Song Meiling Yu Zhongguo:

The Chinese People at War Diana Lary, 2010-07-26 Diana Lary one of the foremost historians of the period tells the tragic history of China's War of Resistance and its consequences from the perspective of those who went through it Using archival evidence only recently made available interviews with survivors and extracts from literature she creates a vivid and highly disturbing picture of the havoc created by the war the destruction of towns and villages the displacement of peoples and the accompanying economic and social disintegration As the author suggests in a new interpretation of modern Chinese history far from stemming the spread of communism from the USSR which was the Japanese pretext for invasion the horrors of the war and the damage it created nurtured the Chinese Communist Party and helped it to win power in 1949 Soong Mayling and Wartime China, 1937-1945 Esther T. Hu, 2024-12-15 Soong Mayling and Wartime China 1937 1945 Deploying Words as Weapons focuses on the First Lady of China's timely and critical contributions in the areas of war women's work and diplomacy during China's War of Resistance as inflected through gender This book explores Soong Mayling through her own words by examining her speeches essays letters telegrams and news reports during the war period How did Madame Chiang Kai shek's gender identity shape her interactions with other Chinese women the male military and political leadership in the Republic of China and the broader global public How did Confucianism's cardinal virtues and Chinese Christianity converge in Soong Mayling's work and worldview What were her main contributions as Secretary General of the Chinese Air Force Drawing on Chinese archival materials such as Chiang Kai shek's diaries and other records around the world Esther Hu provides a historically informed perspective of the First Lady's legacy within the context of World War II history international cultural and military affairs and transnational geopolitics **New Narratives of Urban Space in Republican Chinese Cities**, 2013-03-27 The nine empirical studies in *New Narratives of Urban Space in Republican Chinese Cities* organized under the general framework of urban space examine three critical dimensions of the great urban transformation in Republican China social legal and governance orders Together these narratives suggest a new perception of this historical urbanism While modern economic development was a major drive for Chinese urban transformation this volume highlights the dimension of the multilayered forces that shape urban space by looking into that less quantifiable but equally important cultural realm and by exposing the ways in which these forces created new urban narratives which became themselves shapers of urban space and of our perception of the Republican urbanity **Echoes of Chongqing** Danke Li, 2010 The voices of ordinary women in China's War of Resistance against Japan **Keeping the Nation's House** Helen M. Schneider, 2011-03-01 The term home economics often conjures images of sterile classrooms where girls learn to cook dinner and swaddle dolls far removed from the seats of power Helen Schneider unsettles this assumption by revealing how Chinese women helped to build a nation one family at a time From the 1920s to the early 1950s home economists transformed the most fundamental of political spaces the home by teaching women to nurture ideal families and manage projects of social

church state relations in modern China Gender, Politics, and Democracy ,2008 This is the first exploration of women s campaigns to gain equal rights to political participation in China The dynamic and successful struggle for suffrage rights waged by Chinese women activists through the first half of the twentieth century challenged fundamental and centuries old principles of political power By demanding a public political voice for women the activists promoted new conceptions of democratic representation for the entire political structure not simply for women Their movement created the space in which gendered codes of virtue would be radically transformed for both men and women Gutenberg in Shanghai Christopher A. Reed,2011-11-01 In the mid 1910s what historians call the Golden Age of Chinese Capitalism began accompanied by a technological transformation that included the drastic expansion of China s Gutenberg revolution Gutenberg in Shanghai examines this process It finds the origins of that revolution in the country s printing industries of the late imperial period and analyzes their subsequent development in the Republican era This book which relies on documents previously unavailable to both Western and Chinese researchers demonstrates how Western technology and evolving traditional values resulted in the birth of a unique form of print capitalism whose influence on Chinese culture was far reaching and irreversible Its conclusion contests scholarly arguments that view China s technological development as slowed by culture or that interpret Chinese modernity as mere cultural continuity A vital reevaluation of Chinese modernity Gutenberg in Shanghai will be enthusiastically received by scholars of Chinese history and by specialists in cultural studies political science sociology the history of the book and the anthropology of science and technology
