Table Rappers The Victorians And The Occult:

Table-rappers Ronald Pearsall,1972 Dealing with all aspects of the Victorian fascination for the occult this title identifies issues such as the credulity of the believers unexplained phenomena such as levitation and manifestations and the intense rivalry between professional mediums who were not above sabotaging each other s seances The Racialization of the Occult in Nineteenth Century British Literature John Bliss,2023-07-19 This book focuses on the representation of the practitioner of the occult in mid to late nineteenth century British literature The occult was a source of emotional support and scientific curiosity during this time of change and uncertainty because it seemed to offer answers to both spiritual and scientific questions through measurable albeit unconventional means However the occult was also viewed as a threat to British society an assault on it values and a fundamental danger to emerging scientific enterprise By examining the ways in which the occult and its practitioners are represented in British novels from 1850 1900 this book traces the ways that the novels commented on participated in and contributed to the racialization of the occult that occurred throughout the nineteenth century in Britain The representations of the occult characters in these novels interpreted and transmitted the social political economic and scientific discourses about race in the nineteenth century to the reading public as well as participating in the discourse surrounding race and the occult Spiritualism, Mesmerism and the Occult, 1800-1920 Vol 1 Shane McCorristine,2021-12-16 This edition provides an insight into the dark areas between Victorian science medicine and religion The rare reset source material in this collection is organized thematically and spans the period from initial mesmeric experiments at the beginning of the nineteenth century to the decline of the Society for Psychical Research in the 1920s The House of Fiction as the House of Life Francesca Saggini,Anna Enrichetta Soccio,2020-05-15 In recent years the interest in the house has grown irresistibly to the point that in many ways houses seem to be situated at the very core of the creative artistic and cultural domains of contemporaneity Their presence sprawls across the media from magazines to TV programmes and across the globe possibly because as repositories of the human houses have a long standing and profound connection not only with men and women but at a deeper level with the ways of representing man s world across its declinations of gender class and race Houses the perennial ubiquitous and silent background to our daily lives could many a tale unfold the tales of their inhabitants and in their relationships with others of the times they lived in of their configurations of the world as well as the visions and nightmares of the artists who created them This collection offers a comprehensive and transdisciplinary look at the paper houses of English Literature in the eighteenth and nineteenth century Among the configurations addressed the authors investigate the domestic spatialization of authority gendered houses narratives of household construction and deconstruction exotic mansions fin de si cle habitats haunted edifices and houses in detective and Gothic fiction Redefining Shamanisms David Gordon Wilson,2013-03-28 An analysis of the Anglo American Spiritualist movement which provides a new definition of shamanism based on a pattern of apprenticeship unique to

traditional shamanisms **Bodies, Affects, Politics** Steve Pile,2021-04-12 This book seeks to understand the coexistence of bodily regimes and the politics that emerge from the clash between them Presents a novel conceptual model for understanding the relationship between bodies and affects Reworks Rancière's notions of the distribution of the sensible and the aesthetic unconscious Establishes a dynamic and multiple understanding of the repressive distributive and communicative unconscious by rethinking Freudian psychoanalysis Utilizes a variety of empirical materials from Hollywood movies to Freud's case studies Sets its argument about politics within the context of significant social events to ensure its conceptual and empirical material is relevant to the contemporary political moment *Manifesting Spirits* Jack Hunter,2020-12-12 *Manifesting Spirits* is an exploration of contemporary trance and physical mediumship at a private spiritualist home circle called the Bristol Spirit Lodge Located in a garden on the outskirts of Bristol the Lodge is a wooden shed specially constructed for the purposes of mediumship development and spirit communication Through a combination of ethnographic observations in seances including his own experiences of mediumship development and interviews with spirits and their mediums Hunter delves into a sub urban world of trance states ectoplasm spirit lights and discarnate entities Issues relating to altered states of consciousness personhood performance and the efficacy of ritual are examined in order to make sense of the processes by which spirits become manifest in social reality A large part of *Manifesting Spirits* is given over to a broader discussion of anthropology's evolving attitudes toward the paranormal as a component of the life worlds of many people across the globe and argues for the development of a non reductive anthropological approach to the paranormal and mediumship in particular This emerging framework referred to as ontological flooding does not attempt to explain away the existence of spirits in terms of functional cognitive or pathological theories as most mainstream theorists tend to do but rather embraces a processual perspective that emphasises complexity and multiple interconnected processes underlying spirit possession performances and experiences **A People's History of Christianity** Denis R. Janz,2014-03-01 The seven volume *A People's History of Christianity* was lauded on release for its commitment to raising awareness of the way in which lay Christians have lived throughout more than twenty centuries of Christian History Now the essential material from that important project is available for classroom use Available as either a single volume or a two volume set both represent careful selections and abridgements of the original content so that the importance of lay Christianity can be seen by students *A Very Brief History of Eternity* Carlos Eire,2009-10-12 From the author of *Waiting for Snow in Havana* a brilliant cultural history of the idea of eternity What is eternity Is it anything other than a purely abstract concept totally unrelated to our lives A mere hope A frightfully uncertain horizon Or is it a certainty shared by priest and scientist alike and an essential element in all human relations In *A Very Brief History of Eternity* Carlos Eire the historian and National Book Award winning author of *Waiting for Snow in Havana* has written a brilliant history of eternity in Western culture Tracing the idea from ancient times to the present Eire examines the rise and fall of five different conceptions of eternity exploring how they

developed and how they have helped shape individual and collective self understanding A book about lived beliefs and their relationship to social and political realities A Very Brief History of Eternity is also about unbelief and the tangled and often rancorous relation between faith and reason Its subject is the largest subject of all one that has taxed minds great and small for centuries and will forever be of human interest intellectually spiritually and viscerally **The Magician and the Spirits** Deborah Noyes, 2017-08-22 Noyes makes history accessible and irresistible Excellent A century ago the curious idea that spirits not only survive death but can be contacted on the other side was widespread Psychic mediums led countless s ances claiming to connect the grieving with their lost relations through everything from frenzied trance writing to sticky expulsions of ectoplasm The craze caught Harry Houdini s attention Well known by then as most renowned magician and escape artist he began to investigate these spiritual phenomena Are ghosts real Can we communicate with them Catch them in photographs Or are all mediums flim flammers employing tricks and illusions like Houdini himself Peopled with odd and fascinating characters Houdini s gripping quest will excite readers universal wonderment with life death and the possibility of the Beyond School Library Journal starred review of Ten Days a Madwoman
