Teach Me Russianmore Russian:

Making Russians Darius Staliūnas, 2007-01-01 Making Russians is an innovative study dealing with Russian nationalities policy in Lithuania and Belarus in the aftermath of the 1863 Uprising The book devotes most attention to imperial confessional and language policy for in Russian discourse at that time it was religion and language that were considered to be the most important criteria determining nationality The account of Russian nationalities policy presented here differs considerably from the assessments usually offered by historians from east central Europe primarily because the author provides a more subtle description of the aims of imperial nationalities policy rejecting the claim that the Russian authorities consistently sought to assimilate members of other national groups At the same time the interpretation this study offers opens a discussion with western and Russian historians especially those who lay heavy emphasis on discourse analysis This study asserts that the rhetoric of officials and certain public campaigners was influenced by a concept of political correctness which condemned all forms of ethnic denationalisation A closer look at the implementation of discriminatory policy allows us to discern within Russian imperial policy more attempts to assimilate or otherwise repress the cultures of non dominant national groups than it is possible to appreciate simply by analysing discourse alone *How to learn Russian. A manual for students of Russian, based upon the Ollendorffian system of teaching languages* Henry Riola, 1883 **Oxford Slavonic Papers** G. S. Smith, C. M. MacRobert, G. C. Stone, 1998 see short description **Cultural Change & Continuity In Central Asia** Shirin Akiner, 2013-10-28 First published in 1991 Central Asia is a vast sprawling territory with no precise boundaries no precise geographic definition There is much detailed closely focused research that remains to be done on every part of Central Asia Sometimes however it is illuminating to stand back and look at the region as a whole seeking similarities as well as contrasts This volume is a collection of papers from a conference on Tradition and Change in Central Asia was held at the School of Oriental and African Studies University of London in April 1987 **The Encyclopaedia and Dictionary of Education** Foster Watson, 1922 Frontier Computing on Industrial Applications Volume 1 Jason C. Hung, Neil Yen, Jia-Wei Chang, 2024-01-20 This book gathers the proceedings of the 13th International Conference on Frontier Computing held in Tokyo on July 10 13 2023 and provides comprehensive coverage of the latest advances and trends in information technology science and engineering It addresses a number of broad themes including communication networks business intelligence and knowledge management Web intelligence and related fields that inspire the development of information technology The respective contributions cover a wide range of topics database and data mining networking and communications Web and Internet of things embedded systems soft computing social network analysis security and privacy optical communication and ubiquitous pervasive computing Many of the papers outline promising future research directions and the book benefits students researchers and professionals alike Further it offers a useful reference guide for newcomers to the field **How to Learn Russian** Henry Riola, 1915 Course of Study Monographs... Denver Public Schools, 1926 **Mr. China's Son** Liyi

He,2018-02-19 He Liyi belongs to one of China's minorities the Bai and he lives in a remote area of northwestern Yunnan Province In 1979 his wife sold her fattest pig to buy him a shortwave radio He spent every spare moment listening to the BBC and VOA in order to improve the English he had learned at college between 1950 and 1953 For further practice he decided to write down his life story in English Humorous and unfiltered by translation his autobiography is direct and personal full of richly descriptive images and phrases from his native Bai language At the time of He Liyi's graduation English was being vilified as the language of the imperialists so the job he was assigned had nothing to do with his education In 1958 he was labeled a rightist and sent to a reeducation through labor farm Spirited away by truck on the eve of his marriage Mr He spent years in the labor camp where he schemed to garner favor from the authorities who nevertheless shamed him publicly and told him that all his problems belong to contradictions between the people and the enemy After his release in 1962 the talented Mr He had no choice but to return to his native village as a peasant His stratagems for survival which included stealing nightsoil from public toilets and extracting peach pit oil from thousands of peaches personify the peasant's universal struggle to endure during those difficult years He Liyi's autobiography recounts nearly all the major events of China's recent history including the Japanese occupation the Communist victory over the Nationalists in 1949 Mao's disastrous Great Leap Forward and Cultural Revolution the experience of the labor camps and changes brought about by China's dramatic re-opening to the world since Deng Xiaoping came to power in 1978 No other book so poignantly reveals the travails of the common person and village life under China's tempestuous Communist government which He Liyi ironically refers to as Mr China Yet he describes his saga of poverty and hardship with humor and a surprising lack of bitterness And rarely has there been such an intimate frank view of how a Chinese man thinks and feels about personal relationships revealed in dialogue and letters to his two wives He Liyi's autobiography stands as perhaps the most readable and authentic account available in English of life in rural China He Liyi's previous book is *The Spring of Butterflies* London and New York 1985 a translation of Chinese folk tales

Joseph Campbell: A Fire in the Mind Stephen Larsen, Robin Larsen, 2002-04-01 The fascinating biography that illuminates the man whose work changed modern culture Gives a complete biographical view of Campbell's life and a personal perspective of who he was through the voices of his friends and colleagues Written by two of Campbell's preeminent students with exclusive access to his notes and journals Joseph Campbell forged an approach to the study of myth and legend that made ancient traditions and beliefs immediate relevant and universal His teachings and literary works including *The Masks of God* have shown that beneath the apparent themes of world mythology lie patterns that reveal the ways in which we all may encounter the great mysteries of existence birth growth soul development and death Biographers Stephen and Robin Larsen students and friends of Campbell for more than 20 years weave a rich tapestry of stories and insights that catalogue both his personal and public triumphs
