrated in the book of Judges Chapter 4 and 5 The exegetical part shed light onto the role played by the female leaders among the Israelites The feminist paradigms in Judges 4 and 5 demonstrate how female characters in these chapters construct a way to disagree with what seems to oppress women and deny their leadership capability The findings of this study determine that gender should not be perceived as having an effect on leadership in general

Portraits of the Righteous in the Psalms Daniel C. Owens, 2013-08-23 What have the Psalms to do with ethics Readers prize the Psalter for its richly theological prayers but into these prayers are woven a variety of ethical issues This book explores the ethics of the Psalter by examining the four portraits of the righteous person that punctuate Book I It begins by studying these psalms as individual compositions and then employs both the canonical approach and dialogic criticism to identify the complex relationship between the portraits vision of the righteous life and its outcome Does the righteous person enjoy security and the good life The answer may be surprising but joining the psalmist on the rocky path of the interface of faith and experience is certain to prove a formative experience

God, Justice, and Society Jonathan Burnside, 2011 What is the real meaning of an eye for an eye and a tooth for a tooth Where did the idea for the Jubilee 2000 and Drop the Debt campaigns come from Here Burnside looks at aspects of law and legality in the Bible from the patriarchal narratives in the Hebrew Bible through to the trials of Jesus in the New Testament

Rethinking Biblical Scholarship Philip R. Davies, 2014-09-03 Rethinking Biblical Scholarship brings together seminal essays to provide readers with an assessment of the archaeological and

exegetical research which has transformed the discipline of biblical studies over the last two decades The essays focus on history and historiography exploring how scholarly constructs and ideologies mould historical literary and cultural data and shape scholarly discourse Most of the essays illustrate the development of what has been called a minimalist methodology Among the many central topics examined are the formation of the Jewish scriptural canon and how the concepts of prophecy and apocalypse illuminate the emergence of Judaism in the late Persian and Hellenistic periods

Paul and the Restoration of Humanity in Light of Ancient Jewish Traditions Aaron Sherwood, 2012-10-12 In *Paul and The Restoration of Humanity in Light of Ancient Jewish Traditions* Aaron Sherwood questions the assumption of universalism in Pauline thought and finds instead that relevant Pauline traditions depict a partly restricted and particularly Israelite restoration of humanity This important Jewish component of Paul's thought remains largely unrecognized but Pauline and other ancient Jewish traditions consistently present Israel and non Israelites uniting in their worship of Yhwh as the restoration of both Israel and humanity Aaron Sherwood demonstrates in Pauline traditions the same deployment of Israel nations unification as in biblical and post biblical traditions This suggests that rather than secondarily finding space for Gentile justification the restoration of humanity plays a generative role in Paul's theology mission and apostolic self identity

I Will Surely Multiply Your Offspring Jamie Viands, 2013-12-04 After creating man and woman God's first recorded blessing upon them is be fruitful and multiply Like the blessings of food and health the human experience of procreation is so common that we may overlook its importance within the biblical narrative However *I Will Surely Multiply Your Offspring* a comprehensive examination of the progeny blessing demonstrates that this motif is both prevalent and significant within the Old Testament by tracing its development throughout the redemptive historical narrative Viands identifies different progeny blessing traditions associated with the Abrahamic covenant the Sinai covenant and the new covenant and describes their interrelationships as well as their relationship to the universal blessing first found in Genesis 1 This study lays the foundation for a biblical worldview of human proliferation contributing to contemporary discussions concerning whether humans are obligated to bear children as well as procreation ethics
