Song For A Shadow:

Songs of Degrees John Taggart, 1994 *Songs of Degrees* brings together 19 related essays on contemporary American poetry and poetics published as journal articles between 1975 and 1989 by poet and theorist John Taggart Over the past two decades Taggart has been a significant intellectual and artistic force for a number of major American poets By focusing on the work of several major and less well known American experimental poets from the 1930s to the present Taggart not only traces the origins and evolution of this experimental tendency in recent poetry but also develops new theoretical tools for reading and appreciating these innovative and complex works The essays are written from the engaged perspective of an active poet for other poets as well as for those who would like to read and think about poetry in a participatory fashion The essays thus present inside narratives of some of the most challenging contemporary American poetry The range of *Songs of Degrees* extends from the Black Mountain poets Charles Olson and Robert Duncan to such language poets as Bruce Andrews and Susan Howe Taggart closely examines the work of the objectivist poets George Oppen and Louis Zukofsky Three essays are devoted to each of these poets providing detailed readings of individual poems and considerations of each poet's overall achievement Taggart also concentrates on poets whose work has not been widely recognized or is only now beginning to be recognized These include Theodore Enslin Frank Samperi and William Bronk Taggart's essay *Reading William Bronk* is the first extensive reading of this relatively unknown but truly outstanding poet Taggart's essays also focus on his own poetry He describes the composition process and the thinking behind it as well as the poet's own evolving sense of what the poem can and ought to be These very personal reflections are unique in their attention to current questions concerning form and the issue of spiritual vision Avoiding political and cultural reductionism Taggart throughout keeps his eye and heart on the poetic singing his own *Songs of Degrees* even as he discovers notes of the same music in the works of other

The Forgotten Songs of the Newfoundland Outports Anna Kearney Guigné, 2016-12-12 In 1951 musician Kenneth Peacock 1922-2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum's meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection *Songs of the Newfoundland Outports* 1965 As the publication consists of over 1000 pages *Outports* is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock's treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with *Outports* indicates that although Peacock acquired a range of material his personal preferences frequently guided his publishing agenda To ensure that the songs closely correspond to what the singers

presented to Peacock the collection has been prepared by drawing on Peacock's original music and textual notes and his original field recordings. The collection is far ranging and eclectic in that it includes British and American broadsides, musical hall and vaudeville material alongside country and western songs and local compositions. It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs. In this sense it provides a key link between what Peacock actually recorded and the material he eventually published. As several of the songs have not previously appeared in the standard Newfoundland collections, *The Forgotten Songs* sheds new light on the extent of Peacock's collecting. The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers. Thanks to the Research Centre for the Study of Music Media and Place, a video of the launch event held in St John's Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI>. t 21s. Songs of Gladness for the Sabbath School John Edgar Gould, 1869

The Song of Songs Richard Alfred Norris (Jr.), Jr. Norris, Richard A., 2003-11-18. The Song of Songs, traditionally attributed to Solomon, is a collection of lyrics that celebrate in earthly terms the love of a bridegroom and a bride. Throughout the course of early Christian history, the Song of Songs was widely read as an allegory of the love of Christ both for the church and for its individual members. In reading the Song this way, Christians were following in the steps of Jewish exegetes who saw the Song as celebrating the love of God for Israel. In *The Song of Songs*, the inaugural volume of *The Church's Bible*, Richard A. Norris Jr. uses commentaries and sermons from the church's first millennium to illustrate the original Christian understanding of Solomon's beautiful poem. In recent times, the Song of Songs has been more a focus of literary than of religious interest, but Norris's work shows that for early Christians, this text was counted with the Psalms and the Gospels among those Scriptures that touched most deeply on the believer's relation to God. All in all, Norris's *Song of Songs* is a masterful work that aptly acquaints contemporary readers with the church's traditional way of discerning in this text a guide to the character of Christian belief and life. This volume and the entire *Church's Bible* series will be welcomed by preachers, teachers, students, and general readers alike.

Carlile was born into a musically gifted impoverished family on the outskirts of Seattle and grew up in a constant state of change moving from house to house trailer to trailer fourteen times in as many years Though imperfect in every way her dysfunctional childhood was as beautiful as it was strange and as nurturing as it was difficult At the age of five Brandi contracted bacterial meningitis which almost took her life leaving an indelible mark on her formative years and altering her journey into young adulthood As an openly gay teenager Brandi grappled with the tension between her sexuality and her faith when her pastor publicly refused to baptize her on the day of the ceremony Shockingly her small town rallied around Brandi in support and set her on a path to salvation where the rest of the misfits and rejects find it through twisted joyful weird and wonderful music In *Broken Horses* Brandi Carlile takes readers through the events of her life that shaped her very raw art from her start at a local singing competition where she performed Elton John's Honky Cat in a bedazzled white polyester suit to her first break opening for Dave Matthews Band to many sleepless tours over fifteen years and six studio albums all while raising two children with her wife Catherine Shepherd This hard won success led her to collaborations with personal heroes like Elton John Dolly Parton Mavis Staples Pearl Jam Tanya Tucker and Joni Mitchell as well as her peers in the supergroup The Highwomen and ultimately to the Grammy stage where she converted millions of viewers into instant fans Evocative and piercingly honest *Broken Horses* is at once an examination of faith through the eyes of a person rejected by the church's basic tenets and a meditation on the moments and lyrics that have shaped the life of a creative mind a brilliant artist and a genuine empath on a mission to give back
