The Dolphin Law Linda Collister,2021-03-10 Relax into the beauty of human truth reveling in love and our spiritual connection to all that is Do you ever sit there and wonder how we humans have become so disconnected from nature Ever question how it is that we seem to have lost our way with the natural flow of life The ups and downs and turmoil of our fast paced world leave us without a solid grounding in the foundation of our spiritual truth it often seems we humans have lost our way The dolphins see this too They know of our past and of how we have drifted into a cloud of confusion and disconnect Many of them had given up on our return to a resonance of peace with mother nature The dolphin law even forbids any dolphin from ever trying to establish contact with us again But a mother s love will always do what it must especially when the life of her young one is on the line The heart of humanity of course will forever be there to support those in need A story of re established trust and love shows us that the bond between land dweller and ocean goer is just as strong now as it had ever been before A rediscovering of human and animal cohabitation serves as a beautiful reminder that no matter how lost we may become as a human species at the end of it we are all one in spirit Stepping into an underwater world of confusion chaos and pleas for help from anyone able will remind you of our connection to all living beings and help bring those questions of our disconnect to a standstill We are each only as far from nature as we choose to be sometimes we just need a little healthy reminder of our truth In Dolphin Law you ll discover A beautiful tale of how man and dolphin have wired together to make the impossible become something real and alive The beauty and complexity with which dolphins nurture their children just as a human mother would How dolphins connect on seemingly telepathic wavelengths and why this is so advantageous to their survival in the wild Insight into the beauty of how a mother dolphin teaches her young to survive A dolphin s tale of human retreat into the unknowing wilderness of land and disconnect from the freedom of the vast ocean How one woman established communication with a dolphin mother and helped save her young one s life and much more Dive into an ocean of remembrance and the beautiful connection of two kindred spirits From the depths of the great big blue all the way into the compassionate heart of one young woman a story of love and unity will bring us all together as we fight for each of our survival side by side and into the sunsets of eternity If you re ready to experience a journey of unparalleled passion between man and dolphin then scroll up and click the Add to Cart button right now
