Thus we find discussions of numeration of morals and of the origin of the novel *The Origin of Table Manners* is thus of special interest to students of American Indian mythology although it contains ideas of interest to other fields and even to the general reader Daniel C Raffalovich American Anthropologist An immense anthropological erudition is here wielded by one of the world's finest minds and the myths themselves have never been taken more seriously L vi Strauss raises issues and then resolves them with the suspenseful cunning of a mystery novelist John Updike New Yorker

The Inclusive Bible Priests for Equality,2009-03-16 While this new Bible is certainly an inclusive language translation it is much more it is a re imagining of the scriptures and our relationship to them Not merely replacing male pronouns the translators have rethought what kind of language has built barriers between the text and its readers Seeking to be faithful to the original languages they have sought new and non sexist ways to express the same ancient truths The Inclusive Bible is a fresh dynamic translation into modern English carefully crafted to let the power and poetry of the language shine forth particularly when read aloud giving it an immediacy and intimacy rarely found in traditional translations of the Bible The Inclusive Bible contains both the Old and the New
