gripping first hand testimony from the archives of the Imperial War Museum this book reveals what it was really like to serve in the Royal Navy during the First World War It was a period of huge change for the first time the British navy went into battle with untried weapon systems dreadnoughts submarines aircraft and airships Julian Thompson blends insightful narrative with never before published stories to show what these men faced and overcame Officers and men from admirals down to the youngest sailors faced the same dangers at sea in often terrible weather conditions with the ever present prospect of being blown to pieces or choking to death trapped in a compartment or turret as they plunged to the bottom of the sea In their own words they share their experiences from from long patrols and pitched battles in the cold rough water of the North Sea to the perils of warfare in the Dardanelles from the cat and mouse search for Vice Admiral Graf von Spee in the Pacific to the dangerous raids on Ostend and Zeebrugge We see what it was like to spend weeks in the cramped smelly submarines of the period or to attack U boats from unreliable airships *What If I Never Get Over You* Paige

Toon,2025-04-15 Five giant stars Propulsive and gut wrenching An all consuming epic love story Annabel Monaghan bestselling author of Summer Romance One Day meets a contemporary Bridgerton in this high drama escapist wonder of a love story Paige Toon s best yet Three days to fall in love Six years to try to forget Ellie didn t expect to fall in love while interrailing through Europe But she also didn t expect to meet a man like Ash Three blistering days in Lisbon is all it takes to form an unforgettable connection a bond deep enough for them to scrap their itineraries and plan to meet again in Spain But Ellie arrives late and Ash is nowhere to be found Six years later Ellie has landed her dream job working as a gardener for a viscount and viscountess on their sprawling five hundred year old estate in Wales She finds peace amongst the towering topiary hedges and colorful gardens but her idyll is shattered when Ash crashes back into her life And when it becomes clear why he didn t show in Madrid her heart breaks anew for what the truth means for their fate But they have never been able to resist each other and when the sparks of their attraction fly Ellie s life will catch flame She will have to make a choice

The Withered Amy Miles,2017-01-10 I always thought when the apocalypse finally began I would be swinging my baseball bat at the zombies with the best of them I was prepped and ready to smash in some undead heads if the need ever arose The problem is no one ever warned me that I would have to dread the humans even more The ones who still remember their names and how to put a gun to your temple when they want something Do not fear the Withered Ones Fear the ones still human This is an omnibus edition featuring the first three books in The Withered series Wither Resurrect and Affliction Wither After an epidemic swept across the nation the government foolishly rushed the creation of a vaccine but what was meant to bring salvation instead brought damnation Human mutations birthed a new species but Avery Whitlock soon learned that the top threat against her survival was not the Withered Ones but the ones still human Resurrect After enduring a kidnapping brutal gang attacks and the death of the man she loved Avery Whitlock believed she could survive anything until she discovered that she was being hunted The Withered had mutated and she had reason to believe that evolution

couldn't be stopped especially when it was genetically engineered Affliction No longer fully human but unwilling to accept her fate as a flesh eating zombie Avery Whitlock abandoned the only place she could call home in order to save the man she loved from herself Driven to prevent anyone else from suffering her fate she stalked the doctor's responsible for the mutations but with each life she took her cravings amplified and her grip on humanity slipped The Beginning Place Ursula K. Le Guin, 2025-09-23 From multi award winning literary legend Ursula K Le Guin comes a speculative fiction classic The Beginning Place Fleeing from the monotony of his life Hugh Rogers finds his way to the beginning place a gateway to Tembreabrezi an idyllic unchanging world of eternal twilight Irena Pannis was thirteen when she first found the beginning place Now seven years later she has grown to know and love the gentle inhabitants of Tembreabrezi or Mountaintown and she sees Hugh as a trespasser But then a monstrous shadow threatens to destroy Mountaintown and Hugh and Irena join forces to seek it out Along the way they begin to fall in love Are they on their way to a new beginning or a fateful end At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied **Doomsday, 1999** Paul MacTyre, 2018-11-04 OFFSPRING OF ATOMIC CATASTROPHE What were those mutated specks whose strange swarm cut one section of humanity off from another That they were important Angus the hunter had no doubt but that only posed another more personal question Why could he alone among men walk among them in safety **The Unharnessed World** Cindy Gabrielle, 2015-06-18 Though New Zealand author Janet Frame 1924-2004 lived at a time of growing dissatisfaction with European cultural models and though her auto biography fiction and letters all testify to the fact that a direct encounter between herself and Buddhism occurred her work has so far never been examined from the vantage point of its indebtedness to Buddhism It is of the utmost significance however that a Buddhist navigation of Frame's texts should shed fresh light on large segments of the Framean corpus which have tended to remain obdurately mysterious This includes passages centering on such themes as the existence of a non dual world or a character's sudden embrace of a non ego like self Of equal significance is the conclusion one then draws that this unharnessed world which human beings are often unable to embrace has always been right under their nose for whenever the aspect of the intellect that filters perceptions into mutually excluding categories fails to function he or she finds a place of subjective arrival in and sees this supposedly unknowable beyond Thus possibly against the grain of mainstream criticism this study argues that Janet Frame constantly seeks ways through which the infinite and the Other can be approached though not corrupted by the perceiving self and that she found in the Buddhist epistemology a pathway towards evoking such alterity Last Train to Hilversum Charlie Connelly, 2019-01-24 Despite the all pervading influence of television ninety per cent of people in Britain still listen to the radio clocking up over a billion hours of listening between us every week It's a background to all our lives we wake up to our clock radios we have the radio on in the kitchen as we make the tea it's on at our workplaces and in our cars From Listen With Mother to the illicit thrill of tuning into pirate stations like Radio Caroline from receiving a musical education from John

Peel or having our imagination unlocked by Douglas Adams The Hitchhiker s Guide to the Galaxy from school free summers played out against a soundtrack of Radio One and Test Match Special to more grown up soundtracks of the Today programme on Radio 4 and the solemn rhythmic intonation of the shipping forecast in many ways our lives can be measured in kilohertz Yet radio is changing because the way we listen to the radio is changing Last year the number of digital listeners at home exceeded the number of analogue listeners for the first time meaning the pop and crackle and the age of stumbling upon something by chance is coming to an end There will soon be no dial to turn no in between spaces on the waveband for washes of static mysterious beeps and faint distant voices The mystery will be gone we ll always know exactly what it is we re listening to whether it s via scrolling LCD on our digital radios the box at the bottom of our TV screen or because we ve gone in search of a particular streaming station And so as the world of analogue listening fades Charlie Connelly takes stock of the history of radio and its place in our lives as one of the very few genuinely shared national experiences He explores its geniuses crackpots and charlatans who got us to where we are today and remembers its voices personalities and programmes that helped to form who we are as individuals and as a nation He visits the key radio locations from history and looks at its vital role over the past century on both national and local levels Part nostalgic eulogy part social history part travelogue Last Train To Hilversum is Connelly s love letter to radio exploring our relationship with the medium from its earliest days to the present in an attempt to recreate and revisit the world he entered on his childhood evenings on the dial as he set out on the radio journey of a lifetime
