Siegler, Judy S. DeLoache, Nancy Eisenberg, 2003 An highly anticipated new text for the topically organized child development course written by three of the field s most accomplished researchers White Blood Mel Greaves, 2008 There are countless academic books on the subject of childhood leukemia The idea behind this book however is very different Here we look at the extraordinary story of childhood leukemia from very distinct and unique perspectives a distinguished physician who has lived through the transition of the disease from despair to success and who played a key role in the latter a distinguished laboratory scientist who has helped breach the barrenness of biological ignorance of the disease to reveal its nature a patient who has been confronted with the tough realities of the illness and has been cured and parents who have been given the worst possible news that their child is diagnosed with leukemia and who have endured the prolonged treatment hope and despair or relief

that follows These individuals recount their personal experiences challenges and interactions with the disease in ways that complement and contrast with each other Thus not only does the book contain extraordinary stories involving the very best of biomedical research and clinical advances but it also embodies very human tales of resilience optimism and courage The Secret Country Pamela Dean, 2003-10-13 What happens when your fantasy world turns real Each vacation for the past nine years cousins Patrick Ruth Ellen Ted and Laura have played a game they call the Secret and invented scripted world full of witches unicorns a magic ring court intrigue and the Dragon King In the Secret they can imagine anything into reality and shape destiny Then the unbelievable happens by trick or by chance they actually find themselves in the Secret Country their made up identities now real The five have arrived at the start of their games with the Country on the edge of war What was once exciting and wonderful now looms threateningly before them and no one is sure how to stop it or if they will ever get back home An intricate sparkling web of intrigue and magic One of me very favorites Patricia C Wrede author of Dealing with Dragons
