Mrs. Andrew Lang

Strange Story:

The Strange Story Book Lang, 2017-12-12 A collection of stories compiled by the widow of the renowned children's short story collector Andrew Lang. She describes this as the final installment of his series of fairy stories and includes some of those stories he had not included in other collections. *Finding List*, 1908

The Strange Story Book Mrs. Andrew Lang, 2024-02-03 Now as this is the very last book of all this series that began in the long long ago perhaps you may like to hear something of the man who thought over every one of the twenty-five for fear lest a story should creep in which he did not wish his little boys and girls to read. He was born when nobody thought of travelling in anything but a train, a very slow one, or a steamer. It took a great deal of persuasion to induce him later to get into a motor, and he had not the slightest desire to go up in an aeroplane, or to possess a telephone. Somebody once told him of a little boy who, after giving a thrilling account at luncheon of how Randolph had taken Edinburgh Castle, had expressed a desire to go out and see the Museum. I like old things better than new, said the child. I wish I knew that little boy. Observed the man. He would just suit me. And that was true for he too loved great deeds of battle and adventure as well as the curious carved and painted fragments guarded in museums which show that the lives described by Homer and the other old poets were not tales made up by them to amuse tired crowds gathered round a hall fire, but were real, real as our lives now, and much more beautiful and splendid. All beasts were his friends just because they were beasts, unless they had been very badly brought up. He never could resist a cat, and cats like beggars tell each other these things and profit by them. A cat knew quite well that it had only to go on sitting for a few days outside the window where the man was writing, and that if it began to snow or even to rain, the window would be pushed up, and the cat would spend the rest of its days stretched in front of the fire with a saucer of milk beside it, and fish for every meal. But life with cats was not all peace, and once a terrible thing happened when Dickon drew the blade, was the Puss in Possession. His master was passing through London on the way to take a journey to some beautiful old walled towns in the south of France where the English fought in the Hundred Years War, and he meant to spend a few weeks in the country along the Loire which is bound up with the memory of Joan of Arc. Unluckily the night after he arrived from Scotland, Dickon went out for a walk on the high trellis behind the house, and once there did not know how to get down again. Of course it was quite easy, and there were ropes of Virginia creeper to help, but Dickon lost his presence of mind, and instead of doing anything sensible, only stood and shrieked while his master got ladders and steps and clambered about in the dark and in the cold till he put Dickon on the ground again. Then Dickon's master went to bed but woke up so ill that he was obliged to do without the old towns and go when he was better to a horrid place called Cannes, all dust and tea parties.

The Nail in the Skull and Other Victorian Urban Legends Simon Young, 2022-06-27 Winner of the 2023 Brian McConnell Book Award from the International Society for Contemporary Legend Research. In the last fifty years, folklorists have amassed an extraordinary corpus of contemporary legends including the Choking Doberman, the Eaten Ticket, and the Vanishing Hitchhiker. But what

about the urban legends of the past These legends and tales have rarely been collected and when they occasionally appear they do so as ancestors or precursors of the urban legends of today rather than as stories in their own right In *The Nail in the Skull and Other Victorian Urban Legends* Simon Young fills this gap for British folklore and for the wider English speaking world of the 1800s Young introduces seventy Victorian urban legends ranging from Beetle Eyes to the Shoplifter's Dilemma and from Hands in the Muff to the Suicide Club While a handful of these stories are already known the vast majority have never been identified and they have certainly never received scholarly treatment Young begins the volume with a lengthy introduction assessing nineteenth century media emphasizing the importance of the written word to the perpetuation and preservation of these myths He draws on numerous nineteenth century books periodicals and ephemera including digitized newspaper archives particularly the British Newspaper Archive an exciting new hunting ground for folklorists *The Nail in the Skull and Other Victorian Urban Legends* will appeal to an academic audience as well as to anyone who is interested in urban legends
