The Cigarette Century Allan M. Brandt, 2007-03-13 An expose of the tobacco industry discusses the cultural political scientific and legal aspects of cigarette smoking in modern America **The Cigarette Papers** Stanton A. Glantz, 1996 These documents provide a shocking inside account of the activities of one tobacco company Brown Williamson and its multinational parent British American Tobacco over more than thirty years **Tobacco Issues: Tobacco industry conflicts with the cigarette labeling and advertising act. Targeting of minorities by alcohol and tobacco advertising** United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Transportation and Hazardous Materials, 1989 **Is a Deal with the Cigarette Industry in the Interest of Public Health? The Answer Will Be Found in the Fine Print** Elizabeth M. Whelan, 1997 The Cigarette Boy William Arch McKeever, 1907 The Cigarette Book Chris Harrald, Fletcher Watkins, 2010-11-01 From A is for Aardvark We re not allowed to tell you anything about Winston cigarettes so here s a stuffed aardvark to Z is for Zippo the iconic American lighter The Cigarette Book is the ultimate souvenir and celebration of the dying art of smoking Encyclopedic in both layout and range this is an ideal consolation gift for those who have stopped an ideal aide de memoire for those who might and a defiant puff of libertarian brilliance for those who won t Celebrate the Hollywood age of smoking when film stars lit up with glamorous abandon Witty illustrated collectible and up to date All smokers know that cigarettes are dangerous Each one is a dance with death and the defiant smoker will say that therein lies its charm So each puff is an existential gesture an assertion of choice and life in the face of death One day the last cigarette on earth will be smoked One final puff will be sent heaven bound leaving a lingering evanescent smoke ring And the wise of this world will rejoice Because logic demands that mankind is rid of this pernicious poison And wasn t that well known logician Adolf Hitler the most virulent opponent of cigarette smoking in the last century Until then read this book **The Story of the Cigarette** William Wesley Young, 1916 **The Cigarette Century** Allan M. Brandt, 2009-01-06 The invention of mass marketing led to cigarettes being emblazoned in advertising and film deeply tied to modern notions of glamour and sex appeal It is hard to find a photo of Humphrey Bogart or Lauren Bacall without a cigarette No product has been so heavily promoted or has become so deeply entrenched in American consciousness And no product has received such sustained scientific scrutiny The development of new medical knowledge demonstrating the dire harms of smoking ultimately shaped the evolution of evidence based medicine In response the tobacco industry engineered a campaign of scientific disinformation seeking to delay disrupt and suppress these studies Using a massive archive of previously secret documents historian Allan Brandt shows how the industry pioneered these campaigns particularly using special interest lobbying and largesse to elude regulation But even as the cultural dominance of the cigarette has waned and consumption has fallen dramatically in the U S Big Tobacco remains securely positioned to expand into new global markets The implications for the future are vast 100 million people died of smoking related diseases in the 20th century in the next
