Counselling Skills: A Practical Guide for Counsellors and Helping Professionals John McLeod,Julia McLeod,2011-04-04 For anyone in a caring facilitative or managing role Counselling Skills provides a uniquely comprehensive accessible and practical guide to interpersonal helping It introduces a way of working that is both focused and personalised tailored to an individual client s specific goals and preferences The book will be invaluable to anyone who wants to help others deal with their problems Mick Cooper University of Strathclyde UK Not everyone possesses the skills required to ensure that professional communication is compassionate and supportive but the skills can be learned and this book on Counselling Skills provides just the resource needed Its authors have the experience as practitioners and teachers to imbue the text with wisdom derived from life academia and counselling The book is carefully crafted and beautifully written it includes exercises and examples that enhance learning it is comprehensive and completely relevant for anyone who seeks to use counselling skills competently in their work Professor Sue Wheeler University of Leicester UK The book offers a sound and accessible introduction for anyone considering formal counselling skills training As a bereavement counsellor I will gladly keep a place for this book on my bookshelf as it offers a useful refresher in basic skills I would certainly recommend it to colleagues within pastoral caring roles and other caring professions Sally Smith Counselling Psychology student at The University of Wolverhampton UK This bestselling book is designed to help counselling trainees acquire and develop the skills and techniques needed to have therapeutic impact with their clients It also provides those in the helping professions with an easy to follow model of embedded counselling that provides tools and strategies for offering counselling relationships within a diversity of work settings The new edition is thoroughly revised and features nine new chapters addressing such topics as an A Z of practical counselling skills dealing with difficult relationships issues caused by cultural diversity or life transitions and issues in loss and bereavement The book also covers Key counselling skills such as caring listening questioning and

reframing reflection attunement to a client challenging and giving advice Building a counselling relationship Developing understanding of clients issues Resolving difficult feelings and emotions Ethical principles of counselling practice Working together to change behaviour Counselling Skills 2nd edition is packed with exercises and information on recent studies to help readers relate theory to their own practice Written in an accessible engaging style with numerous case examples this book is suitable for students taking courses or modules in counselling skills counsellors in training and any professionals who may provide counselling support within their roles including teachers doctors community workers social workers and nurses

Sex Addiction Barry Reay, Nina Attwood, Claire Gooder, 2015-08-06 The concept of sex addiction took hold in the 1980s as a product of cultural anxiety Yet despite being essentially mythical sex addiction has to be taken seriously as a phenomenon Its success as a purported malady lay with its medicalization both as a self help movement in terms of self diagnosis and as a rapidly growing industry of therapists treating the new disease The media played a role in its history first with TV the tabloids and the case histories of claimed celebrity victims all helping to popularize the concept and then with the impact of the Internet This book is a critical history of an archetypically modern sexual syndrome Reay Attwood and Gooder argue that this strange history of social opportunism diagnostic amorphism therapeutic self interest and popular cultural endorsement is marked by an essential social conservatism sex addiction has become a convenient term to describe disapproved sex It is a label without explanatory force This book will be essential reading for those interested in sexuality studies contemporary history psychology psychiatry sociology media studies and studies of the Internet It will also be of interest to doctors and therapists currently working in this and related fields Outlines and Highlights for Theories of Counseling and Psychotherapy Cram101 Textbook Reviews, 2011-03 Never HIGHLIGHT a Book Again Virtually all of the testable terms concepts persons places and events from the textbook are included Cram101 Just the FACTS101 studyguides give all of the outlines highlights notes and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanys 9780135034767
