Stranger In Havana:

Stranger in Havana Robert B. Abel, 2004-06-01 The Buoy is a psycho dramatic novel with spiritual overtones written to take the reader out of his day to day existence into a dimension that lies between life and death This is a place of quasi existence where one is forced to observe but inhibited from interfering in the affairs of those into whose company he is thrust There he must watch helplessly while disastrous events unfold through an encounter with a castaway fisherman s buoy with bizarre properties This buoy traps a scientist in a strange psycho physical vortex that sweeps him out to sea There the scientist relives the events that brought the buoy to the shores of America in the first place The drama unfolds over a hundred years and involves two ships a nineteenth century sailing vessel and a modern sophisticated diesel powered vessel engaged in oceanographic research *The Stranger in the Tropics* C. Talking to Strangers Shea, Geraldine Halls, **Strangers Among Us** Roberto Suro, 1999-05-18 **Strangers Among Us** is a lucid informed and cliché shattering examination of Latino immigration to the United States its history the vast transformations it is fast producing in American society and the challenges it will present for decades to come In making vivid an array of people places and events that are little known to most Americans the author an American journalist who is himself the son of Latino immigrants makes an often bewildering phenomenon vastly more understandable He tells the stories of a number of large Latino communities linked in a chronological narrative that starts with the Puerto Rican migration to East Harlem in the 1950s and continues through the California bound rush of Mexicans and Central Americans in the 1990s He takes us into the world of Mexican American gang members Guatemalan Mayas in suburban Houston Cuban businessmen in Miami Dominican bodega owners in New York We see people who represent a unique transnationalism and a new form of immigrant assimilation foreigners who come from close by and visit home frequently so that they virtually live in two lands Like other groups of immigrants who preceded them onto American shores Latinos as they begin to find a place for themselves here are changing the way this nation thinks of itself These are people who defy easy categorization they are

neither white nor black their households often include both legal and illegal immigrants most struggle toward some kind of economic stability but so many others fall short that they have become the new face of the urban poor Some Latinos endure the special poverty of people who work long hours for wages that barely ensure survival Their children grow up learning more from their televisions than from their teachers knowing what they want from America but not how to get it Looking to the future we see clearly that the sheer number of Latino newcomers will force the United States to develop new means of managing relations among diverse ethnic groups and of creating economic opportunity for all But we also see a catalog of conflict and struggle Latinos in confrontation with blacks Latinos wrestling with the strain of illegal immigration on their communities Latinos fighting the backlash that is denying legal immigrants access to welfare programs Critical both of incoherent government policies and of the failures of minority group advocacy the author proposes solutions of his own including a rejection of illegal immigration by Latinos themselves paired with government efforts to deter unlawful journeys into the United States and a new emphasis on English language training as an aid to successful assimilation Roberto Suro has written a timely controversial and hugely illuminating book **Talking to Strangers** Malcolm Gladwell,2019-09-10 Malcolm Gladwell host of the podcast Revisionist History and author of the 1 New York Times bestseller Outliers offers a powerful examination of our interactions with strangers and why they often go wrong now with a new afterword by the author A Best Book of the Year The Financial Times Bloomberg Chicago Tribune and Detroit Free Press How did Fidel Castro fool the CIA for a generation Why did Neville Chamberlain think he could trust Adolf Hitler Why are campus sexual assaults on the rise Do television sitcoms teach us something about the way we relate to one another that isn't true Talking to Strangers is a classically Gladwellian intellectual adventure a challenging and controversial excursion through history psychology and scandals taken straight from the news He revisits the deceptions of Bernie Madoff the trial of Amanda Knox the suicide of Sylvia Plath the Jerry Sandusky pedophilia scandal at Penn State University and the death of Sandra Bland throwing our understanding of these and other stories into doubt Something is very wrong Gladwell argues with the tools and strategies we use to make sense of people we don't know And because we don't know how to talk to strangers we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world In his first book since his 1 bestseller David and Goliath Malcolm Gladwell has written a gripping guidebook for troubled times **United States Tobacco Journal** ,1908 **In the Hands of Strangers** Robert Edgar Conrad,2010-11-01 In the Hands of Strangers is a collection of sixty seven documents by writers and witnesses from the past both black and white that offer perspectives on the trade and movement of slaves Many elucidate the long standing discord between North and South over the issue of slavery Documents are divided into three parts that cover the African slave trade the internal U S slave trade and the series of conflicts and crises that led to the Civil War They cover a variety of topics including the forced transport of slaves throughout East Coast and Gulf Coast states buying and selling of slaves increasingly contentious debates over the legitimacy

of slavery and effects of the breakup of families The volume concludes with a brilliant essay by Frederick Douglass that asks the question What shall be done with the Negro
