## **Strannik The Call To Pilgrimage For Western Man:**

**Strannik** Catherine de Hueck Doherty, 1978      **Spiritual Capital** Michael O'Sullivan, Bernadette Flanagan, 2017-07-05

Spiritual Capital seeks to refocus discussion on core social values on individuals value systems and the internal dynamics that impel human beings to live by truth goodness and love This book defines refines and disseminates the concept of spiritual capital Contributions by practitioner scholars in applied spirituality who have practical experience of spiritual capital at work in diverse human situations provide accounts of concrete expressions of spiritual capital and create an interdisciplinary discussion between spirituality practitioners artists ecologists sociologists and others on the frontiers of change in contemporary culture      *Spiritual Capital* Samuel D. Rima, 2017-07-05 Presenting a thorough comprehensive theory of spiritual capital based on solid academic research Spiritual Capital serves to reinforce and amplify the notion of a moral economic core that is beginning to feature in contemporary economic arguments In this rare major work wholly dedicated to the subject of spiritual capital Sam Rima explains the desperate need for revolutionary and transformational thinking in the area of economic policy and practice and makes the case for a new moral foundation to business and economics that directly addresses today's financial and business crisis Writing in an accessible style and drawing on examples from several continents Rima explains spiritual capital theory in terms of the resources needed for its creation how it is formed how it can be invested and what the return on investment can be The book provides practical tools for measuring a personal or organizational store of spiritual capital along with clear guidelines on how to engage in spiritual capital formation These will benefit business leaders interested in developing viable and sustainable enterprises capable of avoiding the disconnection between economic policy and social reality There are also recommendations here for policy makers regarding the macro application of spiritual capital theory This important contribution to Gower's Transformation and Innovation Series will appeal to business leaders and policy makers academicians and students in the fields of sociology theology and economics and anyone interested in social and economic justice issues social innovation and corporate social responsibility      **Staritsa** Donald A. Guglielmi, 2017-12-07 The present book is the first work to highlight Catherine Doherty's vocation to spiritual motherhood Drawing upon primary archival sources the author traces Catherine's development as a staritsa or spiritual mother in the Russian Eastern tradition Of particular interest are the chapters dealing with Catherine's exercise of spiritual motherhood for priests and laity alike Previously unpublished letters of spiritual direction between Catherine and her major spiritual directors offer the reader a privileged glimpse into the soul of this servant of God and her spiritual children as she grows in her vocation as staritsa For example in one striking letter Catherine describes how she guided a disillusioned young priest who was struggling with a drinking problem and temptations involving young women and was bordering on despair With clenched teeth I sailed into him first gently almost caressingly calling him back to Christ he once loved then more sternly then quietly He left full of thanks and some hope      Taste and See William Paulsell, 2002-06-17

Since its original publication in 1976 this primer on personal spirituality has deepened and enriched the lives of thousands of readers. Now it is republished in a revised edition expanded to include a new chapter on seeing the presence of God in others and an annotated bibliography of resources on Christian spirituality.
