With the histories of the Christian church and psychology as his backdrop, Malony holds fast to his religious values throughout this book, making a case for the relevance of Christianity to a broad range of issues in clinical psychology. Gordon Nagayama Hall, Professor of Psychology, University of Oregon, author *Multicultural Psychology*. This book highlights his contribution to clinical psychology in Christian context. Malony's ideas go a long distance, and this book is a wonderful collection and culmination of them. Raymond F. Paloutzian, editor *International Journal for the Psychology of Religion*, coeditor *Handbook of the Psychology of Religion and Spirituality*. This excellent collection of Malony's contributions to the integration of Christian faith and clinical psychology provides a rich and indispensable resource for scholars and students interested in psychology and the religious quest.
