Children and Television Norma Pecora, John P. Murray, Ellen Ann Wartella, 2009-03-04 This seminal volume is a comprehensive review of the literature on children's television covering fifty years of academic research on children and television The work includes studies of content effects and policy and offers research conducted by social scientists and

cultural studies scholars The research questions represented here consider the content of programming children s responses to television regulation concerning children s television policies issues of advertising and concerns about sex and race stereotyping often voicing concerns that children s entertainment be held to a higher standard The volume also offers essays by scholars who have been seeking answers to some of the most critical questions addressed by this research It represents the interdisciplinary nature of research on children and television and draws on many academic traditions including communication studies psychology sociology education economics and medicine The full bibliography is included on CD Arguably the most comprehensive bibliography of research on children and television this work illustrates the ongoing evolution of scholarship in this area and establishes how it informs or changes public policy as well as defining its role in shaping a future agenda The volume will be a required resource for scholars researchers and policy makers concerned with issues of children and television media policy media literacy and education and family studies *The Urban Gaze: Exploring Urbanity through Art, Architecture, Music, Fashion, Film and Media* Silvia Mazzucotelli Salice,2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 This volume is designed to introduce readers to the interactions and crossovers between culture and the city The volume in fact intends to investigate urbanity as a cultural form on the basis of a broader and geographically representative collection of case studies In particular it offers a stimulating range of interdisciplinary perspectives showing that urban space manifests itself as an interpretative gaze anchored in human life not just as something to look at but as a cultural form to live in socially *You Can't Air That* David S. Silverman,2007-10-24 In this illuminating book David S Silverman assesses four controversial television programs from the perspective of media history assessing the censorship present at all four networks and the political and intellectual inertia it produces in broadcast television Beginning with The Smothers Brothers Comedy Hour in the sixties the author also examines The Richard Pryor Show TV Nation and Politically Incorrect Drawing on firsthand accounts by the writers producers and performers of these programs Silverman offers an unbiased view of the ways in which censorship sponsor intimidation regulation and network tampering force all American broadcasters to manipulate creative talent and stifle genuine controversy Shedding new light on the prevalence of censorship in broadcast television this book reinvigorates the subject of free speech in American society

Media Management Review Charles Warner,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *Saturday Morning Censors* Heather Hendershot,1998 On television and censorship **Political Communication Ethics** Robert E. Denton Jr.,2000-05-30 This essay collection examines ethical concerns related to the traditional areas of political communication including campaigns media discourse and advertising as well as new technologies including the Internet In total the collection provides one of the few volumes to examine political ethics from an academic perspective rather than from a moralistic or rule orientation Bruce Gronbeck provides an assessment of presidential campaigns arguing that ethical judgments of citizens are based on candidates actions and motives character and

competence Ronald Lee explores the ethics of campaign discourse and he charts the relationship between presidential candidates projection of civic virtue and the political arrangements that dictate the course of the campaign itself Steven Goldzwig and Patricia Sullivan examine what happens to discourse when the divide between the haves and have nots translates into a local community disconnected from virtual politics The nature types and impact of the growing use of hate speech in contemporary politics is explored by Rita Whillock while Robert Denton investigates television as an instrument of governing and its impact on the nature of democracy Gary Woodward looks at the ethics of political journalism and Lynda Lee Kaid analyzes the ethical issues raised by political advertising in all forms Clifford Jones looks at the impact of campaign finance rules on campaign communication strategy Gary Selnow explores the ethics of politics on the Internet and Robert Denton concludes by examining the relationship between constitutional authority and public morality An important text for students as well as scholars investigating contemporary American politics Electronic Whistle-Stops Gary W.

Selnow,1998-03-25 Fifty years ago the political whistle stop tour was thus named because trains blew their whistles twice when making unscheduled stops in backwater towns Like its distant cousin the electronic whistle stop brings the candidate s message directly to the people but with one outstanding difference the new whistle stop offers politicians an accuracy efficiency and success at voter persuasian unimaginable to by earlier whistle stoppers such as Harry Truman As Selnow shows American political campaigns have an extraordinary affinity for electronic devices They have seized upon electronic bulletin boards home pages and electronic libraries Since political campaigns are communication campaigns Selnow concludes that candidates who successfully inform persuade enlighten and even confuse voters will win votes Selnow also examines the debate between those who argue that new technologies have improved efficiency and those who believe that the innovations have affected society in other ways Scholars and students of American political communication must read this book the lively style will also make it exciting reading for anyone interested in this new political tool **Surgeon**
