Teach Yourself Bluegrass Fiddle

David Brody

Teach Yourself Bluegrass Fiddle:

Teach Yourself Bluegrass Fiddle Matt Glaser,1974-06-01 Teach yourself authentic bluegrass fiddle with this book The book contains clear instructions on the basics bowing and left hand techniques solos backup personal advice on performance and much more as well as a complete selection of the best bluegrass songs to learn from Written by Matt Glaser chairman of the String Department at the Berklee College of Music in Boston since 1980 **Learning to Fiddle, Bluegrass Style** Neil

Rossi,2014-04-02 **North American Fiddle Music** Drew Beisswenger,2011-05-31 North American Fiddle Music A Research and Information Guide is the first large scale annotated bibliography and research guide on the fiddle traditions of the United States and Canada These countries both of which have large immigrant populations as well as Native populations have maintained fiddle traditions that while sometimes faithful to old world or Native styles often feature blended elements from various traditions Therefore researchers of the fiddle traditions in these two countries can not only explore elements of fiddling practices drawn from various regions of the world but also look at how different fiddle traditions can interact and change In addition to including short essays and listings of resources about the full range of fiddle traditions in those two countries it also discusses selected resources about fiddle traditions in other countries that have influenced the traditions in the United States and Canada **The Fiddler's Fakebook** David Brody,1983-01-06 From the author s preface This book

was conceived four years ago almost to the day at a time when I was teaching fiddle and mandolin in New York City It was my idea then with my students in mind to compile a book of the most often played most important and most interesting fiddle tunes from the various Celtic and North American traditions The tunes were chosen by cataloging a large number of recordings by tune title A tally was taken to find out which had been recorded most often This established a foundation of material that could not be left out To this list I added the names of other pieces which had not been recorded as frequently but which I knew were played regularly and with respect I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites but I am sure they will hold their own when placed next to the old war horses of the fiddler s repertoire Although I started out with my students in mind this book has turned out to be the book that I ve always wanted and I hope that it will serve the advanced player as well as the beginner *The Fiddler's Almanac* Ryan J.

Thomson,1985 Includes a wealth of fiddling lore and illustrations a guide to buying a fiddle and bow tips on learning and playing the fiddle over 800 listings of books records fiddling and bluegrass organizations fiddling schools and camps violin making supplies films etc information about fiddle contests **The Guitar Picker's Fakebook** David Brody,1999-11-30 The Guitar Picker s Fakebook gathers together in one volume the most played most requested most useful tunes from the full complement of regional and national styles Included in the over 250 tunes are jigs reels and hornpipes from the British Isles and the US Old Time breakdowns and rags marches and strathspeys from Scotland and Nova Scotia Cape Breton Texas Style and Western Swing tunes New England contra dances and much more In some cases several popular variants of a tune are

given With this Fakebook it has never been quicker or easier to master the guitar
