Tasting Diversity A Celebration Of Immigrant Women And Their Cooking:

Tasting Diversity ,2002 In support of Working Women Community Centre women across the country tell their stories of arrival and settlement in Canada and share the hearth through their favourite food Canadian Book Review Annual Joyce M. Wilson,2003 Speaking American Zevi Gutfreund,2019-03-07 When Lyndon B Johnson signed the Bilingual Education Act of 1968 language learning became a touchstone in the emerging culture wars Nowhere was this more apparent than in Los Angeles where elected officials from both political parties had supported the legislation and where the most disruptive protests over it occurred The city with its diverse population of Latinos and Asian Americans is the ideal locus for Zevi Gutfreund s study of how language instruction informed the social construction of American citizenship Combining the history of language instruction school desegregation and civil rights activism as it unfolded in Japanese American and Mexican American communities in L A this timely book clarifies the critical and evolving role of language instruction in twentieth century American politics Speaking American reveals how for generations language instruction offered a forum for Angelino educators to articulate their responses to policies that racialized access to citizenship from the national origins immigration quotas of the Progressive Era through Congress s removal of race from these quotas in 1965 Meanwhile immigrant communities designed language experiments to counter efforts to limit their liberties Gutfreund s book is the first to place the experiences of Mexican Americans and Japanese Americans side by side as they navigated debates over Americanization programs intercultural education school desegregation and bilingual education In the process the book shows these language experiments helped Angelino immigrants introduce competing concepts of citizenship that were tied to their actions and deeds rather than to the English language itself Complicating the usual top down approach to the history of racial politics in education Speaking American recognizes the ways in which immigrant and ethnic activists as well as white progressives and conservatives have been deeply invested in controlling public and private aspects of language instruction in Los Angeles The book brings compelling analytic depth and breadth to its examination of the social and political landscape in a city still at the epicenter of American immigration politics **Canadian Books in Print** ,2003 **Quill & Quire** ,2002

Jews and Their Foodways Anat Helman,2015-10-28 Food is not just a physical necessity but also a composite commodity It is part of a communication system a nonverbal medium for expression and a marker of special events Bringing together contributions from fourteen historians anthropologists sociologists and literary critics Volume XXVIII of Studies in Contemporary Jewry presents various viewpoints on the subtle and intricate relations between Jews and their foodways The ancient Jewish community ritualized and codified the sphere of food by regulating specific and detailed culinary laws Judaism extended and accentuated food s cultural meanings Modern Jewry is no longer defined exclusively in religious terms yet a decrease in the role of religion including kashrut observance does not necessarily entail any diminishment of the role of food On the contrary as shown by the essays in this volume choices of food take on special importance when Jewish individuals

and communities face the challenges of modernity Following an introduction by Sidney Mintz and concluding with an overview by Richard Wilk the symposium essays lead the reader from the 20th century to the 21st across Europe the Middle East Africa and North America Through periods of war and peace voluntary immigrations and forced deportations want and abundance contemporary Jews use food both for demarcating new borders in rapidly changing circumstances and for remembering a diverse heritage Despite a tendency in traditional Jewish studies to focus on high culture and to marginalize low culture Jews and Their Foodways demonstrates how an examination of people s eating habits helps to explain human life and its diversity through no less than the study of great events the deeds of famous people and the writings of distinguished rabbis

Embodying Antiracist Christianity Keun-joo Christine Pae,Boyung Lee,2023-12-21 At a moment of notably rising levels of anti Asian hate this book offers antiracist resources informed by Asian North American feminist theology and biblical scholarship Although there exist scholarly books and articles on Asian American theology broadly defined have proliferated in response to the current ethical political and cultural environment have been prolific there have been few concerted efforts to interrogate or dismantle anti Asian racism inseparable from anti black racism and white settler colonialism that have often undermined the communal spirit and livelihood of Christian churches in the current political climate In the current political climate COVID related anti Asian hate and racial conflict which all intersect with gender and sexuality based violence require theological moral and political inquiries Hence this book notes the current paucity of work with critical discussions on the multiple facets of racism from Asian American feminist theological perspectives Contributors deepen the inter transdisciplinary approaches concerning how to dismantle racist theological teachings biblical interpretations liturgical presentations and the Christian church s leadership structure
