Historical and Theological Introductions, Volume 2 Mark A. Lamport, Benjamin K. Forrest, Vernon M.

Whaley, 2019-05-24 Hymns and the music the church sings in worship are tangible means of expressing worship And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship Hymns and Hymnody Historical and Theological Introductions is a sixty chapter three volume introductory textbook describing the most influential hymnists liturgists and musical movements of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries Volume 1 explores the early church and concludes with the Renaissance era hymnists Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty first century Each chapter contains these five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect we contend is missing yet important in accessible formats for the current literature The Collected Works of Witness Lee, 1984, volume 2 Witness Lee, The Collected Works of Witness Lee 1984 volume 2 contains messages given by Brother Witness Lee from February 6 through 18 1984 During those two weeks Brother Lee held an international training for elders and responsible brothers in Anaheim California The messages that were released at that time were published in four volumes which are included in this volume of The Collected Works of Witness Lee The contents of this volume are divided into four sections as follows 1 Six messages given in Anaheim California on February 6 and 7 These messages were previously published in a seven chapter book entitled Elders Training Book 1 The Ministry of the New Testament and are included in this volume under the same title 2 Twelve messages given in Anaheim California on February 8 through 11 These messages were previously published in a thirteen chapter book entitled Elders Training Book 2 The Vision of the Lord s Recovery and are included in this volume under the same title 3 Nine messages given in Anaheim California on February 13 through 15 These messages were previously published in a thirteen chapter book entitled Elders Training Book 3 The Way to Carry Out the Vision and are included in this volume under the same title 4 Nine messages given in Anaheim California on February 16 through 18 These messages were previously published in an eleven chapter book
