Sociological Lives Matilda White Riley, 1988-08-01 Sociological Lives gives the reader a glimpse into the sociology of sociology by presenting autobiographical accounts dealing with varied aspects of the interplay between social structures and human lives The contributors reveal something of how their own sociological lives have been influenced by changing social structures and how in turn their lives are variously located in the structure and history of sociology and marked by societal and intellectual trends spanning nearly a century The introspection and retrospection give the reader rare access to the inner experiences of some of the field s leading scholars as well as their appraisal of sociological trends and their ideas of the shape of future trends The c **Sociological Perspectives** , 1988 *Invitation to the Life Course* Richard Settersten, 2018-02-06 Invitation to the Life Course Toward New Understandings of Later Life discusses in depth the challenges of age time and social contexts for the study of aging and later life Understanding aging as a process and later life as a period must be accompanied by serious attention to the life course This brings significant challenges related to time as gerontologists must describe and explain life patterns over many decades It also brings significant challenges related to place as gerontologists must examine how social contexts structure pathways into and through later life and how those contexts affect the nature and meaning of experiences along the way This book is a natural extension of the editor s previous work Lives in Time and Place The Problems and Promises of Developmental Science Baywood 1999 *Methods of Life Course Research* Janet Z. Giele, Glen H. Elder, 1998-03-10 What are the most effective methods for doing life course research In this volume the field s founders and leaders answer this question giving readers tips on the art and method of the appropriate research design the collection of life history data and the search for meaningful patterns to be found in the results *The Social Context of AIDS* Joan Huber, 1992 Theoretical models for understanding AIDS in relation to society and the general question of high risk sexual practice often the means of transmission of the virus are among the issues discussed in this volume It also explores the social context of policy and programme development in fighting AIDS organizing drug

users forced blood testing and family support groups for example Versions of these articles were originally delivered as papers in thematic sessions of the 1989 American Sociological Association annual meeting Collectively they represent the cutting edge of sociological work on the AIDS crisis **Macro-Micro Linkages in Sociology** Joan Huber,1991-03 In this volume twenty leading sociologists consider the dichotomy between micro and macro level analysis in social research All demonstrate the inescapable connections between the two and attempt to link them together This topic is approached from various theoretical perspectives including the interrelationship of large scale and small scale theories variables and concepts It is studied more specifically in relation to institutions such as education work and family gender and demographic research
