Social Critique And Commitment:

Immanent Critique Titus Stahl, 2021-11-11 When we criticize social institutions and practices what kinds of reasons can we offer for such criticism Political philosophers often assume that we must rely on universal moral principles that are not necessarily connected to the particular social practices of our communities Traditionally continental critical theory has rejected this claim through its endorsement of the method of immanent critique Immanent critique is a critique of social practices that draws on norms already present within these practices to demand social change rather than merely conservatively reproducing them Titus Stahl defends the claim that such a critique is not only possible but also has politically powerful potential Taking up recent developments in analytic enquiry into collective intentionality theory and in the philosophy of language he argues that all social practices rest on structures of mutual recognition between persons that allow social theorists to reconstruct hidden norms present within these practices Starting from a comprehensive critique of contemporary critical theory Immanent Critique also spells out the consequences of this line of thought for the practice of social critique for the social sciences and for political philosophy The translation of this work was funded by Geisteswissenschaften International Translation Funding for Humanities and Social Sciences from Germany a joint initiative of the Fritz Thyssen Foundation the German Federal Foreign Office the collecting society VG WORT and the B rsenverein des Deutschen Buchhandels German Publisher Booksellers Association *Contemporary Security Studies* Alan Collins, 2025

Farley,2013 Revised edition of a classic text long out of print a moral analysis of making keeping and breaking personal commitments In this groundbreaking book Dr Farley explores how commitments rooted in the story of God s love are acts of free choice and love that yield a claim Farley s reflections are also rooted in the concrete experiences of people who strive to be faithful to what they have claimed to love My concern is to name something that I think is after all common to all of our lives an experience a reality perhaps a problem a challenge something that is sometimes a source of joy sometimes a cause of tragedy In eight short chapters Farley explores the nature and meaning of commitment as it is played out in our lives addressing love fidelity a sense of obligation and covenant She also reflects on whether each commitment must be kept and what we should do if despite our best efforts our commitments break down A brilliant study in the literal sense that it brings needed light and clarity to a great deal of our everyday experience of sorting out changing reaffirming attempting to prioritize and wrestling with the constantly varying demands of our many freely chosen commitments Anne E Patrick of the original edition Of the original edition Paul Wadell wrote *Personal Commitments* is a superb book that cannot be recommended too highly Though richly research and tightly argued its style and method make it accessible to anyone wishing to explore the commitments we make and the wholeness we seek when we make them Another reviewer wrote *Personal Commitments* is far more than a book on the ethics of commitment and obligation rather it is a searching account of love in both the personal and social relationships that form human life

Committed to Disillusion David DiMeo,2016-08-12 Can a writer help to bring about a more just society This question was at the heart of the movement of al adab al multazim or committed literature which claimed to dominate Arab writing in the mid twentieth century By the 1960s however leading Egyptian writers had retreated into disillusionment producing agonized works that challenged the key assumptions of socially engaged writing Rather than a rejection of the idea however these works offered reinterpretation of committed writing that helped set the stage for activist writers of the present David DiMeo focuses on the work of three leading writers whose socially committed fiction was adapted to the disenchantment and discontent of the late twentieth century Naguib Mahfouz Yusuf Idris and Sonallah Ibrahim Despite their disappointments with the direction of Egyptian society in the decades following the 1952 revolution they kept the spirit of committed literature alive through a deeply introspective examination of the relationship between the

writer the public and political power Reaching back to the roots of this literary movement DiMeo examines the development of committed literature from its European antecedents to its peak of influence in the 1950s and contrasts the committed works with those of disillusionment that followed Committed to Disillusion is vital reading for scholars and students of Arabic literature and the modern history and politics of the Middle East

The Return of Feminist Liberalism Ruth Abbey, 2014-10-14 While it is uncontroversial to point to the liberal roots of feminism a major issue in English language feminist political thought over the last few decades has been whether feminism's association with liberalism should be relegated to the past Can liberalism continue to serve feminist purposes This book examines the positions of three contemporary feminists Martha Nussbaum Susan Moller Okin and Jean Hampton who notwithstanding decades of feminist critique are unwilling to give up on liberalism This book examines why and in what ways each of these theorists believes that liberalism offers the normative and political resources for the improvement of women's situations It also brings out and tries to explain and evaluate the differences among them notwithstanding their shared allegiance to liberalism In so doing the book goes to the heart of recent debates in feminist and political theory

MacKenzie,2002-03-20 Ideology is a hotly disputed term in social and political theory It continues to generate intellectual dispute more than 200 years after its birth in the fervour of the French Revolution Most recently post structuralists such as Foucault and Deleuze launched a strident critique claiming that there is no such thing as ideology creating a theoretical

environment which polarises critical opinion either for or against ideology Ideology after Poststructuralism aims to end this culture of antagonism by bringing together leading scholars in the field to establish a dialogue between post structuralism and ideology critique For the post structuralists there is a need to generate a sensitive account of ideology so as to bolster their claim that they have a significant contribution to make to social and political criticism For the ideology theorists there is a need to engage with the post structuralist critique of ideology without taking the assumptions that post structuralists have so thoroughly criticised The essays in this book show how the intellectual posturing of recent decades has closed off debate to the detriment of both post structuralism and ideology critique *The Routledge Dictionary of Twentieth-Century Political Thinkers* Robert Benewick, Philip Green, 2002-09-11 This edition has been revised and extended to include eleven new entries on Berlin Chomsky Derrida Rorty and many others Comprising 169 entries it also includes non Western political thinkers
