The Stranger's Welcome Steve Reece, 1992-12-31 For more than two millennia Homer's poetry has stirred the imagination of its readers Originally recited by traveling bards these poems are exceptionally rich in conventional elements that helped the poets remember works thousands of lines long As dynamic ingredients of oral poetry these elements have accrued deep meaning and for a well informed audience they call significant associations to mind In *The Stranger's Welcome* Steve Reece treats eighteen hospitality scenes in the Iliad the Odyssey and the Homeric Hymns and reveals key aspects and standard elements of such scenes Further he demonstrates how Homeric listeners might comprehend the new and innovative by relying on their knowledge of the conventional and familiar This tension between conventional and innovative between the traditional background and the individual performance distinguishes the aesthetics of Homeric poetry Of interest to students and scholars of oral poetry folklore Homeric literature and Greek literature in general *The Stranger's Welcome* offers a practical approach whereby a reading audience may understand a hearing one

Stranger At Home George Sanders, 2015-03-02 Four years That's how long it took Californian playboy Michael Vickers to regain his memory and come home Four years That's how long Vickers spent battered bruised and south of the border following the attack which sought to end his life all because he'd mistaken a mortal enemy for a friend Or a lover And now Vickers is looking for four years worth of payback from the devil responsible for his near demise But within days of Vickers return a murder attempt is made on one of his suspects and this time it succeeds Enter a very shrewd detective whose eyes are on everyone Especially Vickers In *Stranger at Home* the second George Sanders mystery novel we are taken to a world removed from the backstage comic mystery of *Crime on My Hands* but nonetheless a milieu very familiar to the actor Southern California in the 1940's A world of stars and millionaires but also vice organized crime and shattered dreams And Michael Vickers himself is a hero very much after the mould of Sanders irresistibly attractive screen persona gilded and charming languid and pleasure seeking but with a steely remorseless core

Queer Jewish Strangers in American Popular Culture Amy Tziporah Karp, 2023-12-19 *Queer Jewish Strangers in American Popular Culture* Life Between Assimilation and Otherness explores LGBTQIA Jewish American identity in the United States and the queer Jewish stranger figures who live in between incorporation and estrangement Amy Tziporah Karp establishes that despite the near ubiquitous portrayal of Jewish American assimilation as a finished project completed in the wake of World War II in academic disciplines and throughout popular culture many LGBTQIA Jewish figures in contemporary popular culture inhabit stranger positionalities In these stranger spaces characters are forced to either perpetually attempt to assimilate or inhabit this interstitial stranger identity that is often viewed as a nowhere or homeless space Those who pursue assimilating endlessly try to fit in to no avail such as Jenny Schecter from Showtime's popular *The L Word* who is ultimately killed off on the show possibly murdered by her LGBTQIA community of friends Karp shows that those who attempt to make a home in a

stranger positionality align themselves with other estranged and othered peoples such as characters throughout Sarah Schulman's novels and that this constitutes an ethical stance against the ways in which assimilation often inadvertently supports the workings of violent hegemonies in the United States

Asian Migrants in Europe Sylvia Hahn, Stanley Nadel, 2014 This volume explores the renewal of Asian migration to Europe that began in the late 18th century while still in the frame of the colonial regime It counters the construction of an unchanging East versus a dynamic West developed in the 19th century of static rooted populations versus adventurous young men seeking opportunities afar the producers of this cliché overlooked migrating women These essays provide analyses of some of the migrants from the different societies of Asia in Europe They focus on migrants from East and South Asia and explore their different experiences in Europe from the 18th century to the present

Christianity and Migration Peter C. Phan, Oxford Editor, 2025-10-07 This book essays a note on the Christian theology of migration The phenomenon of human migration that is the movement of people to and settlement temporary or permanent in a new area or country its causes and reasons and its historical anthropological social political legal and cultural dimensions have been widely studied and reasonably well understood and the next chapter will discuss them in detail By contrast theology as an academic discipline seems least capable of illuminating this human phenomenon It appears to most people outside the church and its educational institutions to be at best an esoteric subject and at worst a convoluted and useless mumbo jumbo especially when liberally sprinkled with Greek and Latin phrases Why not leave the study of migration to scholars in history sociology anthropology economics politics and law who albeit no less infected with highfalutin language than theologians do at least try to offer practical policies and effective strategies either for or against immigration Provided by publisher

Strangers with God Claudio Monge, 2024-03-20 These pages represent the compendium of a long journey of more than twenty five years It would be simplistic to define this journey as exclusively intellectual because it would be unthinkable without frequent visits to the Middle East in particular to Turkey the second Holy Land of Christianity the ancient Asia Minor of biblical history with its overwhelming Muslim population today The fact is that since many years now the theme of hospitality has been the subject of numerous publications studies contributions and gatherings with protagonists of various opinions and expertise convening to give answers to questions related to the challenge of living together in the complex society of our contemporary world It is precisely by letting ourselves be questioned by these complexities that we become aware that the challenge of hospitality is not merely economic or political but also spiritual Claudio Monge addresses one of the key questions of today with an extremely ancient text from the deepest roots of our civilisation Genesis 18 in which Abraham welcomes the three strangers who come to his tent and announce the conception of Isaac Today when millions are in movement fleeing war and poverty the question of how we are to receive strangers is urgent and inescapable Monge explores this text through the traditions of three religions Judaism Christianity and Islam which claim

the assent of approximately half of the population of the world Yet these three religions all looking back in one way or another to Abraham are often strangers to each other If we could offer welcome to each other what a powerful sign of hope this would be for our conflict torn world The Brightness of Stars: Stories from Care Experienced Adults to Inspire Change Lisa Cherry,2022-07-14 In this poignant book Lisa Cherry brings together a collection of candid and personal reflections on the care system in the UK offering alternative ways of thinking about the care experience supporting better ways of working and providing justification for a trauma informed lens to be applied to all forms of work with those in care Through personal insights and reflections the book brings often unheard stories vividly to life beginning with the author s own These are stories about love and pain hurt and isolation the depth of lived experience that makes up a life how we live our lives through our relationships with others and where we feel we fit in In this thoughtfully compiled third edition original contributors look back on their own reflections from the lives that they live now new stories bring new perspectives and discussion points provide the opportunity to consider the realities of the care experience as well as life beyond Whilst each story is unique shared themes reveal the truth of the care system and coming at a time where there is a real opportunity for change the narratives in this book are ultimately stories of hope and connection This is crucial reading for policy makers those working in social work education and adoption as well as care experienced adults *Care-full Preaching* G. Lee Ramsey Jr.,2012-03-15 In Care full Preaching G Lee Ramsey Jr offers a new vision for how sermons can energize all members of a congregation to care for one another Using fresh images and sermons from Fred Craddock James Forbes Gina Stewart Barbara Brown Taylor and himself Ramsey demonstrates in practical ways how sermons can create a caring community
