Brown,2024-06-01 A few years ago the author of *The Psi Connection* had a disturbing experience while experimenting with self hypnosis He saw a vision of a past life in which it appeared he had lived as a farmer in the 1800s He tried twice more and each time had a similar vision that seemed to be from the same time and place Frightened by the implications he strongly rejected the possibility that these experiences were real As a journalist with a scientific background he could not accept the reality of this bizarre phenomenon and explained it to himself as having come from his unconscious mind similar to dreams But he still had doubts Finally when he began to talk about the subject he learned that others also had experienced visions of past lives Launched on a voyage of discovery he began to realize that many events in his life could not be explained by science or common sense but only through the manifestation of paranormal powers He continued to interview others who shared their experiences in such things as telepathy psychokinesis distance viewing precognition near death experiences and other uncanny events He began to research the subject and learned that there is a large body of evidence to support the reality of paranormal powers And strikingly he began to see other manifestations of his own mental powers He became aware of the possibility that there are

Donnelly,2016-03-03 A revolutionary figure throughout his career Dante Gabriel Rossetti s work provides a distinctly revolutionary lens through which the Victorian period can be viewed Suggesting that Rossetti s work should be approached through his poetry Brian Donnelly argues that it is both inscribed by and inscribes the development of verbal as well as visual culture in the Victorian era In his discussions of modernity aestheticism and material culture he identifies Rossetti as a central figure who helped define the terms through which we approach the cultural productions of this period Donnelly begins by articulating a method for reading Rossetti s poetry that highlights the intertextual relations within and between the poetry and paintings His interpretations of such poems as the *Mary s Girlhood* sonnets the sonnet sequence *The House of Life* and *The Orchard Pit* in relationship to paintings such as *The Girlhood of Mary Virgin* and *Ecce Ancilla Domini* shed light on Victorian ideals of femininity on consumer culture and on the role of gender hierarchies in Victorian culture Situating Rossetti s poetry as the key to all of his work Donnelly also makes a case for its centrality in its representation of the dominant discourses of the late Victorian period faith sex consumption death and the nature of representation itself
