Strange Freedom The Best Of Howard Thurman On Religious Experience And Public Life:

A Strange Freedom Howard Thurman, 2014-11-18 A spiritual advisor to Martin Luther King Jr the first black dean at a white university cofounder of the first interracial pastored intercultural church in the United States Howard Thurman offered a transcendent vision of our world This lyrical collection of select published and unpublished works traces his struggle with the particular manifestations of violence and hatred that mark the twentieth century His words remind us all that out of religious faith emerges social responsibility and the power to transform lives **Howard Thurman** Kipton E. Jensen, 2019-12-03 Although he is best known as a mentor to the Reverend Martin Luther King Jr Howard Thurman 1900 1981 was an exceptional philosopher and public intellectual in his own right In *Howard Thurman Philosophy Civil Rights and the Search for Common Ground* Kipton E Jensen provides new ways of understanding Thurman s foundational role in and broad influence on the civil rights movement and argues persuasively that he is one of the unsung heroes of that time While Thurman s profound influence on King has been documented Jensen shows how Thurman s reach extended to an entire generation of activists Thurman espoused a unique brand of personalism Jensen explicates Thurman s construction of a philosophy on nonviolence and the political power of love Showing how Thurman was a social activist mystic as well as a pragmatist Jensen explains how these beliefs helped provide the foundation for King s notion of the beloved community Throughout his life Thurman strove to create a climate of inner unity of fellowship that went beyond the barriers of race class and tradition In this volume Jensen meticulously documents and analyzes Thurman as a philosopher activist and peacemaker and illuminates his vital and founding role in and contributions to the monumental achievements of the civil rights era

Black Religious Intellectuals Clarence Taylor, 2013-04-15 Professor Clarence Taylor sheds some much needed light on the rich intellectual and political tradition that lies in the black religious community From the Pentecostalism of Bishop Smallwood Williams and the flamboyant leadership of the Reverend Al Sharpton to the radical Presbyterianism of Milton Arthur Galamison and the controversial and mass mobilization by Minister Louis Farrakhan black religious leaders have figured prominently in the struggle for social equality in America **The Way of the Mystics** Eisenstadt, Peter, Fluker, Walter Earl, 2021-08-25 Sermons by Howard Thurman on mystics and mysticism **The Domestication of Martin Luther King Jr.** Lewis V. Baldwin, Rufus Burrow, 2013-07-03 Clarence B Jones close King advisor and draft speechwriter has done much to reinforce a conservative hijacking of King s image with the publication of his controversial books *What Would Martin Say* 2008 and *Behind the Dream* 2011 King emerges from Jones s books not as a prophetic radical who attacked systemic racial injustice economic exploitation and wars of aggression but as a fiercely conservative figure who would oppose affirmative action and illegal immigration *The Domestication of Martin Luther King Jr* offers a critique of Jones s work and the larger effort on the part of right wing conservatives to make King a useful symbol or the sacred aura in a protracted campaign to promote their own agenda for America This work establishes the need to rethink King s legacy of ideas and

activism and its importance for our society and culture Contributors include Lewis V Baldwin Rufus Burrow Jr Adam Fairclough Walter Earl Fluker Shirley T Geiger Cheryl A Kirk Duggan Michael G Long Rosetta E Ross George Russell Seay Jr Traci C West

Contemplation and Freedom Benedict R. Shoup, Mary Frohlich, 2025-04-22 How does prayer shape action How does sustained engagement in deep prayer shape our very freedom to act This volume explores the relationship between Christian contemplative prayer and the exercise of freedom Over the past half century the desire for a better integration of spirituality and theology has emerged as a significant theme in theological writing While the question of freedom has not been absent from this discourse this volume highlights it by bringing it to the very center of the conversation Eleven theologians explore the dialectical relationship between contemplation and freedom by engaging with a wide array of sources ranging from Maximus the Confessor to Edith Stein from Howard Thurman to Bernard Lonergan from the Tibhirine martyrs to M Shawn Copeland This symphony of voices unveils the methodological fruitfulness of placing contemplative prayer at the center of life theory and practice

Emancipation Betrayed Paul Ortiz, 2005-03-29 Paul Ortiz's lyrical and closely argued study introduces us to unknown generations of freedom fighters for whom organizing democratically became in every sense a way of life Ortiz changes the very ways we think of Southern history as he shows in marvelous detail how Black Floridians came together to defend themselves in the face of terror to bury their dead to challenge Jim Crow to vote and to dream David R Roediger author of *Colored White Transcending the Racial Past* *Emancipation Betrayed* is a remarkable piece of work a tightly argued meticulously researched examination of the first statewide movement by African Americans for civil rights a movement which since has been effectively erased from our collective memory The book poses a profound challenge to our understanding of the limits and possibilities of African American resistance in the early twentieth century This analysis of how a politically and economically marginalized community nurtures the capacity for struggle speaks as much to our time as to 1919 Charles Payne author of *I've Got the Light of Freedom*

Africana Cultures and Policy Studies Z. Williams, 2009-06-08 This book introduces Africana Cultures and Policy Studies as an interdisciplinary field of study rooted in the historical experience of people of African descent and focusing on policy development analysis and practical application

Soul Woundedness Paul Houston Blankenship-Lai, 2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle's unhoused youth *Soul Woundedness* is an intimate piercing book about everyday life for young adults living on the streets of Seattle Based on over five years of research and as a participant observer Paul Houston Blankenship-Lai presents the personal experiences of street kids highlighting how their spiritual beliefs and practices offer them comfort a sense of community and a feeling of belonging amidst their struggles They also demonstrate how spirituality on the streets can alienate people from themselves and the world The stories Blankenship-Lai tells here are about how social wounds go soul deep and how seemingly antireligious spiritual practices fashioned in an almost unlivable local world help people create a life still worth living By paying deep sustained attention to what spirituality is like on the streets and what difference it

makes Blankenship Lai uncovers an important overlooked dimension in the experience and study of homelessness They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create a more loving love Aimed at a diverse audience Soul Woundedness is a book not merely to educate but to transform It is particularly relevant for those interested in spirituality's role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change making a compelling case for a world where everyone has a place to call home

Pragmatism and the Problem of Race Bill E. Lawson, Donald F. Koch, 2004-04-21 A collection of essays examining a pragmatic approach to racism How should pragmatists respond to and contribute to the resolution of one of America's greatest and most enduring problems Given that the most important thinkers of the pragmatist movement Charles S. Peirce, William James, John Dewey, and George Herbert Mead said little about the problem of race, how does their distinctly American way of thinking confront the hardship and brutality that characterizes the experience of many African Americans in this country In twelve thoughtful and provocative essays, contemporary American pragmatists connect ideas with action and theory with practice to come to terms with this seemingly intractable problem Exploring themes such as racism and social change, the value of the concept of race, the role of education in ameliorating racism, and the place of democracy in dealing with the tragedy of race, the voices gathered in this volume consider how pragmatism can focus new attention on the problem of race Contributors are Michael Eldridge, Eddie S. Glaude Jr., Judith M. Green, D. Micah Hester, Donald F. Koch, Bill E. Lawson, David E. McClean, Gregory F. Pappas, Scott L. Pratt, Alfred E. Prettyman, John R. Shook, Paul C. Taylor, and Cornel West

Lord Cornwallis Is Dead Nico Slate, 2019-02-11 Do democratic states bring about greater social and economic equality among their citizens Modern India embraced universal suffrage from the moment it was free of British imperial rule in 1947, a historical rarity in the West, and yet Indian citizens are far from realizing equality today The United States, the first British colony to gain independence, continues to struggle with intolerance and the consequences of growing inequality in the twenty-first century From Boston Brahmins to Mohandas Gandhi, from Hollywood to Bollywood, Nico Slate traces the continuous transmission of democratic ideas between two former colonies of the British Empire Gandhian nonviolence lay at the heart of the American civil rights movement Key Indian freedom fighters sharpened their political thought while studying and working in the United States And the Indian American community fought its own battle for civil rights Spanning three centuries and two continents, *Lord Cornwallis Is Dead* offers a new look at the struggle for freedom that linked two nations While the United States remains the world's most powerful democracy, India, the world's most populous democracy, is growing in wealth and influence Together, the United States and India will play a predominant role in shaping the future of democracy

The Other Black Church Joseph L. Tucker Edmonds, 2020-12-02 The Other Black Church: Alternative Christian Movements and the Struggle for Black Freedom examines the movements led by Father Divine, Charles Mason, and Albert Cleage, later known as Jaramogi Abebe Agyeman, as alternative Christian movements in the middle of the twentieth century that radically

re envisioned the limits and possibilities of Black citizenship These movements not only rethink the value and import of Christian texts and reimagined the role of the Black Christian prophetic tradition but they also outlined a new model of protest that challenged the language and logic of Black essentialism economic development and the role of the state By placing these movements in conversation with the long history of Black theology and Black religious studies this book suggests that alternative Christian movements are essential for thinking about African American critiques of and responses to the failures of U S based democracy These prophets of Black theological thought and their attention to the limits of the state and traditional Black religious formations are most fully appreciated when studied in light of their conversations and interactions with other key Black prophetic and theological figures of the mid twentieth century Ultimately The Other Black Church will use those conversations and archives from these movements to highlight their protest of the racial state to explore the limits of the Black church and to argue for their continued significance for thinking about the variety and vibrancy of Black protest specifically Black religious protest during the twentieth century

commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom United by Faith Curtiss Paul DeYoung, Michael O. The Relevance of Bernard Lonergan's Notion of Self-appropriation to a Mystical-political Theology Ian B. Bell, 2008 In The Relevance of Bernard Lonergan's Notion of Self Appropriation to a Mystical Political Theology Ian Bell takes on the issue of the separation of the interior and exterior lives that has come to dominate mystical theology over the years The mystical life he claims is necessarily involved in the establishment of social structures and institutions that govern human living and the work of Bernard Lonergan on the human subject provides a means by which the connection between the interior and exterior lives may be established Because human persons operate in a consistent pattern regardless of a given moment's particularities mystical experience is no longer relegated to so called spiritual matters and the insights of mystics may be applied to the Christian call to live as agents of love With this connection in place mystical theology and political theology come together in a theology that is both mystical and political
