The Comical As Textual Practice In Les Fleurs Du Mal

LL Leslie

The Comical As Textual Practice In Les Fleurs Du Mal:

The Comical as Textual Practice in Les Fleurs Du Mal John W. MacInnes, 1988 *The Comical as a Textual Practice in Les Fleurs Du Mal* John William MacInnes, 1983 **Baudelaire and Caricature: From the Comic to an Art of Modernity**, Baudelaire's essays on caricature offered the first sustained defense of the value of caricature as a serious art worthy of study in its own right. This book argues for the crucial importance of the essays for his conception of modernity so fundamental to the subsequent history of modernism. From the theory of the comic formulated in *De l'essence du rire* to his discussions of Daumier, Goya, Hogarth, Cruikshank, Bruegel, Grandville, Gavarni, Charlet, and many others, Baudelaire develops not only an aesthetic of caricature but also a caricatural aesthetic, dual and contradictory, grotesque, ironic, violent, farcical, fantastic, and fleeting that defines an art of modern life. In particular, Baudelaire's insistence on the dualism and ambiguity of laughter has radical implications for such emblems of modernity as the city and the flâneur who roams the streets. The modern city is the space of the comic, a kind of caricature presenting the flâneur with an image of dualism, one's position as subject and object implicated in the same urban experiences, one seems to control, the theory of the comic invests the idea of modernity with reciprocity, one's status as laughter and object of laughter, thus preventing the subjective construction and appropriation of the world that has so often been linked with the project of modernism. Comic art reflects what Walter Benjamin later defined as Baudelairean allegory, at once representing and revealing the alienation of modern experience. But Baudelaire also transforms the dualism of the comic into a peculiarly modern unity, the doubling of the comic artist enacted for the benefit of the audience, the self-generating and self-reflexive experience of the flâneur in a communion with the crowd. This study examines his views in the context of the history of comic theory and contemporary accounts of the individual artists. Complete with illustrations of the many works discussed, it illuminates the history and theory of caricature, the comic, and the grotesque and adds to our understanding of modernism in literature and the visual arts. **The Beauty of Baudelaire** Roger Pearson, 2021. A substantial study of the works of Charles Baudelaire, 1821-1867, that provides fresh and detailed readings of his poetry in verse and prose. **The Writing of Melancholy** Ross Chambers, 1993-06-15. Sees in the disjunction between the narrative function and the textual function of mid-19th century French literature a reflection of the general malaise that swept the country in the wake of the failed revolution of 1848. Considers the works of Flaubert, Nerval, Baudelaire, Gautier, and Hugo. First published in French in 1987. Annotation copyright by Book News Inc, Portland, OR. *Baudelaire's World* Rosemary H. Lloyd, 2018-09-05. Charles Baudelaire is often regarded as the founder of modernist poetry. Written with clarity and verve, Baudelaire's World provides English language readers with the biographical, historical, and cultural contexts that will lead to a fuller understanding and enjoyment of the great French poet's work. Rosemary Lloyd considers all of Baudelaire's writing, including his criticism, theory, and letters, as well as poetry. In doing so, she sets the poems themselves in a richer context in a landscape of real places populated with actual people. She shows how Baudelaire's poetry

was marked by the influence of the writers and artists who preceded him or were his contemporaries Lloyd builds an image of Baudelaire's world around major themes of his writing childhood women reading the city dreams art nature death Throughout she finds that his words and themes echo the historical and physical realities of life in mid nineteenth century Paris Lloyd also explores the possibilities and limitations of translation As an integral part of her treatment of the life poetry and letters of her subject she also reflects on published translations of Baudelaire's work and offers some of her own translations

William Blake's Comic Vision N. Rawlinson, 2002-11-05 Blake's comic brilliance has been variously dismissed as the nervous ramblings of a neglected genius the tomfool doodles of a distracted youngster or a crude tool for destabilizing textual authority But for the eighteenth century comedy played a pivotal role in debates on aesthetics education spirituality and morality This exciting new study blends a close reading of Blake's early work with fascinating historical research to demonstrate that the comic was an essential component of Blake's artistic Vision

Grotesque Figures Virginia E. Swain, 2020-03-03 Charles Baudelaire is usually read as a paradigmatically modern poet whose work ushered in a new era of French literature But the common emphasis on his use of new forms and styles overlooks the complex role of the past in his work In *Grotesque Figures* Virginia E Swain explores how the specter of the eighteenth century made itself felt in Baudelaire's modern poetry in the pervasive textual and figural presence of Jean Jacques Rousseau Not only do Rousseau's ideas inform Baudelaire's theory of the grotesque but Rousseau makes numerous appearances in Baudelaire's poetry as a caricature or type representing the hold of the Enlightenment and the French Revolution over Baudelaire and his contemporaries As a character in *Le Po me du hashisch* and the *Petits Po mes en prose* Rousseau gives the grotesque a human form Swain's literary cultural and historical analysis deepens our understanding of Baudelaire and of nineteenth century aesthetics by relating Baudelaire's poetic theory and practice to Enlightenment debates about allegory and the grotesque in the arts Offering a novel reading of Baudelaire's ambivalent engagement with the eighteenth century *Grotesque Figures* examines nineteenth century ideological debates over French identity Rousseau's political and artistic legacy the aesthetic and political significance of the rococo and the presence of the grotesque in the modern

Baudelaire's Prose Poems Sonya Stephens, 1999 Demonstrating the significance of ironic otherness for the theory and functioning of Baudelaire's prose poems and for the genre of the prose poem itself this book considers Baudelaire's choice of this genre and the way that he seeks to define it

Baudelaire's Argot Plastique Ainslie Armstrong McLees, 2010-03-01 Exploring the poet's fascination with the affective power of caricature Baudelaire's *Argot Plastique* charts the movement in Baudelaire's poetry toward a language of visual distortion McLees demonstrates that caricature graphically and culturally a vehicle of sharp wit and social commentary became in Baudelaire's works a poetic expression of the human condition itself Using its capacity for deflating commentary to subvert the poetic conventions of his age transferring its range of subjects into a poetry that celebrated the underclass Baudelaire ultimately focused the lens of poetic caricature on the relation of subject artist and viewer Richly

illustrated with lithographs etchings and drawings by Goya Daumier Grandville Gavarni and other caricaturists Baudelaire's
Argot Plastique reveals the importance of caricature as a model for Baudelaire's poetry

The Comical As Textual Practice In Les Fleurs Du Mal Book Review: Unveiling the Power of Words
