Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on the City, 1980 *Miles on Miles* Paul Maher, Michael K. Dorr, 2021-06-15 Miles on Miles collects the thirty most vital Miles Davis interviews Essential reading for anyone who wants to know what Miles Davis thought about his music life and philosophy Miles on Miles reveals the jazz icon as a complex and contradictory man secretive at times but extraordinarily revealing at others Miles was not only a musical genius but an enigma and nowhere else was he so compelling exasperating and entertaining as in his interviews which vary from polite to outrageous from straight ahead to contrarian Even his autobiography lacks the immediacy of the dialogues collected here Many were conducted by leading journalists like Leonard Feather Stephen Davis Ben Sidran Mike Zwerin and Nat Hentoff Others have never before seen print are newly transcribed from radio and television shows or appeared in long forgotten magazines Since Miles Davis's 1991 death his influence has continued to grow But until now no book has brought back to life his inimitable voice contemplative defiant elegant uncompromising and humorous Miles on Miles will long remain the definitive source for anyone wanting to really encounter the legend in print The Creek J. T. Glisson, 1993-05-19 I had met only two or three of the neighboring Crackers when I realized that isolation had done something to these people They have a primal quality against their background of jungle hammock moss hung against the tremendous silence of the scrub country The only ingredients of their lives are the elemental things Marjorie Kinnan Rawlings March 1930 in a letter to Alfred S Dashiell of Scribner's Magazine Except for one extended black family and one writer from up north folks from Cross Creek were ornery independent Crackers J T Glisson writes in this memoir of growing up in the backwoods of north central Florida The time spanned the late twenties to the early fifties and isolation and an abundance of mosquitoes and snakes were their claim to fame The writer was Marjorie Kinnan Rawlings In her 25 years at the Creek Miz Rawlings was regarded as That Woman warm high strung and simply eccentric She drove recklessly smoked in public and had black spells A Pulitzer Prize did little to change her status In Cross Creek everyone had space to be a character and every character had a title the meanest laziest most pregnant or best cat fisherman Describing day to day life in unaffected prose Glisson's portraits include Charley the fisherman who did his banking in a Prince Albert tobacco can nailed to a tree Bernie Bass who spoke perfect Florida Cracker without polish Old Blue young Jake

Glisson's nuisance hog Aunt Martha Mickens the matriarch of all the blacks at the Creek including Henry the first critic to pass judgment on Jake's drawings and especially Jake's father Tom the man whose wisdom boundless optimism and colorful speech figure prominently in Rawlings's *Cross Creek*. Of his famous neighbor Tom once commented that when she gets her tail up above her head her brain don't work. Glisson's own finely detailed pencil and pen and ink drawings illustrate these vignettes and he explains that the idea of earning his living as an artist first came to him when he saw Rawlings's books illustrated with such vivid pictures that he could smell the sawgrass sweat and gunpowder of the Creek. No wonder. One edition of *The Yearling* the story of a deer and a boy Jake's own age was illustrated by N. C. Wyeth who visited Cross Creek and chatted about drawing it's a matter of seeing and practice while eleven year old Jake watched him sketch. Tom Glisson died while his son was enrolled in art school in Sarasota three years later. Miz Rawlings died and an era ended. Today J. T. Glisson lives four and a half miles from the house where he grew up. When there's a breeze from the south he writes he sits on his porch and listens to the soft rustling of palmetto fronds almost embarrassed by the beauty of his memories. J. T. Glisson has been an illustrator publisher and businessman.

*Left of Centre* Maria Wickers, 1994

*Mixed Methods in Social Inquiry* Jennifer C. Greene, 2007-10-26 This is an excellent addition to the literature of integrated methodology. The author has skillfully integrated diverse ways of thinking about mixed methods into a comprehensive and meaningful framework. By providing detailed examples she makes it easy for both the students and the practitioners to understand the intricate details and complexities of doing mixed methods research. On the other hand by comparing contrasting and bridging multiple perspectives about mixed methods she has made this book very relevant and useful to seasoned scholars of mixed methodology.

*After #MeToo* Gerard Casey, 2020-04-02 In *After MeToo* Gerard Casey provides a critical assessment of the MeToo movement situating it in the context of the radical feminism of which it is just the

latest manifestation Apart from its legitimating an indiscriminate attack on men and masculinity Casey argues that the MeToo movement has exposed a conceptual fault line in radical feminist anthropology Are women fully developed moral agents able to exercise moral choice and to take responsibility for what they do or are women elements of a collective made up of the victims of sexual crimes whose suffering is not just that of any one individual woman but of the group as a whole Casey s analysis of the MeToo movement is prefaced by a brief typology of forms of feminism and by an account of the supposedly universal oppression of women by a malign patriarchy He argues that if there is such a thing as the patriarchy it is singularly and spectacularly ineffectual in its operation inasmuch as women on the whole are not only not oppressed in comparison to men but are rather the beneficiaries of legal and social privileges After MeToo concludes with a consideration of the changing legal definitions of rape Once understood to be essentially a crime of violence rape has now come to be regarded as a violation of personal autonomy In common law systems a certain conception of consent is now central to the definition of rape a conception that Casey argues is unworkable at once infantilising women and at the same time potentially criminalising every sexual encounter in which a man is involved

*Lights Out at Northern Perry Munson, 2010-08-11* The opening of the story vividly follows the author s relocation to Detroit Michigan from Seattle Washington Munson crosses the plains in his Volvo pulling his sailboat to his new home in Grosse Pointe Michigan He a teacher is moving there because his wife a pathologist has found a new job at Detroit Medical Center As he drives he reflects on the land he crosses and the experiences he had in school in rural South Dakota and how it shaped his outlook As he drives he has great doubts about moving to Michigan and questions his future there Yet he is on the road with no way to turn back Finally he arrives in Detroit entering the rustbelt city that looks like a new planet to him poverty stricken destroyed and hopeless The scene shifts to his experiences while moving in and getting settled and the adjustments he has to make to live in a large crime ridden Midwestern city After a discouraging job hunt he is suddenly employed by Detroit Public Schools as a chemistry teacher and enters the classroom The experience is so incredibly different than anything else that he has previously seen in education that he decides to start keeping a diary of relevant day to day activities Months lead to years and he describes the dynamics of teaching in a inner city school Corruption abysmal administrative incompetence and even great but not to numerous educational triumphs go down in print His journal is that of an observer from the outside looking in The diary becomes the stream of consciousness of a hard working dedicated teacher who is tormented by what he sees and cannot change There are successes but the climb is constantly uphill due to administrative bungling a pathetic lack of supplies and low expectations placed on students by the system As the years go by the school is engifted with a huge grant from the Kellogg Foundation It is supposed to reform the school and result in a turn around that never happens Funds disappear not very much appears in the classrooms and nobody seems to notice any appreciable difference in the quality of education After all is spent there is only disillusionment and anger in the school over the project A new principal takes over and the school further declines into

violence and chaos Yet through all of this Munson finds that education can and does take place in his classroom if he works hard with what he has available and does the best he can under the worsening circumstances In the end his main positive experience is the students themselves those who could be changed and enabled After thirteen years in Northern High School the environment becomes so violent dangerous and hopeless that Munson seriously contemplates transferring out to another school In this last year he describes a crumbling lawless school so vividly that you can smell the smoke from the fires and hear the screams of students beating and being beaten August 2004 finds Munson in Finney High School just a bit over a mile from his home He finds more of the same there but the commute is at least short He surprisingly teaches quite successfully there for three years and then on June 22 2007 he retires from thirty years of public school teaching On that very same day Northern High closes its doors due to lack of enrollment At the end of the day the lights were turned out
