

STRAITS USED FOR INTERNATIONAL NAVIGATION

- ❑ Straits used for international navigations are straits which are used for international navigation between one part of the high seas or an exclusive economic zone and another part of the high seas or an exclusive economic zone.
- ❑ In international straits all ships and aircraft enjoy the right of transit passage, which shall not be impeded.
- ❑ Transit passage means the exercise of the freedom of navigation and overflight solely for the purpose of continuous and expeditious transit between one part of the high seas or an exclusive economic zone and another part of the high seas or an exclusive economic zone.
- ❑ States bordering straits may designate sea lanes and prescribe traffic separation schemes for navigation in straits where necessary to promote the safe passage of ships.
- ❑ There shall be no suspension of transit passage.

Koh,1980 **The Law of the Sea** ,1992 Navigational Rights and Freedoms and the New Law of the Sea Donald R.

Rothwell,Sam Bateman,2021-10-18 Navigational rights and freedoms have been central to the development of the law of the

sea since the original debates over whether the seas were open or closed to maritime traffic The 1982 UN Convention on the Law of the Sea recognises the legitimate rights of coastal states to proclaim sovereignty and assert jurisdiction over vast areas of maritime space In return maritime states are given a range of navigational rights over waters ranging from the territorial sea through to the high sea The new regime of the law of the sea created by the Convention presents an opportunity to review developments in the law of navigational rights and freedoms This book assesses the navigational regime established by the 1982 Convention with emphasis given to the continuing importance of the freedom of the seas Navigation in the territorial sea and international straits is reviewed especially in the Straits of Malacca and Singapore and the Torres Strait Archipelagic navigation from the perspective of two claimant states Indonesia and the Philippines and a user state South Korea is also considered The interaction of environmental concerns with navigational rights is an important feature of the current law of the sea regime with relevant conventions assessed and the role of the International Maritime Organization in developing navigational standards considered Both European and Canadian practice in the protection of sensitive marine environments and the impact upon navigational rights is also considered Finally the roles of the International Tribunal for the Law of the Sea and the International Maritime Organization in dispute resolution are reviewed before a concluding consideration of the future for navigational rights and freedoms in the twenty first century United Nations Convention on the Law of the Sea, 1982 Myron H. Nordquist, 1985 These commentaries are based almost entirely on the formal and informal documentation of the Third United Nations Conference on the Law of the Sea UNCLOS III 1973 1982 coupled where necessary with the personal knowledge of editors contributors or reviewers many of whom were principal negotiators or UN personnel who participated in the Conference *Freedom of Seas, Passage Rights and the 1982 Law of the Sea Convention* Myron H. Nordquist, Tommy Thong Bee Koh, John Norton Moore, 2009 Freedom of the seas and passage rights is a highly topical subject for the international community that cuts across a broad spectrum of scholarly disciplines and maritime operations The contents of the book include in depth analysis of current international and regional approaches to freedom of navigation transit passage through straits used for international navigation archipelagic sea lanes passage scientific research and hydrographic surveys in the Exclusive Economic Zone EEZ military surveys in the EEZ as well as vessel source pollution and protection of the marine environment Many of the chapters describe measures in place at multilateral and regional levels to improve information sharing and operational coordination This collection will especially appeal to those concerned with freedom of the seas and passage rights The CD accompanying the volume includes important documents such as the UN Convention on the Law of the Sea as well many PowerPoint presentations delivered at the conference It also includes a draft index to the multi volume series United Nations Convention on the Law of the Sea 1982 A Commentary This book contains the edited papers and associated documents from the 32nd annual Virginia conference held in Singapore January 9 10 2008 Presentations were delivered by government officials senior naval and coast guard
