The Clock Shop John Golden,1925 **The Clock Shop** Richard Ashland,2006-02 Rikker felt his gut tightening up After thirty years as an intelligence officer he always thought six steps ahead of everyone else He always knew what to expect and most of the time he was right He didn't like surprises and avoided them by being better than the other guy But this was different he'd been caught off guard and he had no idea of what to expect In the back of his head he could hear Mary's voice saying what if Charles what if Colonel Charles Rikker is too logical to believe that anything mysterious or dark has entered his life He's risked his life for countless covert operations and he has always known the risks involved But this journey is only a project a simple trip to find an antique grandfather clock His mind is as fit as his body but nothing could prepare Charles for the Emit Levart Clock Shop The entire world has heard and seen reports of the unexplained deaths of some of the world's most prominent scientists and engineers and also of America's favorite billionaire But Charles learns the horrifying truth only because it came to him in the clock shop He doesn't know why he has been chosen but he does know that if he tries to explain the peculiar circumstances no one will believe him anyway *The Clock Repair Business* Houston Clock Shop,195?

Death Angels and Love Songs (2nd Edition) Caleb Lail,2016-01-03 There s something wrong with this place Several seemingly unrelated stories all set in a western modern futuristic town in the middle of a frosty Summer unfold about an unassuming poet Judas Iscariot who lost his parents as a child and drinks milk alone in his apartment above the town s saloon One story is set in two frames

of time as Judas is feverishly attempting to solve violent murders in a suddenly booming Clock Shop another story involves a Wolf and a form of secret communication through a Wastebasket all in the form of one epic poem and yet ANOTHER story takes place on a gallant pirate spaceship crossing multiple dimensions of time and space However the one story that binds them all together is a mere love story that is stock full of dangers and impossibilities all to meet a single end that will tie up a saga of heartache and unrealistic injuries all taken by a slightly chunky and incredibly deadly poet **Terretsville I** Richard Ashland,2019-11-25 April 1983Charles Rikker a US Army intelligence officer is notified that he is the beneficiary to a multimillion dollar estate including a ten thousand square foot mansion in Stamford Connecticut After legal investigation and making certain the will is in fact legitimate there is a mystery behind the inheritance Charles Rikker s benefactors Hershel and Margaret Benson vanished eighteen years before he was born Twenty one years later Charles still has no idea of how or why he was the beneficiary to the grand estate and more mysteries come to light September 2004In the Clock Shop Charles Rikker is informed that the world is in trouble seven nuclear warheads are in route the first one will exterminate Jerusalem including the Gaza strip and as far north as Lebanon and Syria wiping out millions of lives in a matter of minutes The second and remaining warheads would cover the globe targeting Moscow Washington DC Brazil Mexico City Central China and Central Africa Within nine months three quarters of the earth s population would cease to exist as a result of either a direct attack or of radiation poisoning that covers the face of the earth within two years all life on earth will be extinguished Just as Pearl Harbor was a murderous attack that happened so unexpectedly it was too late to react or prevent so is the global annihilation that is already in action Charles s journey to Terretsville and the visit the Emit Levart Clock Shop was simply a shopping expedition to find an antique grandfather clock to grace the grand foyer of his inherited mansion Rikker didn t suspect that his journey from Connecticut to the ghost towns of Michigan s Upper Peninsula would change his life forever He should have been suspicious of his sudden obsession to make the cross country trek to Terretsville and he even knew something wasn t right but he was unable to fight it And it was in the Clock Shop that he learned of his real reason for being there Colonel Charles Rikker s life is about to change in ways he was not prepared for and he was always prepared Thirty years as an intelligence officer have honed Rikker s senses to a fine edge He s risked his life for countless covert operations and he s always known the risks involved but nothing could prepare him for the Clock Shop a place so far from reality His mission one that he can t refuse Rikker has only hours to stop global destruction but he can t go to his resources he can t call the Pentagon he will act alone he can t tell anyone what he is about to do How can he possibly accomplish this impossible mission how can one man stop global nuclear annihilation Was his windfall less than a good fortune **America's Scientific Treasures** Stephen M.
