Stratagems Spoils A Social Anthropolog:

STRATAGEMS & SPOILS F.G. BAILEY,2019-06-14 Stratagems and Spoils Frederick George Bailey,1969 F G Bailey s classic political anthropology text is reissued here with a Postscript that comments critically on the book s scope its reception and its uses First published in 1969 *Stratagems and* **Stratagems and Spoils** F. G. Bailey,1980 *Stratagems and Spoils : a Social Anthropology of Politics* ,1969 **Style, Society and Person** Christopher Carr,Jill E. Neitzel,1995-02-28 *Style Society and Person* integrates the diverse current and past understandings of the causes of style in material culture It comprehensively surveys the many factors that cause style reviews theories that address these factors builds and tests a unifying framework for integrating the theories and illustrates the framework with detailed analyses of archaeological and ethnographic data ranging from simple to complex societies Archaeologists sociocultural anthropologists and educators will appreciate the unique unifying approach this book takes to developing style theory Rules, Exceptions, and Social Order Robert B. Edgerton,2022-09-23 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 **Subjects of modernity** Saurabh Dube,2017-01-20 This electronic version has been made available under a Creative Commons BY NC ND open access license This book thinks through modernity and its representations by exploring critical considerations of time and space Drawing on anthropology history and social theory it investigates the oppositions and enchantments the contradictions and contentions and the identities and ambivalences spawned under modernity Crucially it understands these antinomies not as errors but as constitutive elements of modern worlds The book questions routine portrayals of homogeneous time and antinomian blueprints of cultural space while acknowledging the production of time and space by social subjects Instead of assuming a straightforward singular trajectory for the phenomena it views modernity as involving checkered contingent and contended processes of meaning and power which have found heterogeneous historical elaborations over the past five centuries Bringing together past and present theory and narrative it sows the historical ethnographic and methodological deep into its critical procedures offering an innovative understanding of cultural identities and imaginatively exploring the relationship between history and anthropology Understanding Culture Philip Carl Salzman,2001-03-09 Are cows sacred to Indian Hindus because they stand for nature and life as symbolic analysts explain or because they pull plows and fertilize the land providing people with food as cultural materialists argue Are witchcraft accusations a scapegoating of the powerless by the elite to maintain their ascendancy as materialist class theorists argue or are they social expressions of psychological tensions arising from conflicts in relationships as functionalist psychological anthropologists have argued Understanding culture means understanding and appreciating the diverse theories that offer different perspectives on culture Salzmans

Understanding Culture explores six major streams of anthropological theory interdependence in human life functionalism agency in human action processualism and transactionalism determining factors materialism and political economy coherence in culture configurationalism and structuralism transformation through time history and evolution and critical advocacy feminism and postmodernism Each theoretical approach is initially presented in its own terms to show its assumptions aims and accomplishments and each is elucidated and illustrated through arguments and ethnographic examples offered by original theorists and practitioners

The Trial Process Bruce Dennis Sales, 2013-11-11 As noted in the Preface to Volume 1 in this series the goal of Perspectives in Law and Psychology is to provide a forum for books aimed at systematically interfacing the two disciplines Toward this end Volume 1 presented a collection of original writings focused on the criminal justice system that grew out of a conference held at the University of Nebraska at Lincoln Because that volume was based on conference proceedings however an attempt was not made to provide thorough coverage of all law psychology issues in the criminal justice system rather it highlighted a select few issues that were currently being investigated by some of the outstanding people in the field This volume differs substantially from the first in that it attempts to bring together those psycholegal scholars who are doing the major research on the trial process today and provides broad coverage of critical research on the trial Thus the chapters not only provide an extensive review of existing literature in this field but also present new contributions by these scholars

New Media Influence on Social and Political Change in Africa Olorunnisola, Anthony A., 2013-06-30 While transitioning from autocracy to democracy media in Africa has always played an important role in democratic and non democratic states focusing on politicians diplomats activists and others who work towards political transformations New Media Influence on Social and Political Change in Africa addresses the development of new mass media and communication tools and its influence on social and political change While analyzing democratic transitions and cultures with a theoretical perspective this book also presents case studies and national experiences for media new media and democracy scholars and practitioners

Human Organizations and Social Theory Murray J. Leaf, 2010-10-01 In the 1930s George Herbert Mead and other leading social scientists established the modern empirical analysis of social interaction and communication enabling theories of cognitive development language acquisition interaction government law and legal processes and the social construction of the self However they could not provide a comparably empirical analysis of human organization The theory in this book fills in the missing analysis of organizations and specifies more precisely the pragmatic analysis of communication with an adaptation of information theory to ordinary unmediated communications The study also provides the theoretical basis for understanding the success of pragmatically grounded public policies from the New Deal through the postwar reconstruction of Europe and Japan to the ongoing development of the European Union in contrast to the persistent failure of positivistic and Marxist policies and programs

Secondary Cities and Local Governance in Southern Africa Abraham R. Matamanda, James Chakwizira, Kudzai Chatiza, Verna

Nel,2024-01-16 This book is the first to consider the roles challenges and governance responses of secondary cities in southern Africa to changing circumstances Among the challenges are governance under conditions of resource scarcity managing informality the effects and responses to climate change and the changing roles of the cities within the national space economy It fills the gap in the literature on secondary cities with original case studies drawn from South Africa Zimbabwe and Mozambique The authors are all African scholars working and living in the region with intimate knowledge of the settings they describe The book is critical as it includes such regional case studies of different secondary cities in Southern Africa but also because of it s multidisciplinary it contains substantive and pertinent issues such as climate change disaster management local economic development and basic services delivery It considers diverse environments yet with similar challenges that could provide useful policy and governance proposals for other cities African Customary Justice Pnina Werbner,Richard Werbner,2021-12-28 This book presents an important ethnographic and theoretical advance in legal anthropological scholarship by interrogating customary law customary courts and legal pluralism in sub Saharan Africa It highlights the vitality and continued relevance of customary justice at a time when customary courts have waned or even disappeared in many postcolonial African nations Taking Botswana as a casestudy from in depth fieldwork over a fifty year period the book shows the customary is robustly enduring central to settling interpersonal disputes and constitutive of the local as well as the national public ethics Customary law continues to be constitutionally protected authorised by the country s past as an authentic viable legacy from the British colonial period of indirect rule to the postcolonial state s present development as a highly bureaucratised democracy Along with a theoretical overview of the underlying issues for the anthropology and sociology of law the book documents customary law as living law in the context of legal pluralism It takes a legal realist approach and highlights the need to pay close attention to the lived experience of justice and its role in the production of legal subjectivities The book will be valuable to Africanists but also more broadly to social scientists social historians and socio legal scholars with interests in law and social change public ethics and personal morality and the intersection of politics and judicial decision making Number Our Days Barbara Myerhoff,1980-05-09 Anthropologist Myerhoff s penetrating exploration of the aging process is brilliant sociology as well as living history that tells readers about the importance of ritual the agonies of aging and the indomitable human spirit The book shines with the luminous wit of old age Robert Bly **The Oxford Handbook of Political Participation** Marco Giugni,Maria Grasso,2022 The Oxford Handbook of Political Participation provides readers with up to date knowledge on the wide ranging topics covered in this field and considers the key theoretical and methodological pluralism in the area as well the most recent developments One of the aims of this Handbook is to bring together two research traditions from political science and sociology bridging research in political sociology and social movement studies Accordingly the Handbook mainly brings together authors coming from both the politics and sociology research traditions as well as key authors working on political participation coming also from

other fields such as psychology economics anthropology and geography The volume provides the first comprehensive up to date treatment of political participation in all of its varied expression it covers a wide range of topics relating to the study of political participation both from a theoretical and methodological perspective it brings together the political science and political sociology tradition on the one hand and the social movement sociological tradition on the other it is sensitive to theoretical and methodological pluralism as well as the most recent developments in the field and includes discussions combining perspectives that have traditionally been treated separately in the literature as well as discussions of current trends and future directions for research in this field

The Dynamics of Native Politics Joe Sawchuk,1998-02-01 Historically Aboriginal people have had little influence on the development of Native policy from within government as a result political organizations have been established to lobby government on Native peoples issues Using his experience as director of land claims for the Métis Association of Alberta Joe Sawchuk explains how these Aboriginal organizations began how they set their political agendas and how they are influenced by government funding and internal politics The record of Native political organizations in Canada has been impressive yet questions remain if government agendas blunts their effectiveness and how decreases in funding might affect them in the future

The Social Life of Politics Sian Lazar,2017-06-06 A rich ethnographic portrait of the internal dynamics of two public sector unions in Argentina Political and Legal Anthropology Review A central motor of Argentine historical and political development since the early twentieth century unions have been the site of active citizenship in both political participation and the distribution of social economic political and cultural rights What brings activists to Argentine unions and what gives these unions their remarkable strength The Social Life of Politics examines the intimate personal and family dimensions of two political activist groups the Union of National Civil Servants UPCN and the Association of State Workers ATE These two unions represent distinct political orientations within Argentina's broad vibrant labor movement The UPCN identifies as predominantly Peronist disciplined and supportive of incumbent government while the ATE prides itself on its democratic horizontal approach and relative autonomy from the electoral process Sian Lazar examines how activists in both unions create themselves as particular kinds of militants and forms of political community The Social Life of Politics places the lived experience of political activism into historical relief and shows how ethics and family values deeply inform the process by which political actors are formed understood and joined together through collectivism

Contesting 'Good' Governance Eva Poluha,Mona Rosendahl,2012-10-12 Research in localities in India Cuba Ethiopia Taiwan and Lebanon is used to develop a broader understanding of global political phenomena such as democracy representation and accountability To contextualise

aspects of good governance the articles in the volume deal with people's perceptions of and interactions with the state how they interpret government laws and regulations how they interact with officials and how they comment on acts and speeches made by local bureaucrats and national power holders Through a discussion of the much debated distinction between private and public the articles show how the notions of public and private are interconnected in many ways how they are contested and reformulated by people based on their experiences and how they can be used as a tool in questioning dominant ideas and ways of executing good governance
