

# SOCIAL MOVEMENTS

A social movement is any movement that uses the collective effort of a group of people to achieve a common political/social goal.

## OVERVIEW

Scott (2014), in *A Dictionary of Sociology*, defines a social movement as "An organized effort by a significant number of people to change (or resist change in) some major aspect or aspects of society." The term was originally applied to political forces opposing the status quo, but now the term is mostly used for organizations outside the mainstream political system.

## EXAMPLE

The civil rights movement (1945-1968) aimed to abolish racial discrimination in the United States. After the American Civil War, the Reconstruction Amendments granted constitutional rights to all African Americans. However, they still faced discrimination (due to Jim Crow laws) and violence. Over the next century, African Americans fought for legal and civil rights.
