Mitra Barua,2019-05-13 Immigrants often face considerable challenges when it comes to preserving their cultural and religious teachings D Mitra Barua argues that the Sri Lankan Buddhist community in Toronto has maintained its coherence and integrity not despite but because of the need for cultural adaptations Drawing on survey data over fifty in depth interviews with temple monks educators parents and children and fieldwork conducted in Toronto and Colombo Sri Lanka Seeding Buddhism with Multiculturalism examines how a religious tradition is transmitted from one generation to the next in a new cultural setting and what happens during that process of transmission Barua demonstrates that Buddhists have passed on Buddhist beliefs attitudes and practices to their Canadian born youth who in turn have constructed their own distinct Buddhist identity influenced by the individualistic egalitarian and secular cultural ambience in Toronto Through creative fieldwork and translocal analysis taking into account migrants geographical cultural and familial ties to multiple locales this book further explains that pre migration experiences often shape and determine the success or failure of intergenerational transmission An ethnographic religious study with an uncommon depth of perspective Seeding Buddhism with Multiculturalism shows that first and second generation Sri Lankan Buddhists in Toronto are successfully practising Theravada Buddhism within a Canadian context Muslim Americans Nahid Afrose Kabir,2016-08-12 With Islamophobia on the rise in the US since 9 11 Muslims remain the most misunderstood people in American society Taking as its point of departure the question of the compatibility of Islam and democracy this book examines Muslims sense of belonging in American society Based on extensive interview data across seven states in the US the author explores the question of what it means to be American or un American amongst Muslims offering insights into common views of community culture and wider society

God's Biker Sean Stillman,2018-09-20 An extraordinary authentic example of discipleship and the honouring and validation of the radiant broken jewels on society s margins Stewart Henderson poet broadcaster and lyricist Zac s Place is a church in Swansea It is a small chaotic community of Jesus followers where some of the most fragile of life s walking wounded try to work out their faith It s also the spiritual home for the local chapter of God s Squad motorcycle club Zac s Place founded in 1998 is led by Sean Stillman whose front line ministry has cost him dearly and has included physical beatings In Zac s Place chaos and disorder sit alongside community and grace in an environment resembling an AA meeting mixed with a casualty department This is Sean s personal story of a transformed faith amid the broken the church community

that formed from it and the European wide growth of an unlikely bunch of biker missionaries God s Biker asks the questions What if it s not about perfection What if it s about beauty in broken places Improvisational Youth Groups and the Search for Identity Joseph David Damrell,1972 **Living Devotions** Mary Clark Moschella,2008-01-01 Living Devotions explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration These matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice *Choosing Church* Carol E. Lytch,2004-01-01 This well researched study explains what attracts teenagers to church and keeps them there It provides a helpful description of the most effective ways that congregations and parents can build a faith in early teens that is not anti institutional and that helps them value the church **New Approaches in History and Theology to Same-Sex Love and Desire** Mark D. Chapman,Dominic Janes,2018-02-15 This book offers a range of interdisciplinary evaluations of the history of same sex relationships in the Church as they have been understood in different periods and contexts The relationships between diverse forms of religious and sexual identities have been widely contested in the media since the rise of the lesbian and gay liberation movement in the 1970s One of the key images that often appears in public debate is that of lesbians and gays in the Church as a significant problem Research over the past forty years or so into queer theology and the history of same sex desire has shown that such issues have played an important role in the story of Christianity over many centuries The contributors to this volume have all been inspired by the challenges of such revisionist study to explore religion and same sex desire as a field of opportunity for investigation and debate They uncover some of the hidden histories of the Church and its theologies they tell sometimes unexpected stories many of which invite serious further study It is quite clear through history that some in the churches have been at the vanguard of legislative and social change Similarly some churches have offered safe queer spaces Overall these essays offer new interpretations and original research into the history of sexuality that helps inform the contemporary debate in the churches as well as in the academy CSB Athlete's Bible Fellowship of Christian

Authenticity Zaid Adhami,2025-05-07 The past two decades have witnessed pervasive anxieties in US Muslim communities around a perceived crisis of faith As Zaid Adhami argues in this richly textured ethnography these concerns are fundamentally about the pressures and dilemmas of authenticity what it really means to be a Muslim While discussions about authenticity in Islam typically focus on maintaining tradition and competing claims to true Islam Adhami focuses instead on the powerful idea of being true to one s own self and what it means to have genuine belief Drawing on extensive conversations with American Muslims and careful readings of broader communal discourse Adhami shows that this drive for personal authenticity plays out in complicated ways It can produce deep doubt while also serving as the grounds to affirm tradition It can converge with revivalist modes of piety but it can also prompt emphatic challenges to communal orthodoxies Through vivid storytelling and sensitive analysis Adhami illuminates why religious doubt is often a source of intense anxiety in today s world and how people maintain their faith despite such unsettling uncertainty *Connecting With God* Ron
