You Need More Money Matt Manero,2018-03-20 Whoever you are whatever your financial situation I m here to give you a wake up call my friend Twenty five years ago I set off on my own with nothing but a folding table and a phone For years real success eluded me I told people I was doing well when I was often on the edge of being broke Millions of people face the same plight including my beloved brother in law who died tragically before he could fix his money problems That was MY wake up call I knew I needed more money but I didn t know how to get it I only turned things around by getting honest with myself taking responsibility for my situation and figuring out some practical solutions Now I m going to show you how to do the same In polite society we don t like to talk about money But it s too important to tiptoe around In these pages you and I are going to cut the BS and get real For starters I ll help you understand How the money has moved Stop making decisions based on advice that worked decades ago but no longer The dangers of living in a False Positive It s easy to tell ourselves that we have enough until we re hit with medical bills aging parents tuition or early retirement The cheap comfort of the blamer mind set It might feel good to blame the government the economy or your boss for your troubles but it won t change anything Do you want an excuse or do you want more money The power of Lifestyle by Design Visualize your long term goal and work backward to figure out how to get there The trade offs of being an employer or employee You can get rich by starting a business or by rising to the top of an existing organization Let s figure out what s right for you It s going to take grit and guts but if you follow my road map you ll start accumulating real wealth the kind that lets you live the life of your dreams and lasts for generations to come
