Tucker,2017-05-09 It has long been assumed that the historical legacy of Soviet Communism would have an important effect on post communist states However prior research has focused primarily on the institutional legacy of communism Communism s Shadow instead turns the focus to the individuals who inhabit post communist countries presenting a rigorous assessment of the legacy of communism on political attitudes Post communist citizens hold political economic and social opinions that consistently differ from individuals in other countries Grigore Pop Eleches and Joshua Tucker introduce two distinct frameworks to explain these differences the first of which focuses on the effects of living in a post communist country and the second on living through communism Drawing on large scale research encompassing post communist states and other countries around the globe the authors demonstrate that living through communism has a clear consistent influence on why citizens in post communist countries are on average less supportive of democracy and markets and more supportive of state provided social welfare The longer citizens have lived through communism especially as adults the greater their support for beliefs associated with communist ideology the one exception being opinions regarding gender equality A thorough and nuanced examination of communist legacies lasting influence on public opinion Communism s Shadow highlights the ways in which political beliefs can outlast institutional regimes **Princeton Review AP Economics Micro & Macro Prep, 2022** The Princeton Review,2021-08-03 Make sure you re studying with the most up to date prep materials Look for the newest edition of this title The Princeton Review AP Economics Micro Macro Prep 2023 ISBN 9780593450741 on sale August 2022 Publisher s Note Products purchased from third party sellers are not guaranteed by the publisher for quality or authenticity and may not include access to online tests or materials included with the original product **Politics & the Struggle for Democracy in Ghana** Dr. Joseph K. Manboah-Rockson,2016-09-23 Politics the Struggle for Democracy in Ghana is a pioneering attempt to describe the Ghanaian political system define its parameters its structures and analyze the ups and downs of democratic transitions and the struggles thereof The book is a good fit for students pursuing courses in political science at the university level in Ghana or studying social science at Ghanaian Senior High Schools **Innovation Dynamics and Policy in the Energy Sector** Milton L. Holloway,2021-05-06 Innovation Dynamics and Policy in the Energy Sector discusses the process and future of global innovation in the energy sector based on the innovation leadership example of Texas The book proposes that the positive dynamics of Texas energy sector innovations arises from a confluence of factors including supportive institutions the management of technological change competitive markets astute public policy intraindustrial collaboration a cultural focus on change and risk taking and natural resource abundance Heavily case study

focused chapters review the fundamental drivers of innovation from key discoveries at Spindletop the proliferation of oil production through major field development through electric sector deregulation and recent innovation in hydraulic fracking renewable integration and carbon capture The work closes to argue that sustainable global innovation addressing the twin challenges of climate change and the energy transition must be driven by the promotion of competition and risk taking which continually promotes the development of ideas a process jointly funded by the public and private sectors and supported by collaborative and competitive institutions Reviews the fundamental drivers of energy innovation and examines each driver through 10 key episodes in the Texas energy innovation experience inclusive of guidance to the international research community based on their example Establishes the critical impact of constructive energy policy energy technology and power markets in cultural settings that invite change and risk taking and proposes them as key factors in building sustainable innovation Consolidates current research and practice related to innovation from the perspectives of established economics and engineering and emergent innovation economics and econometrics disciplines
