linguistics programs as well as curriculum and material developers      Bakhtinian Perspectives on Language, Literacy, and Learning Arnetha F. Ball, Sarah Warshauer Freedman, 2004-08-23 This 2004 book represents a multidisciplinary collaboration that highlights the significance of Mikhail Bakhtin's theories to modern scholarship in the field of language and literacy. Book chapters examine such important questions as: What resources do students bring from their home community environments that help them become literate in school? What knowledge do teachers need in order to meet the literacy needs of varied students? How can teacher educators and professional development programs better understand teachers' needs and help them to become better prepared to teach diverse literacy learners? What challenges lie ahead for literacy learners in the coming century? Chapters are contributed by scholars who write from varied disciplinary perspectives. In addition, other scholarly voices enter into a Bakhtinian dialogue with these scholars about their ideas. These other voices help our readers push the boundaries of current thinking on Bakhtinian theory and make this book a model of heteroglossia and dialogic intertextuality.      Handbook of Child Psychology, Theoretical Models of Human Development William Damon, Richard M. Lerner, 2006-05-19 Part of the authoritative four-volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared. Updated and revised to reflect the new developments in the field, the Handbook of Child Psychology Sixth Edition contains new chapters on such topics as spirituality, social understanding, and non-verbal communication. Volume 1: Theoretical Models of Human Development, edited by Richard M. Lerner, Tufts University, explores a variety of theoretical approaches including life-span, life-course theories, socio-cultural theories, structural theories, object relations theories, and diversity and development theories. New chapters cover phenomenology and ecological systems theory, positive youth development, and religious and spiritual development.

**Cultural-Historical Approaches to Studying Learning and Development** Anne Edwards, Marilyn Fleer, Louise Bøttcher, 2019-04-02 This collection of papers examines key ideas in cultural-historical approaches to children's learning and development and the cultural and institutional conditions in which they occur. The collection is given coherence by a focus on the intellectual contributions made by Professor Mariane Hedegaard to understandings of children's learning through the prism of the interplay of society, institution, and person. She has significantly shaped the field through her scholarly consideration of foundational concepts and her creative attention to the fields of activity she studies. The book brings together examples of how these concepts have been employed and developed in a study of learning and development. The collection allows the contributing scholars to reveal their reactions to Hedegaard's contributions in discussions of their own work in the field of children's learning and the conditions in which it occurs.      **Leadership and Management: Theory and Practice** Kris Cole, 2018-09-01 Leadership Management Theory Practice by Kris Cole focuses on comprehensive coverage of the core management units within the Diploma of Leadership and Management BSB51915 and Certificate IV in Leadership and Management BSB42015.
