**A Philosophical Look at Social Justice in Saint Augustine's City of God** Maria Alejandra Madi, 2022-01-18 This book promotes a social justice approach that emphasizes social relations human desires and lifestyles demonstrating that Saint Augustine's thinking is still relevant today when reflecting on ethical choices that allow the permanence of social bonds It also investigates the conceptual underpinnings of social justice in modern and contemporary political philosophy drawing on ideas from Machiavelli Arendt Polanyi and Foucault as well as Western Marxist and Postmodern perspectives to emphasize the significance of Augustine's ethics The complexity of 21st century social and economic problems necessitates a thorough reworking of conceptual political philosophy outlooks in a context of unprecedented political and environmental concerns This book will result in significant progress toward a

Thakur,1996-10-04 This book is a philosophical examination of the relationship between religion and social justice Its main thesis is that since the primary purpose of religion is the moral and spiritual transformation of human nature it ought not to be construed as a direct instrument of social justice on earth as it is by Liberation theologians for example as well as by many liberal Christians and Jews Indirectly however religion may well be a pre condition of social justice For it can be argued that without the counteracting effects of the moral and spiritual values prescribed by religion the liberal vision of individual rights and social justice may be self defeating Humanity is best served if this liberal vision is counterbalanced by the completely contrary utopia enshrined in the biblical idea of the kingdom of God and its equivalents in the other great religions of the world **The New Criminal Justice Thinking** Sharon Dolovich,Alexandra

Natapoff,2018-11-06 A vital collection for reforming criminal justice After five decades of punitive expansion the entire U S criminal justice system mass incarceration the War on Drugs police practices the treatment of juveniles and the mentally ill glaring racial disparity the death penalty and more faces challenging questions What exactly is criminal justice How much of it is a system of law and how much is a collection of situational social practices What roles do the Constitution and the Supreme Court play How do race and gender shape outcomes How does change happen and what changes or adaptations should be pursued The New Criminal Justice Thinking addresses the challenges of this historic moment by asking essential theoretical and practical questions about how the criminal system operates In this thorough and thoughtful volume scholars from across the disciplines of legal theory sociology criminology Critical Race Theory and organizational theory offer crucial insights into how the criminal system works in both theory and practice By engaging both classic issues and new understandings this volume offers a comprehensive framework for thinking about the modern justice system For those interested in criminal law and justice The New Criminal Justice Thinking offers a profound discussion of the complexities of our deeply flawed criminal justice system complexities that neither legal theory nor social science can answer alone **The Holy See, Social Justice, and International Trade Law** Rev.
