Stranger Traveler Dorothea Dix:

Stranger and traveler: the story of Dorothea Dix, American reformer Dorothy Clarke Wilson, 1975 Dorothea **Dix** Margaret Muckenhoupt, 2004-04-08 Publisher Description Dorothea Dix and Dr. Francis T. Stribling: an Intense Friendship Alice Davis Wood, 2008-10-21 This is primarily the story of the long time friendship between Dorothea Dix and Dr Stribling as told by them in their unedited letters The letters are preceded by summaries of their life experiences at the time their friendship began Dix was the most politically active and well traveled woman her time She enlarged or founded thirty two mental hospitals in fifteen states and other countries fifteen schools for the feeble minded a school for the blind and several training schools for nurses Dix successfully petitioned Congress to create the Government Hospital for the Insane in Washington D C Dix petitioned Congress in 1854 to sell twelve million acres of public land whose proceeds would befit the insane blind and paupers throughout the nation After it was passed by Congress but then vetoed by Congress a devastated Dix too ill to work traveled to England to recuperate By the late 60s Western State and similar institutions were filled with incurable patients leaving little room for those who could be cured By 1871 only eight of Striblings patients were expected to be cured twenty six others were doubtful and the remaining three hundred and six patients were decidedly unfavorable The situation was depressing for Stribling his staff and the caretakers who constantly drew on their skills energies and goodness of heart to soothe patients depressed spirits and replace their delusions with pleasant thoughts It would have been far easier to restore curable patients who would be in the hospital only for the brief duration of their illness Stribling died in 1974 Because of his crusade to cure the insane in the South he had been one of the most influential Virginians of his time Dix continued her crusade until the Civil war when she became head of the Union nurses Afterwards she resumed her efforts to help those who could not help themselves Dix died on July 17 1887 at the New Jersey State Hospital at Trenton **Z** of the Jacksonian Era and Manifest Destiny Terry Corps, 2009-07-27 The brief period from 1829 to 1849 was one of the most important in American history During just two decades the American government was strengthened the political system consolidated and the economy diversified All the while literature and the arts the press and philanthropy urbanization and religious revivalism sparked other changes The belief in Manifest Destiny simultaneously caused expansion across the continent and the wretched treatment of the Native Americans while arguments over slavery slowly tore a rift in the country as sectional divisions grew and a national crisis became almost inevitable The A to Z of the Jacksonian Era and Manifest Destiny takes a close look at these sensitive years Through a chronology that traces events year by year and sometimes even month by month actions are clearly delineated. The introduction summarizes the major trends of the epoch and the four administrations therein The details are then supplied in several hundred cross referenced dictionary entries and the bibliography concludes this essential tool for anyone interested in history The State of Health and Health Care in Mississippi Mario J. Azevedo, 2015-01-30 In this multidisciplinary book the editor and contributors provide the most accurate

and most recent information on health and health care in the State of Mississippi They explain why the state finds itself in precarious health conditions and reveal the prevailing circumstances as the state debates a path toward a comprehensive health care system for its citizens They show who has had access to good health care in the state and celebrate the heroes who struggled to provide health care to all Mississippians and contribute to the debate on how the health care system might be restructured reconstructed or adjusted to meet the needs of all people in the state regardless of race ethnicity socioeconomic status and national origin The issue of health disparities and socio economic status leads to a relevant discussion of whether health and access to quality care are a right of all people as the United Nations has proclaimed or the privilege of a few who have the economic resources and the political clout to purchase first rate care The volume offers a clear understanding of health care trends in the state since the inception of its health system during the eighteenth and early nineteenth centuries up to the present and the prospects of transcending the obstacles of its own creation over the past two centuries It likewise highlights the economic challenges that Mississippi like other states confronts and how wise and realistic its priorities are in meeting the needs of its diverse populations particularly racial and ethnic minorities First White House Library Catherine M. Parisian, 2010 The First White House Library is the first book to consider the history of books and reading in the Executive Mansion American Social Leaders and Activists Neil A. Hamilton, 2014-05-14 Profiles more than 285 men and women who fought for social reform and influenced American history Prisons and Correctional Facilities Mary Bosworth, 2005 Are included Annotation 2004 Book News Inc Portland OR booknews com **The Language of Flowers** Beverly Seaton, 2012-10-10 The author traces the phenomenon of ascribing sentimental meaning to floral imagery from its beginnings in Napoleonic France through its later transformations in England and America At the heart of the book is a depiction of what the three most important flower books from each of the countries divulge about the period and the respective cultures Seaton shows that the language of flowers was not a single and universally understood correlation of flowers to meanings that men and women used to communicate in matters of love and romance The language differs from book to book country to country To place the language of flowers in social and literary perspective the author examines the nineteenth century uses of flowers in everyday life and in ceremonies and rituals and provides a brief history of floral symbolism She also discusses the sentimental flower book a genre especially intended for female readers Two especially valuable features of the book are its table of correlations of flowers and their meanings from different sourcebooks and its complete bibliography of language of flower titles. This book will appeal not only to scholars in Victorian studies and women s studies but also to art historians book collectors museum curators historians of horticulture and anyone interested in nineteenth century popular culture Mind Games Eric Caplan, 2001-03-13 Traces the causal paths linking culture the profession and knowledge in the formation of the uses and study of psychotherapy in America at the end of the 19th century On Loss and Losing Melvyn L. Fein, 2017-09-08 All people suffer instances of personal loss that

cause distress All too often their discomfort is treated as a medical issue requiring treatment usually through medication Melvyn L Fein argues for a broader understanding of loss and losing that offers another approach which he characterizes as resocialization Indeed how a person thinks feels and acts may all need to be reorganized if personal distress is to be overcome Fein urges that we distinguish between the loss of something we once possessed and losing something that never came to fruition Thus it is possible never to achieve vital social roles social statuses and or personal bonds despite our individual efforts While some of these losses are not necessarily problematic others are extremely painful Unfortunately rather than investigate the source of this discomfort distraught individuals frequently seek refuge in simplistic solutions As a consequence one of the reasons the medical model remains dominant is that the alternative is imperfectly understood Fein presents a compelling case for a sociological interpretation of personal distress Although he acknowledges that some personal suffering derives from biological sources and that mental illnesses can spill over to cause social dysfunctions he argues that it is important to recognize the social causes of human suffering In thereby recognizing the limitations of the human condition most of us can do better than blindly accept an inherited dedication to the medical model On Loss and Losing offers a legitimate option without denying the reality of human suffering Disabled Rights Jacqueline Vaughn Switzer, 2003-02-13 Freedom and Justice for all is a phrase that can have a hollow ring for many members of the disability community in the United States Jacqueline Vaughn Switzer gives us a comprehensive introduction to and overview of U S disability policy in all facets of society including education the workplace and social integration Disabled Rights provides an interdisciplinary approach to the history and politics of the disability rights movement and assesses the creation and implementation successes and failures of the 1990 Americans with Disabilities Act ADA by federal state and local governments Disabled Rights explains how people with disabilities have been treated from a social legal and political perspective in the United States With an objective and straightforward approach Switzer identifies the programs and laws that have been enacted in the past fifty years and how they have affected the lives of people with disabilities She raises questions about Congressional intent in passing the ADA the evolution and fragmentation of the disability rights movement and the current status of disabled people in the U S Illustrating the shift of disability issues from a medical focus to civil rights the author clearly defines the contemporary role of persons with disabilities in American culture and comprehensively outlines the public and private programs designed to integrate disabled persons into society She covers the law s provisions as they apply to private organizations and businesses and concludes with the most up to date coverage of recent Supreme Court decisions especially since the 2000 2002 terms that have profoundly influenced the implementation of the ADA and other disability policies For activists as well as scholars students and practitioners in public policy and public administration Switzer has written a compassionate yet powerful book that demands attention from everyone interested in the battle for disability rights and equality in the United States A History of Childhood and Disability Philip L. Safford, Elizabeth J.

Safford, 1996 In their chronological portrait the authors synthesize the many voices of exceptional children providing a historical picture that includes not only the perspective of the professional but also to the extent possible that of the client The book begins by placing the origins of special education in historical context from Aristotle through the Enlightenment and beyond Subsequent chapters consider individual conditions traditionally associated with specialized approaches e.g. blindness deafness and retardation discuss conditions that have given rise to further differentiation of childhood exceptionality and offer a synthesis of themes and a prospective for a new history now emerging of children considered Dorothea Dix Thomas J. The Manliest Man James W. Trent,2012 He was a veteran of the Greek War of Independence a fervent abolitionist and the founder of both the Perkins School for the Blind and the Massachusetts School for Idiotic and Feeble Minded Children Married to Julia Ward Howe author of Battle Hymn of the Republic he counted among his friends Senator Charles Summer public school advocate Horace Mann and poet Henry Wadsworth Longfellow A committed reformer Howe believed in the perfectibility of human beings and spoke out in favor of progressive services for disabled Americans He embraced a notion of manliness that included heroism under fire but also compassion for the underdog and the oppressed Though hardly a man without flaws and failures he nevertheless represented the optimism that characterized much of antebellum American reform The first full length biography of Howe in more than fifty years The Manliest Man offers an original view of his personal life his association with social causes of his time and his efforts to shape those causes in ways that allowed for the greater inclusion of devalued people in the mainstream of American

life Book jacket Moonlight, Magnolias, and Madness Peter McCandless,2013-12-01 Moonlight Magnolias and Madness is a social history of the perceptions and treatment of the mentally ill in South Carolina over two centuries Examining insanity in both an institutional and a community context Peter McCandless shows how policies and attitudes changed dramatically from the colonial era to the early twentieth century He also sheds new light on the ways sectionalism and race affected the plight of the insane in a state whose fortunes worsened markedly after the Civil War Antebellum asylum reformers in the state were inspired by many of the same ideals as their northern counterparts such as therapeutic optimism and moral treatment But McCandless shows that treatment ideologies in South Carolina which had a majority black population were complicated by the issue of race and that blacks received markedly inferior care By re creating the different experiences of the insane black and white inside the asylum and within the community McCandless highlights the importance of regional variation in the treatment of mental illness
