Prisons in all fifty states offer yoga and meditation as a form of rehabilitation. But critics argue that such practices can also have disempowering effects due to their emphasis on acceptance, non judgment and non reaction. If the root of suffering is in the mind as the philosophy behind yoga and meditation suggests, then injustice including mass incarceration may be reduced to a mental state requiring coping techniques rather than a more critical mindset. Others insist that yoga can heighten people's attention to structural violence, hierarchy, racism and inequity. In fact, some of history's most radical activists including M K Gandhi and Thich Nhat Hanh traced their ethical and political commitments to their grounding in yogic or meditative traditions. Yoga and meditation programs no doubt offer crucial respite for those who are incarcerated, but what sort of political effects do they have? Do they reinforce the neoliberal logic of mass incarceration which emphasizes individual choices, or can they assist marginalized people in navigating systemic injustice? Drawing on collaborations with incarcerated practitioners, interviews with volunteers and formerly incarcerated practitioners, and her own fieldwork with organizations offering yoga meditation classes inside prisons, Farah Godrej examines both the promises and pitfalls of yoga and meditation. *Freedom Inside* reveals the ways in which incarcerated persons have used yogic practices to resist the dehumanizing effects of prisons and to heighten their awareness of institutional racism and mass incarceration among poor people and people of color. Godrej argues that while these practices could unwittingly exacerbate systemic forms of inequity and injustice, they also serve as resources for challenging such injustice, whether internally via the realm of belief or externally through action. A combination of ethnography and political theory, *Freedom Inside* reimagines the concept of resistance in a way that considers people's interior lives as a crucial arena for liberation.
