

The Clinton Years Presidential Pro

Steven E. Schier

The Clinton Years Presidential Pro:

The Clinton Years Shirley Anne Warshaw, 2014-05-14 Comprehensive and easy to navigate *The Clinton Years* gives readers a full perspective of Bill Clinton's presidency from his successful economic policies to his relations with Monica Lewinsky. This comprehensive A to Z reference contains more than 250 biographical entries examining the main politicians and foreign leaders during the administration and includes a number of primary source documents such as presidential speeches and executive decisions.

Encyclopedia of the Clinton Presidency Peter B. Levy, 2001-11-30 First president of his generation. Second president to be impeached. Bill Clinton led the nation during eight years of unprecedented economic prosperity and peace, creating millions of new jobs, swapping deficit for surplus, and advancing his agenda of social programs. Yet he was riddled with scandal. This encyclopedia of more than 230 alphabetical entries covers all the major events, issues, and personalities of the Clinton administration, including full treatments of his impeachment, Whitewater, Travelgate, Monica, key members of his administration, Congressional opponents, foreign and domestic policy, elections, laws, terms, and catchphrases, and national and foreign events that impacted Clinton's presidency. This balanced account is a perfect reference for students, detractors, and supporters of William Jefferson Clinton. Among the domestic issues covered are health care reform, gays in the military, abortion, gun control, and welfare reform. Also included are the many foreign policy issues Clinton dealt with, such as Bosnia, Northern Ireland, and the Middle East. Numerous charts, tables, and graphs provide vital statistical information about legislation, the economy, federal spending, election returns, and crime during the Clinton years. A chronology of events and many photos accompany the text. Thorough cross-referencing will aid researchers, as will bibliographies of print and Internet sources following each entry.

The Postmodern Presidency Steven E. Schier, 2012-02-15 Choice Outstanding Academic Book. As America's first truly postmodern president, Bill Clinton experienced both great highs and stunning lows in office that will shape the future course of American politics. Clinton will forever be remembered as the first elected president to be impeached, but will his tarnished legacy have lasting effects on America's political system? Including the conflict in Kosovo, the World Trade Organization meeting in Seattle, and new developments in the 2000 presidential campaign, *The Postmodern Presidency* is the most comprehensive and current assessment of Bill Clinton's presidency available in print. *The Postmodern Presidency* examines Clinton's role in redefining the institution of the presidency and his affect on future presidents' economic and foreign policies. The contributors highlight the president's unprecedented courtship of public opinion, how polls affected policy, how the president gained celebrity status, how Clinton's postmodern style of public presidency helped him survive the 1994 elections and impeachment, and how all of this might impact future presidents. This new text also demonstrates how the Clinton presidency changed party politics in the public and in Congress, with long-term implications and costs to both Republicans and his own Democratic party, while analyzing Clinton's effect on the 1990s culture wars, the politics and importance of gender, and the politics and policy of race. This text is a must.

for anyone who studies teaches or has an interest in the American presidency and politics

The Clinton Presidency D. Hill, P. Herrnson, 1999-01-20 The first Democratic president for twelve years William Jefferson Clinton entered the White House on a note of optimism pledged to give priority to economic policy and his domestic agenda of healthcare and welfare reforms President Clinton the Man from Hope faced what looked like a fresh opportunity to move ahead with legislation The years of gridlock whereby a president of one political party faced a Congress dominated by another were over This volume analyses in depth the processes and policies of the Clinton presidency It reveals the contradictions achievements reversals and triumphs of a complex and fascinating president and his administration

42 Michael Nelson, Barbara A. Perry, Russell L. Riley, 2016-07-14 This book uses hundreds of hours of newly opened interviews and other sources to illuminate the life and times of the nation's forty second president Bill Clinton Combining the authoritative perspective of these inside accounts with the analytic powers of some of America's most distinguished presidential scholars the essays assembled here offer a major advance in our collective understanding of the Clinton White House Included are path breaking chapters on the major domestic and foreign policy initiatives of the Clinton years as well as objective discussions of political success and failure

42 is the first book to make extensive use of previously closed interviews collected for the Clinton Presidential History Project conducted by the Presidential Oral History Program of the University of Virginia's Miller Center These interviews recorded by teams of scholars working under a veil of strict confidentiality explored officials' memories of their service with President Clinton and their careers prior to joining the administration Interviewees also offered political and leadership lessons they had gleaned as eyewitnesses to and shapers of history Their spoken recollections provide invaluable detail about the inner history of the presidency in an age when personal diaries and discursive letters are seldom written The authors producing this volume had first access to more than fifty of these cleared interviews including sessions with White House chiefs of staff Mack McLarty and Leon Panetta Secretaries of State Warren Christopher and Madeleine Albright National Security Advisors Anthony Lake and Sandy Berger and a host of political advisors who guided Clinton into the White House and helped keep him there This book thus provides a multidimensional portrait of Bill Clinton's administration drawing largely on the observations of those who knew it best

The Clinton Presidency Stanley Renshon, 2019-06-26 The Clinton presidency faced a basic set of public questions at the outset regarding its real intentions strategies and competence Would the administration be able to develop and implement policies that were constructive in intent fair in formulation and successful in result Would President Clinton be able to govern as successfully as he campaigned Would there be a productive fit between Clinton's leadership style and the needs of the public Additional questions arise about Clinton personally Many admire him others distrust him What realistic basis is there for either view This book explores these questions and develops an initial appraisal of the Clinton presidency The chapters herein are framed by theories of political leadership and psychology They draw on a diverse body of theories including psychological theories of character and personality cognitive

psychology and communication theory theories of presidential leadership and performance and theories of public psychology The goal is to examine the many facets of leadership and governing that constitute the modern presidency and to locate Bill Clinton s emerging presidency within that framework Bill Clinton is and likely will remain a controversial president One objective of this analysis is to provide a clearer more objective framework in which to evaluate both the man and his approach to political leadership and executive power and the consequences of his approach for public psychology and policy

The Postmodern Presidency Steven E. Schier,2000 Including the conflict in Kosovo the WTO meeting in Seattle and new developments in the 2000 presidential campaign The Postmodern Presidency is the most comprehensive and current assessment of Bill Clinton s presidency available in print **The Presidency and the Law** David Gray Adler,Michael A. Genovese,2002 Political scandals have always demonstrated the capacity of our executive officials for self inflicted injuries and the Clinton administration was no exception Unilateral warmaking claims of executive privilege and immunity and last minute pardons all tested the limits of presidential power while the excesses of the Special Prosecutor cast doubts on available remedies For eight years Republicans and Democrats engaged in guerrilla warfare aimed at destroying the careers and lives of their adversaries while tests of presidential power were resolved by the courts resulting in a reshaping of the scope and power of the presidency itself This book examines the many controversial and important battles that led to the shrinking of the presidency under the law during the Clinton administration Located at the intersection of law and politics it helps readers understand the dramatic changes that took place in the relationship of presidential power to the law during the Clinton years and shows how one president s actions and congressional and legal reactions to them have altered presidential prerogatives in ways that his successors cannot ignore The Presidency and the Law offers an assessment of changes in constitutional and legal understanding of the American presidency exploring such topics as war power executive privilege pardon power impeachment executive immunity independent counsel and campaign finance In examining these collisions between president and the law its distinguished contributors bring the lessons of Watergate and Iran Contra into the Clinton era and contribute to a Madisonian view that presidents should not operate outside statutory and constitutional constraints While the essays offer several criticisms of that administration s exercise of power and its interpretation of constitutional provisions and law many of the authors have been supportive of Clinton and his policy pursuits and all seek to examine the potential impact of the Clinton administration without being predictive or legalistic They offer instead commentary analysis and criticism that examine the legality and constitutionality of President Clinton s actions within a broader political and historical context The presidency is constitutionally weaker and politically more vulnerable than the office Bill Clinton assumed in 1993 and it remains to be seen what impact these changes will have on the presidency in the 21st century This book points the way to assessing that impact and is essential reading for anyone concerned with the future of our democracy

My Life: The Early Years Bill Clinton,2005-05-31 1 New York Times Bestseller President Bill Clinton s My Life is the

strikingly candid portrait of a global leader who decided early in life to devote his intellectual and political gifts and his extraordinary capacity for hard work to serving the public My Life The Early Years Volume I shows us the progress of a remarkable American who through his own enormous energies and efforts fueled by an impassioned interest in the political process made the unlikely journey from his birth in Hope Arkansas to his election as the 42nd President of the United States Also available My Life The Presidential Years Volume II The Clinton Wars Sidney Blumenthal, 2003-05-23 An invaluable history of an extraordinary presidency and the chronicle of a generation's political odyssey When in 1997 Bill Clinton appointed Sidney Blumenthal as a senior advisor the former writer was catapulted into the front lines of the Clinton wars From his first day in the White House until long after his appearance as the only presidential aide ever to testify in an impeachment trial Blumenthal acted in or witnessed nearly all the battles of the Clinton years This major book part history part memoir is the first inside account we have of the presidency of William Jefferson Clinton The Clinton Wars begins in 1987 when Blumenthal first met Bill and Hillary Clinton His chronicle of Clinton's first presidential campaign and first term draws on his experiences as confidant to both the President and the First Lady and is enriched with previously unpublished revelations about both This remarkable personal interpretation goes far in explaining the polarizing nature of Clinton's presence on the national scene The narrative of Clinton's second term is even more dramatic Blumenthal takes special note of the battle that was waged within the media between the President's detractors and defenders which he expands into a vivid picture of Washington society torn apart by warring factions But he does not neglect the wars fought on other fronts in Kosovo against Congress and for economic prosperity His remarkable book ends with the inside story of the fight to elect Al Gore in 2000 and extend the legacy of the Clinton Gore Administration Every page of this unrivaled authoritative book with its intimate insights into Clinton's personality and politics attests to Blumenthal's literary skill profound understanding of politics and unique perspective on crucial events of our recent past The Clinton Wars is a lasting contribution to American history
