Strange New Religions

James R. Lewis

Strange New Religions:

Strange Rites Tara Isabella Burton, 2020-06-16 A sparkingly strange odyssey through the kaleidoscope of America's new spirituality the cults practices high priests and prophets of our supposedly post religion age Fifty five years have passed since the cover of Time magazine proclaimed the death of God and while participation in mainstream religion has indeed plummeted Americans have never been more spiritually busy While rejecting traditional worship in unprecedented numbers today's Americans are embracing a kaleidoscopic panoply of spiritual traditions rituals and subcultures from astrology and witchcraft to SoulCycle and the alt right As the Internet makes it ever easier to find new tribes and consumer capitalism forever threatens to turn spirituality into a lifestyle brand remarkably modern American religious culture is undergoing a revival comparable with the Great Awakenings of centuries past Faith is experiencing not a decline but a Renaissance Disillusioned with organized religion and political establishments alike more and more Americans are seeking out spiritual paths driven by intuition not institutions In *Strange Rites* religious scholar and commentator Tara Isabella Burton visits with the techno utopians of Silicon Valley Satanists and polyamorous communities witches from Bushwick wellness junkies and social justice activists and devotees of Jordan Peterson proving Americans are not abandoning religion but remixing it In search of the deep and the real they are finding meaning purpose ritual and communities in ever newer ever stranger ways

Strange New Religions Leon McBeth, 1977 [The Encyclopedia of Cults, Sects, and New Religions](#) James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults Sects and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven's Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups

Legitimizing New Religions James R. Lewis, 2003 James R Lewis has written the first book to deal explicitly with the issue of how emerging religions legitimate themselves He contends that a new religion has at least four different though overlapping areas where legitimacy is a concern making converts maintaining followers shaping public opinion and appeasing government authorities The legitimacy that new religions seek in the public realm is primarily that of social acceptance Mainstream society's acknowledgement of a religion as legitimate means recognizing its status as a genuine religion and thus recognizing its right to exist Through a series of wide ranging case studies Lewis explores the diversification of legitimization strategies of new religions as well the tactics that

their critics use to de legitimate such groups Cases include the Movement for Spiritual Inner Awareness Native American prophet religions spiritualism the Church of Christ Scientist Scientology Church of Satan Heaven s Gate Unitarianism Hindu reform movements and Soka Gakkai a new Buddhist sect Since many of the issues raised with respect to newer religions can be extended to the legitimation strategies deployed by established religions this book sheds an intriguing new light on classic questions about the origin of all religions *When Prophets Die* Timothy Miller,1991-01-01 When the charismatic founder leader of a religious movement dies the popular belief is that the movement usually disintegrates However many new religions not only survive but prosper despite leadership transition In this book prominent scholars examine what happened to eleven new movements following the deaths of their leaders and why An Introduction by J Gordon Melton serves to integrate the case studies *Strange Religion* Nijay K. Gupta,2024-02-27 A fresh and rigorously researched take on Christianity s founding Publishers Weekly The first Christians were weird Just how weird is often lost on today s believers Within Roman society the earliest Christians stood out for the oddness of their beliefs and practices They believed unusual things worshiped God in strange ways and lived a unique lifestyle They practiced a whole new way of thinking about and doing religion that would have been seen as bizarre and dangerous when compared to Roman religion and most other religions of the ancient world Award winning author blogger speaker and New Testament teacher Nijay Gupta traces the emerging Christian faith in its Roman context in this accessible and engaging book Christianity would have been seen as radical in the Roman world but some found this new religion attractive and compelling The first Christians dared to be different pushed the boundaries of what was acceptable transformed how people thought about religion and started a movement that grew like wildfire Brought to life with numerous images this book shows how the example of the earliest Christians can offer today s believers encouragement and hope New Religions Eugene V. Gallagher, Lydia Willsky-Ciollo,2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that

run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities *Japanese Religions on the Internet* Erica Baffelli, Ian Reader, Birgit

Staemmler, 2013-05-13 *Japanese Religions on the Internet* draws attention to how religion is being presented represented and discussed on the Japanese Internet Its intention is to contribute to wider discussions about religion and the Internet by providing an important example based on one of the Internet s most prominent languages of how new media technologies are being used and are impacting on religion in the East Asian context while also developing further our understandings of religion in a technologically advanced country Scholars studying the relationship of religion and the Internet can no longer work on prevailing notions that have thus far characterised the field such as the assumption that the Internet is a Western centric phenomenon and that studies of English language sites relating to religion can provide a viable model for wider analyses of the topic Despite this growing amount of research on religion and the Internet comparatively little has focused on non Western cultures The general field of study relating to religion and the Internet has paid scant attention to Asian contexts The field needs a full length and comprehensive study that focuses on the Japanese religious world and the Internet not merely to redress the imbalances of the field thus far but also because such studies will be central to the emerging field of the study of religion and the Internet in future They will provide important means of developing new theories constructing new paradigms and understanding the underlying dynamics of this new media form **Krishna Consciousness in the West** David G. Bromley, Larry D. Shinn, 1989 Scholars of comparative religion theology philosophy History sociology and psychology and members of the Hare Krishna movement discuss the history theology and organization of the International Society for Krishna Consciousness and public reaction to the movement in America **Theological Vignettes** Gary Morton, 2008-11-19 *Theological Vignettes* is a Christian book that addresses religious questions that have arisen in modern times In a new age of atheism false gods and occult fads I have reached out for genuine belief Articles in this book counter many of the arguments humanists atheists and others make against the Christian faith The book takes different approaches and is not an essay only **Handbook of Nordic New Religions**, 2015-06-24 When James R Lewis one of the editors of the current collection first moved to Norway in late 2009 he was unprepared to discover that so many researchers in Nordic countries were producing innovative scholarship on new religions and on the new age subculture In fact over the past dozen years or so an increasingly disproportionate percentage of new religions scholars have arisen in Nordic countries and teach at universities in Denmark Finland Norway Sweden and the Baltic countries *Nordic New Religions* co edited with Inga B T

llefsen surveys this rich field of study in this area of the world focusing on the scholarship being produced by scholars in this region of northern Europe **Apocalyptic Fever** Richard G. Kyle, 2012-08-01 How will the world end Domsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The

views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1979

God's Mechanics Guy Consolmagno, 2010-12-03 With an adroit and self effacing style a Catholic brother astronomer and physicist explains how scientists and engineers make sense of religion In *God's Mechanics* Brother Guy tells the stories of those who identify with the scientific mindset so called techies while practicing religion A self described techie astronomer physicist and Director of the Vatican Observatory Brother Guy shares some classic philosophical reflections as well as his interviews with dozens of fellow techies and his own personal take on his Catholic beliefs to provide like a set of worked out sample problems the hard data on the challenges and joys of embracing a life of faith as a techie And he also gives a roadmap of the traps that can befall an unwary techie believer With lively prose and wry humor Brother Guy shows how he not only believes in God but gives religion an honored place alongside science in his life This book offers an engaging look at how and why scientists and those with technological leanings can hold profound unprovable religious beliefs while working in highly empirical fields Through his own experience and interviews with other scientists and engineers who profess faith Brother Guy explores how religious beliefs and practices make sense to those who are deeply rooted in the world of technology Brother Guy Consolmagno speaks in the softest sanest voice imaginable as he enters the current firestorm of opinion re science and religion His engaging commentary exposes the mindset of a true techie but one who equates science with a sacred act Dava Sobel author *Galileo's Daughter*

[The Mormon Question](#) Sarah Barringer Gordon, 2003-01-14 From the Mormon Church's public announcement of its sanction of polygamy in 1852 until its formal decision to abandon the practice in 1890 people on both sides of the Mormon question debated central questions of constitutional law Did principles of religious freedom and local self government protect Mormons claim to a distinct religiously based legal order Or was polygamy as its opponents claimed a new form of slavery this time for white women in Utah And did constitutional principles dictate that democracy and true liberty were founded on separation of church and state As Sarah Barringer Gordon shows the answers to these questions finally yielded an apparent victory for antipolygamists in the late nineteenth century but only after decades of argument litigation and open conflict Victory came at a price as attention and national resources poured into Utah in the late 1870s and 1880s antipolygamists turned more and more to coercion and punishment in the name of freedom They also left a legacy in constitutional law and political theory that still

governs our treatment of religious life Americans are free to believe but they may well not be free to act on their beliefs

A History of the Churches in Australasia Ian Breward, 2001-12-13 This pioneering study of Australian New Zealand and Pacific Christianity opens up new perspectives on Christianization and modernization in this richly complex region The reception of Christianity into Pacific cultures has produced strongly Christian societies Based on research in widely scattered archives this book not only deals with regional interactions but pays careful attention to developments in microstates and to the variety of indigenous religious movements which were earlier regarded as deviations from Christian orthodoxy but are now seen as significant adaptations of Christian teaching In Australia and New Zealand too European Christian beginnings have been given local emphases producing Churches with distinctive identities Lay leadership is emphasized not only in the Churches but as part of the Christian presence in the realms of politics business and culture The broad liturgical theological constitutional and pastoral developments of the 19th and 20th centuries are mapped as a context for the striking changes which have taken place since the 1960s The dynamics of religious change and conflict the ambiguities of religious authority and the destructive effects of Christian colonialism on indigenous communities especially Australian aborigines are all frankly dealt with The decline of the institutional impact of the Churches in Australia and New Zealand is explored as is the growth of partnership between government and Churches in education social welfare and overseas aid and development Interchange in personnel and ideas is strikingly illustrated in the missionary activities of the regional Churches and their cultural impact The author's involvement in Church and community leadership ecumenism and theological education makes this volume in The Oxford History of the Christian Church a valuable addition to the series describing both continuities with world Christianity and little known local developments

Historic Adventures Rupert Sargent Holland, 2022-06-02 In Historic Adventures Rupert Sargent Holland offers a captivating exploration of significant historical events through a vibrant narrative style that merges factual accuracy with imaginative storytelling The book weaves together elements of adventure and drama inviting readers to re experience pivotal moments in history that shaped our world Written during a time when the need for accessible yet informative historical literature was burgeoning in the early 20th century Holland's work stands out for its ability to engage a broad audience ensuring that each event is both educational and entertaining Rupert Sargent Holland was an eminent American writer and historian whose passion for history was ignited in his youth through his family's literary and cultural background His extensive travels and studies across various continents allowed him to gather diverse perspectives enriching his narrative style Holland's commitment to making history engaging for all emerged from his belief that history is not merely a record of the past but a testament to human experience I highly recommend Historic Adventures to both history enthusiasts and casual readers alike as it not only illuminates the past but also inspires a deeper appreciation for the human story within these events Holland's dexterous blending of fact and fiction creates an immersive experience that resonates with the curious mind

The Anthropology of Religion, Magic, and Witchcraft -- Pearson eText Rebecca L

Stein, Philip Stein, 2015-08-07 This book emphasizes the major concepts of both anthropology and the anthropology of religion and examines religious expression from a cross cultural perspective while incorporating key theoretical concepts It is aimed at students encountering anthropology for the first time *Religions in the Modern World* Linda Woodhead, Christopher Partridge, Hiroko Kawanami, 2016-01-13 Religions in the Modern World Traditions and Transformations Third Edition is the ideal textbook for those coming to the study of religion for the first time as well as for those who wish to keep up to date with the latest perspectives in the field This third edition contains new and upgraded pedagogic features including chapter summaries key terms and definitions and questions for reflection and discussion The first part of the book considers the history and modern practices of the main religious traditions of the world while the second analyzes trends from secularization to the rise of new spiritualities Comprehensive and fully international in coverage it is accessibly written by practicing and specialist teachers **The Oxford Handbook of New Religious Movements** James R Lewis, 2008-07-17 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs

Strange New Religions Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Strange New Religions PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they

need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Strange New Religions PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Strange New Religions free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Strange New Religions Books

1. Where can I buy Strange New Religions books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Strange New Religions book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Strange New Religions books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Strange New Religions audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Strange New Religions books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
