Tackling Institutional Racism Antiracist Policies And Social Work Education And Training:

Tackling institutional racism Penketh, Laura, 2000-10-11 The publication of the Inquiry into the murder of Stephen Lawrence emphasised the institutionally racist nature of British society Public bodies and welfare institutions are having to face the consequences of racism within their organisations This task should draw on the earlier experience of the Central Council for Education and Training in Social Work's CCETSW anti racist agenda whose initiative came under attack from government ministers media commentators and sections of the social work profession This book describes and analyses the development of anti racist social work education and training and moves on to a broader debate it critically assesses the concept of race the historical development and maintenance of racism in contemporary British society exploring race related legislation and its theoretical underpinnings it offers an historical exploration of the role of social work and its relationship with and response to the needs of deprived and marginalised communities it provides an assessment of the backlash against CCETSW's anti racist developments from politicians the media and sections of the social work profession incorporating a debate regarding charges of political correctness Issues such as political correctness and identity politics are critically explored and the implications of these political processes on the anti racist policy agenda are assessed The analysis reflects on both the possibilities and limitations placed on establishing anti racist policies Tackling institutional racism will be of particular interest to Diploma in Social Work students social work practitioners and academics social policy undergraduates and postgraduates It should also be read by professionals at different levels in the policy making process particularly those working directly with acting on behalf of or pursuing the interests of the black community Tackling Social Exclusion John Pierson, 2003-09-02 The concept of social exclusion is a central focus of government policy and is rapidly moving to the core of practitioner activity This textbook shows how social workers can combat the social exclusion experienced by service users and at the same time promote social inclusion Tackling Social Exclusion covers the meanings of social exclusion and the common elements of practice needed to reverse it the skills needed when working with specific groups of people including children and families young people and vulnerable adults the neighbourhood dimension in social exclusion the link between race and ethnic minorities and social exclusion and the implications of the Macpherson Report for practice how service agencies can change their organisation to promote inclusion how to work with communities to effect change Each chapter is grounded in real practice examples and explores through activities case studies and exercises how the perspective of social exclusion is changing social work today Social Work with Minority Groups Prospera Tadam, 2021-09-28 This book brings together several valuable papers from different parts of the world addressing social work with minorities in the areas of disability sexuality race and ethnicity Collectively these make an important contribution to developing theory and practice awareness of how social work education with minority groups is framed evidenced and experienced The perspectives and different strands of work presented within this book offer new insights and a better understanding of how a diverse set of

social justice issues confronting social work education have led to the development of different types of interventions both in the classroom and in practice contexts The chapters in this book were originally published as a special issue of the journal Social Work Education **Anti-Racist Social Work** Gurnam Singh,Shepard Masocha,2019-12-04 Welfare health education conflict security and migration are examples of phenomena that are prevalent across all societies With chapters from leading scholars from around the world this exciting new book draws upon the impacts of globalisation colonialism and capitalism to explore the common challenges facing nations across the globe and provide an insight in to the history theory and practice of a new anti racist social work The Learning From Practice Manual Neil Thompson,2023-09-21 Neil Thompson sets out what you really need to know about supporting further learning during placement and practice Stripping away the confusion and anxiety about what next this manual goes back to the core theories of how learning works in the first place and how you can synchronise that with values and reflective practice to help your students and colleagues reach their professional goals Summaries illustrate and reinforce the guidance creating a set of easy to follow strategies for effective workplace development mentoring Accessible explanations guide you through the theory and practice covering everything from fostering a learning environment to troubleshooting difficulties and encouraging a culture of self directed learning Grow your mentoring skills and help your colleagues get to grips with not just what to learn but how to learn it and make it stick

Social Work, Politics and Society Kenneth McLaughlin,2008-07 Kenneth McLaughlin highlights the need for a new approach to social work that has a more optimistic view of both individuals and society and of their capacity to overcome problems **Social Work** Vivienne E. Cree,Trish McCulloch,2023-04-04 Building on the successful 1st edition this reader brings together some of the most significant ideas that have informed social work practice over the last fifty years At the same time as presenting these foundational extracts the book includes commentaries that allow the reader to understand the selected extracts on their own terms as well as to be aware of their relations to each other and to the wider social work context There is no settled view or easy consensus about what social work is and should be and the ideas reflected in this volume are themselves diverse and complex The world of social work has changed greatly over the last ten years and this new edition reflects that change with new material on the decolonisation of social work knowledges the greater emphasis on inter disciplinarity and co production and the new concern for identities With an accessible introduction to contextualise the selections the book is divided into three main sections each presenting key texts drawn from a wide range of perspectives psychological sociological philosophical educational and political as well as perspectives that are grounded in the experiences of practitioners and those who use services which have contributed to the development of the profession of social work knowledge and values for social work and practice in social work By providing students and practitioners with an easy way into reading first hand some of the most interesting foundational texts of the subject it will be required reading for all undergraduate and postgraduate programmes and professionals undertaking post qualifying training *Encyclopedia of*
