

Terrence W. Tilley

# STORY THEOLOGY

Preface by  
Robert McAfee Brown

# Story Theology

**David Thang Moe**

## Story Theology:

**Story Theology** Terrence W. Tilley, Terrence Tilley, 1990 The author reminds us that our Christian stories are at the heart of the faith Without these stories formulated doctrines and theological systems would be bereft of meaning and substance With the breadth of bright Vision he explains what story theology is all about and he tells us why it is gripping the minds and hearts of so many

**In the Beginning Were Stories, Not Texts** C S Song, 2012-08-30 According to Song the Christian faith is deeply rooted in storytelling stories are the most basic mode of human communication and in the same idea the Christian Bible is fundamentally a story Though Song regrets the fact that Christians and above all Christian theologians so often fail to express their faith in term of stories Christian theology is most often expressed in terms of concepts ideas and systems Following the conviction that this is the most appropriate way to express our faith the proposal of this book is to speak of Christian faith and theology through stories rather than systems and texts

*Story Theology* J. A. Kays, 2023-03-17 We understand who we are and the world we live in only because of story Without story it is impossible to define our identity meaning purpose or action The Bible after all is a story it begins with Alpha and ends with Omega It is God s story the story of everything By it we learn how the Christian story is not a piece of a larger story but claims to be the story in which other stories find their place To answer the most fundamental questions about who we are and the world we live in we must use a story From a mother who visits her son on death row to a disillusioned man questioning suicide to a family experiencing the hope and hardship of a premature baby this book explores ten central themes of the gospel steadfast love sin faith holiness joy goodness hope compassion forgiveness and peace in story form An interpretation of each story follows in a section where careful analysis sheds light on each biblical theme By using storytelling to communicate theological truth this work provides a unique resource for theological reflection that s helpful for anyone willing to step into a story

The Story of Christian Theology Roger E. Olson, 1999-04-01 In his book poised to become a standard historical theology textbook Roger Olson takes us on a journey of events ranging from the apostolic fathers to the Reformation to the present

**The Story of God** Michael Lodahl, 2008 Since its publication in 1994 The Story of God has played an important role in implementing and advancing the study of narrative theology One of the first books to formulate and examine Wesleyan theology using the Bible s overarching story it continues to serve as a popular text in colleges and universities and as a reliable resource for ministers and theologians Unlike other books which use a topical or systematic approach to understanding theology The Story of God uses the flesh and blood stories of the Bible to help readers see the complete picture of God s love for the world and in doing so gain a better understanding and appreciation for the Christian faith Updated and revised to include current language and ideologies this new edition provides readers with an even more engaging and accessible introduction to Christian theology Drawing from Scripture everyday experience and contemporary reflection Michael Lodahl weaves together the stories and themes of the Bible to present a compelling picture of the grand story of God and the amazing love He has for His people

**Why Narrative?** Stanley Hauerwas, L. Gregory Jones, 1997-10-28 Narrative Theology is still with us to the delight of some and to the chagrin of others Why Narrative is in reprint because it represents what is still a very important question This diverse collection of essays on narrative theology has proven very useful in university and seminary theology classes It is also of great use as a primer for the educated layperson or church study group Jones and Hauerwas have done an excellent job of selecting representative essays that deal with appeals to narrative in areas such as personal identity and human action biblical hermeneutics epistemology and theological and ethical method

**System and Story** Gale Heide, 2009-01-01 System and Story is intended to develop a means for bridging the gap between critics of system and those who may find value in doing systematics from a Biblically oriented context Narrative theologians have rightly identified and critiqued the development of system in academic theology Unfortunately they have not identified the ways in which systematic elements have always played a role in theological knowledge This study demonstrates the inherent systematic tendencies that still exist in narrative approaches to theology while at the same time acknowledging the appropriateness of aspects of the narrative critique of system The reaction against Enlightenment modernism is examined from the perspective of the heightened role of system in religious epistemology The work of Stanley Hauerwas serves to carry much of the conversation regarding the critique of system and a narrative alternative as it is discovered in communal formation After summarizing Hauerwas theology if such a thing is possible the final chapters explore the ecclesiological concerns of narrative theologians according to a more systematic rendering of pneumatology A Biblical rendering of pneumatology from the perspective of the Spirit's role in ecclesiology allows for a modest i e pre modern systematic presentation commensurate with narrative communal formation Thus the narrative attempt to once again do theology for the church is seen as compatible with a Scriptural i e modestly systematic theology of the Spirit

**Revelation and Story** Gerhard Sauter, John Barton, 2017-03-02 Revelation and Story explores the relationship between the theology of revelation and the theology of story or narrative theology Mediating between German systematic theology's concern for revelation and current Anglo Saxon interest in narrative theology and centrality of story this book illuminates both traditions Exploring revelation and story from both theological and philosophical perspectives this book connects these concepts with questions of the authority of religious and literary texts particularly the Bible Believing that God's revelation precedes and forestalls all human perception of God all speech about God and every attempt to experience anything about God or know Him leading scholars from both Anglo Saxon and German traditions are brought together to present a diverse range of conceptions relating to how God's revelation occurs resulting in a new theory of the relation of revelation and story which transcends the traditional cultural divide Stanley Hauerwas contributes the Foreword Revelation and Story offers a valuable new contribution to systematic theology hermeneutics and the study of the authority of Scripture as well as presenting insights into important overlaps between British and German theology This book will be of particular interest to scholars and students of philosophy and theology and

to students of literature and literary theory with an interest in hermeneutics      *Story Theology* Terrence W. Tilley, 1985 The author reminds us that our Christian stories are at the heart of the faith Without these stories formulated doctrines and theological systems would be bereft of meaning and substance With the breadth of bright Vision he explains what story theology is all about and he tells us why it is gripping the minds and hearts of so many      The Christian Story Gabriel Fackre, 1996 An original work in systematic theology The Christian Story rises from and strives to be a resource to the life and witness of the church and its leadership In addition to covering the standard teachings of Christianity the doctrines of God creation the fall covenant Christ salvation church and consummation Volume 1 presents Fackre's introduction to systematic theology This revised third edition develops in more detail the doctrine of the Trinity takes up the issues of religious pluralism and Jewish Christian dialogue and offers a perspective on angelology New appendices discuss inclusive language and describe the surge of writing in the field of systematic theology      **Handbook of U.S. Theologies of Liberation** Miguel A. De La Torre, 2004-11-01 The purpose of this handbook is to introduce the reader to Christian concepts from the perspective of U S marginalized communities It explores the interrelationship between religion community and culture in the social context of different marginalized groups specifically those rooted in the African American Amerindian Asian American feminist gay lesbian and Hispanic experiences and their impact on the development of U S theologies of liberation The handbook gives attention to the history nature sources and development of these theologies and the theologians who contributed to their formation Of particular interest is how Handbook of U S Theologies of Liberation clearly distinguishes both the differences and similarities between these U S theologies and their Latin American counterparts The handbook is divided into two sections Thematic Essays that provide a general overview of a specific theological theme from the perspectives of different marginalized groups and Contextual Essays that focus on the specific contributions of scholars from various racial ethnic and gender backgrounds      **The Routledge Handbook of Pentecostal Theology** Wolfgang Vondey, 2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions Addressing this gap in current research The Routledge Handbook of Pentecostal Theology is an exceptional reference source to the key topics challenges and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject Comprising over forty chapters written by a team of international contributors the Handbook is divided into five parts Contextualizing Pentecostal Theology Sources Theological Method Doctrines and Practices Conversations and Challenges These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism divine healing or eschatology unique practices such as spiritual warfare and worship and less

discussed issues such as social justice and gender each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement The Routledge Handbook of Pentecostal Theology is essential reading for students and researchers in Pentecostal Studies World Christianity and Theology as well as scholars working in contemporary Religious Studies

*Practical Theology and Majority World Epistemologies* Alfred Brunson, Calida Chu, 2024-11-08 This book offers insights into the thinking of majority world practical theologians and introduces the reader to faith realities previously unknown in a quest to create a more inclusive and welcoming practical theological network Practical theologians are situated in all corners of the globe attempting to make sense of their lived experiences and of those around them from a faith perspective Historically practical theology tended to be constructed from academics situated in the West and indirectly marginalized those in and from the majority world Against this backdrop this book is a deliberate attempt to empower practical theological voices from the further corners of the global village based upon the conviction that sharing epistemologies creates an opportunity not only to learn about others and the contexts in which they live but from them enhancing the meaning making of practical theology in the present Cognisant that epistemology as a formal discipline does not always centre lived experience practical theology has historically prioritised the importance of wisdom worldview and a way of life for individual and collective knowing The diverse issues addressed in this work offers insights into the thinking of mainly Asian and African practical theologians and introduces readers to the faith realities previously unknown to create a more inclusive and welcoming practical theological network This book was originally published as a special issue of the journal Practical Theology

**Beyond the Academy** David Thang Moe, 2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices

**Christian Theology** Alister E. McGrath, 2011-01-14 Alister McGrath's Christian Theology An Introduction is one of the most internationally acclaimed and popular Christian theology textbooks in use today This 5th edition has been completely revised and now features new and extended material numerous additional illustrations and companion resources ensuring it retains its reputation as the ideal introduction to Christian theology Fully updated 5th edition of the bestselling textbook incorporating expanded material numerous student features and new illustrations Features new sections on Copernicanism and Darwinism Includes extended

discussions of Augustine's doctrine of creation Trinitarian theologies of religion and the relation of Christianity to other faiths May be used as a stand alone volume or alongside the Christian Theology Reader 4th edition for a complete overview of the subject Retains the chapter structure of the 4th edition ensuring comparability with earlier editions and courses based on these Accompanied by a revised instructor's website featuring expanded resources including study questions and answers visit [www.wiley.com/go/mcgrath](http://www.wiley.com/go/mcgrath) for more details and to register for access

**Tell Us Our Names** C.S. Song, 2005-07-07 Tell Us Our Names is a timely book beautifully written and understandable by all Its particular challenge lies in the folk and fairy tales that provide the text Here are the roots of both faith and reason and the direct way to dump excess baggage and discover new and better questions Scripture Oriental wisdom ecumenical theology all receive calm and imaginative treatment in Song's hands Joseph McLelland McGill University Montreal In this volume Dr Song offers us golden keys to open the stone gates of religion Gathering together intercultural insights from the experience of people in many countries these parables and stories usher us into the presence of Mystery The easy flow of storytelling smoothly mixed with sensitive interpretation makes this volume very readable To those who believe that theology has to do only with ideas and concepts this volume may come as a surprise and a joyful discovery S J Samartha former Director Dialogue Programme World Council of Churches Geneva C S Song explores the folk tales of the world and depicts God's answer to the thrust for the redemption of the people with one stroke of an Asian brush Here the culture religion history and suffering of the Asian people is the medium of God's redemptive revelation Certainly by this work he has contributed another transposition of the biblical message to Asia a monumental accomplishment in the formation of Asian theology Reading this Theology of Folk Tales is exciting and illuminative Nam Dong Suh Director Institute for Mission Education Seoul Korea C S Song is Professor of Theology and Asian Cultures at Pacific School of Religion His recent publications include The Believing Heart

**Theology of the Hebrew Bible, Volume 2** Soo Kim Sweeney, David Frankel, Marvin A. Sweeney, 2024-10-18 This follow up to Theology of the Hebrew Bible Volume 1 Methodological Studies focuses on readers engagement with the text and their communities Part 1 offers fresh interpretations of divine images and theological concepts drawn from various theophanies in the text Part 2 focuses on how these insights can form new overarching structures serving as reading strategies or foundations for alternative theologies Part 3 emphasizes the bond between readers and their communities highlighting the active participation of both ancient and modern readers through an analysis of past literature Contributors each an expert in their field include Rachel Adelman Samuel E Balentine Shelly L Birdsong Ginny Brewer Boydston Johanna Etzberger Frances Flannery David Frankel Barry R Huff Hyun Chul Paul Kim Barbara Leung Lai J Richard Middleton Hye Kyung Park Kris Sonek Brent A Strawn David E S Stein Marvin A Sweeney Soo Kim Sweeney Joseph Sykora Daniel C Timmer and Beat Weber This collection of essays guides readers including those well versed in theology to explore innovative and unexpected depictions of divine beings and how human characters respond to them

*The Story Retold* G. K. Beale, Benjamin L.

Gladd,2020-02-25 Israel s story is the church s story In this integrative introduction to the New Testament G K Beale and Benjamin L Gladd explore each New Testament book in light of the broad history of redemption emphasizing the biblical theological themes of each New Testament book Their distinctive approach encourages readers to read the New Testament in light of the Old not as a new story but as a story retold      Ecotheology Levente Hufnagel,2023-01-11 Ecotheology Sustainability and Religions of the World gives a very interesting overview of the frontiers of scientific research in this important multi and transdisciplinary area Its chapters use ecotheological approaches to discuss the multiple aspects of an environmental crisis from almost every segment of our planet This book will be very useful for everyone researchers teachers students or others interested in the field who would like to gain some insights into this aspect of our culture      **Girl/Friend Theology** Dori Grinenko Baker,2023-10-15 Images of God are rooted in us for better but sometimes for worse Adolescent girls and genderqueer teenagers often pay a heavy price when those images are oppressive But the best God images serve to free us all The work can be hard but Girl Friend Theology invites us to the work with joy playfulness and shared commitment Author Dori Baker updates her original work with expanded perspective added voices and stories and an ongoing dedication to liberating faith
